Hope's in Vain: New Edition Remy L. Overkempe,2018-04-17 You can look at this annotated poetry collection as meta fiction that aims to present a writer s struggles experiments and successes with poetry It is the good the bad and the incredibly awful presented to the reader without a single form of censorship All of the poems have been left in their raw natural form Every poem the author wrote between 2008 and 2012 has been published in this book regardless of whether or not it was finished or holds itself together grammatically All though maybe it is just that the author thought it would be a waste to not publish them Imagine all the pointless hours and the vain effort if they had stayed buried in a random Dropbox folder somewhere How rude that would have been Hope's in Vain Remy L. Overkempe,2015-05-30 This annotated poetry collection is more than just poetry it s a way of metafictionally telling a story about a writer s struggles and experiments with poetry It is the good the bad and the incredibly awful presented to the reader without a single form of censorship through selection Without leaving out a single poem everything he has written between 2008 and 2012 has been made public in this collection Regardless of whether or not the poem was finished is any good makes any sense a lot of them don t or holds itself together grammatically Or this is just the publication of poems he had written anyway and thought it would be a waste not to publish them Imagine all the pointless hours and the vain effort if they had remained locked up in a digital dungeon somewhere
