

DANTE ALIGHIERI

From the Last Canto of Paradiso

XXXIII. 46-48, 52-66

As I drew nearer to the end of all desire,
I brought my longing's ardor to a final height,
Just as I ought. My vision, becoming pure,

Entered more and more the beam of that high light
That shines on its own truth. From then, my seeing
Became too large for speech, which fails at a sight

Beyond all boundaries, at memory's undoing —
As when the dreamer sees and after the dream
The passion endures, imprinted on his being

Though he can't recall the rest. I am the same:
Inside my heart, although my vision is almost
Entirely faded, droplets of its sweetness come

The way the sun dissolves the snow's crust —
The way, in the wind that stirred the light leaves,
The oracle that the Sibyl wrote was lost.

Translated from the Italian by Robert Pinsky

The New Life Dante Alighieri,2021-02-16 The New Life 1294 is a work of verse and prose by Italian poet Dante Alighieri Composed in the prosimetrum style The New Life explores the popular medieval theme of courtly love Made up of alternating commentaries

sonnets and canzoni the work is an essential expression of Dante's poetic gift and a foundational work for the dolce stil novo literary movement to which Dante was a central figure. Written in the Tuscan vernacular, the poem was influential in establishing a standardized Italian language. Compiled and published following the death of Beatrice Portinari, whom Dante loved from the age of nine when he saw her on the streets of Florence, *The New Life* translates his personal grief into a moving and universally recognizable work on the nature of love. Dante, who believed that romantic love could lead to a development of the soul, subsequently bringing one to the love of God, a concept central to *The Divine Comedy*, divided his work into prose commentaries and poems in verse, a popular style known as prosimetrum. Despite this debt to tradition, however, Dante wrote *The New Life* in the Tuscan vernacular as opposed to Latin, making his work more accessible to readers. Autobiographical in nature, *The New Life* portrays Dante coming to terms with his grief, praising the deceased Beatrice and turning friends and acquaintances into figures populating his poems. From sorrow to salvation, Dante finds the light of God through the darkness of death, testifying to the transformative power of love while proving beyond any doubt the power of a transformative poetry. With a beautifully designed cover and professionally typeset manuscript, this edition of Dante Alighieri's *The New Life* is a classic of Italian literature reimagined for modern readers.
