

The Picaresque Novel in Western Literature

From the Sixteenth Century to the Neopicaresque

Edited by J. A. Garrido Ardila

The Picaresque Element In Western Literature

Gordana Yovanovich

The Picaresque Element In Western Literature:

The Picaresque Element in Western Literature Frederick Montaser, 1975 The Picaresque Novel in Western Literature J. A. Garrido Ardila, 2015-05-19 Since the sixteenth century Western literature has produced picaresque novels penned by authors across Europe from Alem n Cervantes Lesage and Defoe to Cela and Mann Contemporary authors of neopicaresque are renewing this traditional form to express twenty first century concerns Notwithstanding its major contribution to literary history as one of the founding forms of the modern novel the picaresque remains a controversial literary category and its definition is still much contested The Picaresque Novel in Western Literature examines the development of the picaresque chronologically and geographically from its origins in sixteenth century Spain to the neopicaresque in Europe and the United States The Picaresque Novel in Western Literature J. A. G. Ardila, 2015-05-19 Explores picaresque fiction across ages and cultures providing a revealing and fresh examination of this literary genre **A Companion to the Spanish Picaresque Novel** Edward H. Friedman, 2022 Written by an international group of scholars this edited collection provides an overview of the Spanish picaresque from its origins in tales of lowborn adventurers to its importance for the modern novel along with consideration of the debates that the picaresque has inspired The term picaresque describes a specific set of early modern Spanish narratives relating the life story of a lowborn adventurer in a realist ironic and often humorous manner The protagonist the picaro or p cara rascal seeks upward mobility in a resolutely hierarchical society determined to prevent his or her ascent and both are rich targets of satire Spanish p caros inspired Anglo French rogues including Gil Blas and Tom Jones and paved the way for the modern novel Written by an international group of scholars this edited collection provides an overview of the Spanish picaresque novel from its origins to the present day along with a treatment of the debates that the picaresque has inspired After introductory chapters on the picaresque genre and the origin of the phenomenon the book analyses canonical texts and their role in the picaresque spectrum Further chapters then turn to critical approaches to the genre and manifestations of the picaresque in Hispanic America France England and modern Spain Overall the book affords readers a broad sense of the range of this rich tradition and an in depth view of the field and its major texts *Play and the Picaresque* Gordana Yovanovich, 1999-01-01 Analyses three important Latin American novels in an attempt to redefine the nature of the picaresque especially in regard to the roles of spontaneous play and carnivalesque laughter *A Reference Guide for English Studies* Michael J. Marcuse, 2023-11-15 *The Rogue Narrative and Irish Fiction, 1660-1790* Joe Lines, 2021-09-20 With characteristic lawlessness and connection to the common man the figure of the rogue commanded the world of Irish fiction from 1660 to 1790 During this period of development for the Irish novel this archetypal figure appears over and over again Early Irish fiction combined the picaresque genre focusing on a cunning witty trickster or p caro with the escapades of real and notorious criminals On the one hand such rogue tales exemplified the English stereotypes of an unruly Ireland but on the other they also personified Irish patriotism Existing between the dual publishing spheres of London and

Dublin the rogue narrative explored the complexities of Anglo Irish relations In this volume Lines investigates why writers during the long eighteenth century so often turned to the rogue narrative to discuss Ireland Alongside recognized works of Irish fiction such as those by William Chaigneau Richard Head and Charles Johnston Lines presents lesser known and even anonymous popular texts With consideration for themes of conflict migration religion and gender Lines offers up a compelling connection between the rogues themselves marked by persistence and adaptability and the ever popular rogue narrative in this early period of Irish writing The Cruft of Fiction David Letzler,2017-06 A 2017 Choice Outstanding Academic Title What is the strange appeal of big books The mega novel a genre of erudite tomes with encyclopedic scope has attracted wildly varied responses from fanatical devotion to trenchant criticism Looking at intimidating mega novel masterpieces from *The Making of Americans* to 2666 David Letzler explores reader responses to all the seemingly random irrelevant pointless and derailing elements that comprise these mega novels elements that he labels cruft after the computer science term for junk code In *The Cruft of Fiction* Letzler suggests that these books are useful tools to help us understand the relationship between reading and attention While mega novel text is often intricately meaningful or experimental sometimes it is just excessive and pointless On the other hand mega novels also contain text that though appearing to be cruft turns out to be quite important Letzler posits that this cruft requires readers to develop a sophisticated method of attentional modulation allowing one to subtly distinguish between text requiring focused attention and text that must be skimmed or even skipped to avoid processing failures *The Cruft of Fiction* shows how the attentional maturation prompted by reading mega novels can help manage the information overload that increasingly characterizes contemporary life **Travel Writing and the Empire** Sachidananda Mohanty,2003 Travel has been a mode of assessment of territory of knowledge gathering and of putting a discursive system into place This volume edited and introduced by Sachidananda Mohanty brings to you the range of hidden discourses that constituted and explored the issues central to the political and literary representation of Indian reality and the politics behind it *The Heroic Ideal* M. Gregory Kendrick,2014-01-10 The word hero seems in its present usage an all purpose moniker applied to everyone from Medal of Honor recipients to celebrities to comic book characters This book explores the Western idea of the hero from its initial use in ancient Greece where it identified demigods or aristocratic mortal warriors through today Sections examine the concept of the hero as presented in the ancient medieval and modern worlds Special attention is paid to particular heroic types such as warriors martyrs athletes knights saints scientists rebels secret servicemen and even anti heroes This book also reconstructs how definitions of heroism have been inextricably linked to shifts in Western thinking about religion social relations political authority and ethical conduct
