

The Plateauproof Diet

George M. Ekema

The Plateauproof Diet:

The Plateau-Proof Diet George Ekema,2005-07 Ekema claims that the Plateau Proof Diet is the only weight loss plan where dieters do not reach a plateau and can continue to lose weight The Plateau-Proof Diet for Diabetes George Ekema,2005-08 Obesity is the leading cause of diabetes mellitus type II Commonly referred to as adult onset diabetes there is an alarming increase in the incidence of diabetes mellitus among overweight and obese adolescents Diabetes mellitus due to obesity is likely to be a major public health crisis in just a few years It is more difficult for obese and overweight individuals with diabetes to lose weight compared to obese and overweight individuals without diabetes The great news however is that diabetes mellitus can be reversed with a relatively modest weight loss This book addresses weight loss for individuals who have diabetes mellitus The plateau proof diet is modified to compensate for the deficiencies in macro nutrient metabolism and the CP and FP indices are adjusted to facilitate rapid weight loss **The Plateau-Proof Diet for Hypertension** George M. Ekema,2005-10-01 Hypertension means high blood pressure A person is considered to have hypertension if systolic blood pressure is consistently over 140 mmHg and or diastolic blood pressure is consistently over 90 mmHg A person is considered to have pre hypertension if systolic blood pressure is consistently between 120 mmHg and 139 mmHg and or diastolic blood pressure is consistently between 80 mmHg and 89 mmHg Hypertension that has no identifiable cause is called idiopathic hypertension or essential hypertension Secondary hypertension refers to hypertension that is caused by another condition Some of the causes of secondary hypertension include adrenal gland tumors Cushing s syndrome kidney disease hemolytic uremic syndrome Henoch Schonlein purpura periarteritis nodosa radiation enteritis retroperitoneal fibrosis and Wilm s tumor Idiopathic hypertension accounts for the absolute majority of the cases of hypertension The Plateau proof Diet for Hypertension is designed for weight loss in idiopathic hypertension only and is not recommended for secondary hypertension Patients should consult with their primary health care provider before starting this diet or any other weight loss diet While on this diet patients are advised to restrict their sodium intake from salt MSG baking soda etc to less than 1 5 grams per day equivalent to half a teaspoon of table salt Sodium intake can be significantly reduced by avoiding packaged foods and restaurant foods **Neris and India's Idiot-Proof Diet** Neris Thomas,India Knight,2008-12-14 Ever hankered for a diet book by and for real people people who you know actually have a life Congratulations you ve just picked it up Before we began our diet Neris and I weighted 434 pounds between us Our goal was to lose 140 pounds between us in under a year to go from a size 22 to a size 14 And we did it If two unusually greedy cocktail loving moms can lose this amount of weight without much effort so can anyone This book tells you how two friends did it and how you can do it too It s not a diet devised by some bossy string bean who has never been more than 7 pounds overweight nor by a fat middle aged doctor but a real long term workable diet for real people A modified and therefore bearable low carb high protein way of eating the diet really works and includes meal plans recipes advice on clothes make up and hair at every

stage from fat to thin It doesn't include impossible exercise routines or disgusting things to eat Above all it gets to the bottom of why we overeat and shows you how to stop There's never been a diet book like it for women by women with jokes and useful tips and advice that is truly simple to follow What other diet book tells you to pour yourself a large drink at the end of the day because you've earned it You'll laugh out loud Reading this book is like talking to a clued up friend who also makes you feel great about yourself amazingly frank the honesty of their confessions exceed anything previously published The Evening Standard
