The Poets Story:

The Poem in the Story Harold Scheub, 2002-12-05 Fact and fiction meet at the boundaries the betwixt and between where transformations occur This is the area of ambiguity where fiction and fact become endowed with meaning and this is the area where ambiguity irony and metaphor join forces that Harold Scheub exposes in all its nuanced and evocative complexity in *The Poem in the Story* In a career devoted to exploring the art of the African storyteller Scheub has conducted some of the most interesting and provocative investigations into nonverbal aspects of storytelling the complex relationship between artist and audience and most dramatically the role played by poetry in storytelling This book is his most daring effort yet an unconventional work that searches out what makes a story artistically engaging and emotionally evocative the metaphorical center that Scheub calls the poem in the story Drawing on extensive fieldwork in southern Africa and decades of experience as a researcher and teacher Scheub develops an original approach a blend of field notes diary entries photographs and texts of stories and poems that guides readers into a new way of viewing even experiencing meaning in a story Though this work is largely focused on African storytelling its universal applications emerge when Scheub brings the work of storytellers as different as Shakespeare and Faulkner into the discussion *The Poet's Story* Howard Moss, 1973 A unique anthology of short prose fiction by distinguished poets of our time *The Poets and Poetry of Texas* Sam Houston Dixon, 1885 **Lives of the Poets. The Story of One Thousand Years of English and American Poetry** Louis Untermeyer, 1959 **A Complete Edition of the Poets of Great Britain**, 1795 **Lives of the Poets** Michael Schmidt, 2010-04-14 National Book Critics Circle Award Finalist In this stunning volume of epic breadth Michael Schmidt connects the lives and works of more than 300 poets over the last 700 years spanning distant shores from Scotland to Australia to the Caribbean all sharing the English language Schmidt reveals how each poet has transformed a common language of poetry into the rustic rhythms and elegiac ballads love sonnets and experimental postmodern verse that make up our lyrical canon A comprehensive guided tour that is lively and always accessible *Lives of the Poets* illuminates our most transcendent literary tradition *The Poetry of History* Emery Edward Neff, 1947 **Children's Stories from the Poets - Illustrated by Frank Adams** M. Dorothy Belgrave, 2013-04-16 This wonderful book contains fifteen stories that have been adapted from poems by some of the greats of that past 700 years It includes poems such as *The Chase of the Blatant* by Edmund Spenser *Comus* by John Milton *Peter Bell* by William Wordsworth *Lamia* by John Keats and *Goblin Market* by Christina Rossetti These classic poems have been re-written in story form by Hilda Hart and M Dorothy Belgrave so that young children may readily understand and enjoy them as new Originally published in 1912 these Children's Stories from the Poets are accompanied by the intricate and beautifully coloured illustrations of Frank Adams a lesser known though immensely skilled Golden Age illustrator Adams 1871-1944 established himself as a children's illustrator in the early 1900s with the crisp and clean images he later became famous for Presented alongside these tales his illustrations further refine

and enhance this masterful storytelling Pook Press celebrates the great Golden Age of Illustration in children s classics and fairy tales a period of unparalleled excellence in book illustration We publish rare and vintage Golden Age illustrated books in high quality colour editions so that the masterful artwork and story telling can continue to delight both young and old

Clio and the Poets David Levene,Nelis,2017-09-11 The Augustan age was one in which writers were constantly reworking the Roman past and which was marked by a profound engagement of poets with the historians and historical techniques which were the main vehicle for the transmission of the image of the past to their day In this book seventeen leading scholars from Europe and America examine the fascinating interaction between such apparently diverse genres how the Augustan poets drew on or reacted against the historians presentation of the world and how conversely historians picked up and transformed poetic themes for their own ends With essays on poems from Horace s Odes to Ovid s Metamorphoses on authors from Virgil to Valerius Maximus it forms the most important topic so central to such a particularly relevant period of literary history
