The Political Philosophy of President Kaunda of Zambia M. A. Ranganathan, 1985 **The Political Philosophy of President Kenneth D. Kaunda of Zambia** M. A. Ranganathan, 1986 African Political Thought Guy Martin, 2012-12-05

For most of its history the African continent has witnessed momentous political change remarkable philosophical innovation and the complex cross fertilization of ideologies and belief systems This definitive study surveys the concepts values and historical upheavals that have shaped African political systems from the ancient period to the postcolonial era and beyond Beginning with the emergence of indigenous political institutions it traces the most important developments in African history including the Africanization of Islam liberal democratic movements socialism Pan Africanism and Africanist Populist resistance to the neoliberal world order The result is an invaluable resource on a region too often ignored in the history of political thought

Kenya's and Zambia's Relations with China 1949-2019 Jodie Yuzhou Sun, 2023 Examines the history of post colonial Kenya's and Zambia's relations with the People's Republic of China from ideological political economic and social perspectives Africa has become a major platform from which to analyse and understand China's growing influence in the global South Yet the impact of their historical relationship has been largely overlooked Through the triangulation of the global Cold War African history and Chinese history this study provides a detailed analysis of China Africa relations in the second half of the 20th century Examining the encounters conflicts and dynamics of China Kenya Zambia relations from the 1950s until the present as well as the basis on which historical narratives have been constructed the book presents two contrasting state perspectives underlining the concept of African agency Driven by a class based analysis of world revolution Communist China's foreign policy did not distinguish significantly between Kenya and Zambia Both countries sought ideological and material support from China in the years after their independence The Kenya African National Union under both Jomo Kenyatta and Daniel Moi pursued a consistently pragmatic foreign agenda and despite political tensions and ideological rifts with China since the mid 1960s Sino Kenyan trade has continued to grow steadily In contrast China Zambia relations under Kenneth Kaunda were cordial despite their political differences Zambian leaders maintained a relatively high consensus that any alleged Chinese Communist threat would not be allowed to fuel power struggles within their United National Independence Party Challenging both the widely accepted role of China Africa's historical lineage as well as the tendency to assume uniformity in China's relationships across the continent the author explains the development of these relationships and sheds light on the historical underpinnings or lack thereof on contemporary China Africa relations

Capitalism and Freedom in African Political Philosophy Grivas Muchineripi Kayange, 2020-05-05 This book investigates capitalism and freedom the guiding forces of many political systems in African philosophy It builds on classical and neoliberal capitalism rooted in private property and freedom and argues for the presence of these elements in the traditional and modern African political systems The author argues that while these

elements are partly imported from Western capitalists they are equally traceable in African traditional political systems Kayange argues that African politics is marred by a conflict between embracing capitalism and freedom individualism on the one hand and socialism founded on African communitarianism and communist ideas on the other This conflict has affected policy development and implementation and has significantly contributed towards the socio economic and ethical crises that are recurrent in most of the African countries
