The Pillow Of Sei Shonagon Vol

Hilda L. Smith, Berenice A. Carroll

The Pillow Of Sei Shonagon Vol :

The Pillow Book of Sei Shōnagon Ivan Morris, 1967 **Traditional Japanese Arts and Culture** Stephen Addiss, Gerald Groemer, J. Thomas Rimer, 2006-01-31 This admirable and necessary volume allows the original writers to speak to us directly. Though all this is carefully documented, we are at the same time spared any layers of scholarly interpretation. Rather, the richness of the original reaches us complete. Donald Richie, Japan Times, May 14, 2006. Japanese artists, musicians, actors, and authors have written much over the centuries about the creation, meaning, and appreciation of various arts. Most of these works, however, are scattered among countless hard-to-find sources or make only a fleeting appearance in books devoted to other subjects. Compiled in this volume is a wealth of original material on Japanese arts and culture from the prehistoric era to the Meiji Restoration, 1867. These carefully selected sources, including many translated here for the first time, are placed in their historical context and outfitted with brief commentaries allowing the reader to make connections to larger concepts and values found in Japanese culture. The book is a treasure trove of material on the visual and literary arts, but it contains as well primary texts on topics not easily classified in Western categories, such as the martial and culinary arts, the art of tea, and flower arranging. More than 60 color and black and white illustrations enrich the collection and provide further insights into Japanese artistic and cultural values.

The Pillow-book of Sei Shōnagon Sei Shōnagon, 1299 **The Tale of Genji** John T. Carpenter, Melissa McCormick, Monika Bincsik, Kyoko Kinoshita, Sano Midori, 2019-03-04 With its vivid descriptions of courtly society, gardens, and architecture in early eleventh-century Japan, *The Tale of Genji* is recognized as the world's first novel. It has captivated audiences around the globe and inspired artistic traditions for one thousand years. Its female author, Murasaki Shikibu, was a diarist, a renowned poet, and as a tutor to the young empress, the ultimate palace insider. Her monumental work of fiction offers entry into an elaborate, mysterious world of court romance, political intrigue, elite customs, and religious life. This handsomely designed and illustrated book explores the outstanding art associated with *Genji* through in-depth essays and discussions of more than one hundred works. *The Tale of Genji* has influenced all forms of Japanese artistic expression, from intimately scaled albums to boldly designed hanging scrolls and screen paintings, lacquer boxes, incense burners, games, palanquins for transporting young brides to their new homes, and even contemporary manga. The authors, both art historians and *Genji* scholars, discuss the tale's transmission and reception over the centuries, illuminate its place within the history of Japanese literature, and calligraphy highlights its key episodes and characters. It explores its wide-ranging influence on Japanese culture, design, and aesthetics into the modern era.

Sources of Crossroads and Cultures, Volume I: To 1450 Bonnie G. Smith, Marc Van De Mieroop, Richard von Glahn, 2012-01-30 Two-volume primary source reader for use in conjunction with *Crossroads and Cultures*. Bonnie G. Smith et al. [Classical World Literatures](#) Wiebke Denecke, 2014 Ever since Karl Jaspers's axial age paradigm, there have been a number of influential studies comparing ancient East Asian and Greco-Roman history and

culture However to date there has been no comparative study involving multiple literary traditions in these cultural spheres This book compares the dynamics between the younger literary cultures of Japan and Rome and the literatures of their venerable predecessors China and Greece How were writers of the younger cultures of Rome and Japan affected by the presence of an older reference culture whose sophistication they admired even as they anxiously strove to assert their own distinctive identity How did they tackle the challenge of adopting the reference culture s literary genres rhetorical refinement and conceptual vocabulary for writing texts in different languages and within distinct political and cultural contexts Classical World Literatures captures the striking similarities between the ways early Japanese authors wrote their own literature through and against the literary precedents of China and the ways Latin writers engaged and contested Greek precedents But it also brings to light suggestive divergences that are rooted in geopolitical linguistic sociohistorical and aesthetic differences between early Japanese and Roman literary cultures Proposing a methodology of deep comparison for the cross cultural comparison of premodern literary cultures and calling for an expansion of world literature debates into the ancient and medieval worlds Classical World Literatures is both a theoretical intervention and an invitation to read and re read four major literary traditions in an innovative and illuminating light

Irresistible Joshua Paul Dale, 2023-10-26 Why are some things cute and others not What happens to our brains when we see something cute And how did cuteness go global from Hello Kitty to Disney characters Cuteness is an area where culture and biology get tangled up Seeing a cute animal triggers some of the most powerful psychological instincts we have the ones that elicit our care and protection but there is a deeper story behind the broad appeal of Japanese cats and saccharine greetings cards Joshua Paul Dale a pioneer in the burgeoning field of cuteness studies explains how the cute aesthetic spread around the globe from pop brands to Lolita fashion kids cartoons and the unstoppable rise of Hello Kitty Irresistible delves into the surprisingly ancient origins of Japan s kawaii culture and uncovers the cross cultural pollination of the globalised world If adorable things really do rewire our brains it can help answer some of the biggest questions we have about our evolutionary history and the mysterious origins of animal domestication This is the fascinating cultural history of cuteness and a revealing look at how our most powerful psychological impulses have remade global style and culture

Women's Political and Social Thought Hilda L. Smith, Berenice A. Carroll, 2000 a wide array of time periods cultures and formats Library Journal The first collection of source readings of women s important writings in political and social theory from ancient times to the twentieth century From Sappho of Lesbos to Mary Wollstonecraft and from Jane Addams to Simone Weil these works fill a major gap in materials available for teaching the history of political thought and opens paths for exploring the rich and diverse contributions of women as creators of theory

The Fracture of Meaning David Pollack, 2017-03-14 From the beginning of its recorded history until the opening to the West in the last century Japan was caught between a love for and a rejection of Chinese civilization David Pollack argues that the dialectical relationship between the two countries figured more

importantly in the Japanese sense of identity and signification than any particular borrowed Chinese cultural materials Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Catalpa Bow** Carmen Blacker, 2004-08-02 This classic work describes shamanic figures surviving in Japan today their initiatory dreams ascetic practices the supernatural beings with whom they communicate and the geography of the other world in myth and legend

The Enigmatic Realm of **The Pillow Of Sei Shonagon Vol** : Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **The Pillow Of Sei Shonagon Vol** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
