The Pink Swastika:

The Pink Swastika Scott Eric Lively, Kevin Abrams, 1997 Seeds of Deception Georgiana Preskar, 2004-06-14 Is the foundation of America sinking into a humanist philosophy Are American values and mores struggling for survival Are the voices of authority and discipline disappearing into an abyss of political correctness Is compromise the mission statement of our schools families churches and communities Do you still ask yourself How did Hitler win the minds of the people Mind Control is a living rapidly expanding force in our world today Nazi Germany had their Hitler Youth the Middle East has their Madrasas and America has its SEED Program SEED is uncompromising in reaching grasping and catching all who enter its domain It is quiet and secretive giving love and acceptance to those who give up traditional values and morals The journey of one woman asking why discovers mind control of our American youth Only worse its mind control that begins with parents teachers businesses church leaders and the communities in which we live Read compelling evidence of slow methodical ways our Country is manipulated into transformation by SEED programs behind closed doors Learn the truth behind Seeds of Deceptions manipulative agents causing destruction of our most prized possessions our children and grandchildren **Sin, Sex, and Democracy** Cynthia Burack, 2008-04-17 While the Christian Right has spearheaded a variety of antigay projects over the past fifteen years including interventions in public schools antigay rights initiatives and support for a constitutional amendment banning same sex marriage observers of the institutionalized Christian Right have also noted a softening of antigay public rhetoric Sin Sex and Democracy analyzes these two ostensibly conflicting phenomena Examining Christian witnessing tracts the ex gay movement and recent linkages between gays and terrorists Cynthia Burack argues that as the Christian Right has become a more sophisticated interest group leaders have become adept at tailoring different messages for mainstream audiences and for the internal pedagogical processes of Christian conservatives Understanding the rhetoric and the theological convictions that lie behind them Burack claims is essential to better understand how American politics work and how to effectively respond to exclusionary forms of political thought and practice The Advocate , 1996-04-02 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Conjugal America** Allan C. Carlson, 2017-09-04 The institution of marriage has become perilously weak in America Changes in the law over the past three decades such as the spread of no fault divorce and broad acquiescence to cultures of divorce and intentional childlessness have stripped traditional marriage of important legal supports Half of all marriages end in divorce and just as many are childless Conjugal America seeks to recapture the real purposes of marriage and the unchanging nature of this most vital and fundamental human institution Confronting contemporary issues and drawing heavily on the natural and social sciences each chapter also reaches into the past to find truths grounded in human experience Carlson reexamines the basic bond of marriage to procreation showing that this tie has been no less than the foundation of the unwritten sexual constitution of Western civilization He also shows

how the Gnostic heresy which despises procreation posed a stark danger to the early Christian movement and to the sexual constitution of our own time as well He then dissects claims regarding the evolution of marriage showing that true marriage always represents the vital connection of the sexual with the economic Carlson explores the political nature of marriage showing why every ambitious totalitarian government seeks above all to destroy marriage and why the true marital bond actually stands for liberty He concludes by arguing for the necessity of marriage policy Because both the nature of the centralizing state and the pressures of modernity have altered family circumstances new protections and encouragements to marriage are now imperative Conjugal America will be central to the new debate on marriage and its purposes This book sees the current moment as an opportunity to revitalize a necessary institution that has recently been abused and neglected and reinstate it as the primary source of commitment and care in the modern world **A Not So Foreign Affair** Andrea Slane,2001 An examination of how the aesthetics of Nazi Germany have been deployed to help define the place of sexuality in U S political and popular culture *The Holocaust* David M. Crowe,2018-05-04 This book details the history of the Jews their two millennia old struggle with a larger Christian world and the historical anti-Semitism that created the environment that helped pave the way for the Holocaust It helps students develop the interpretative skills in the fields of history and law
