The Political Status Of The Negro In The Age Of F D R:

The Political Status of the Negro in the Age of FDR Ralph Johnson Bunche, 1973 **Political Status of the Negro in the Age of FDR** Ralph J. Bunche, 2024-09-11 A Nobel Peace Prize winner's groundbreaking work of social science that offered one of the earliest portraits of Black life in twentieth century America. This volume presents the essence of a massive report prepared in 1940 by a team headed by political scientist and civil rights leader Ralph J. Bunche for the Carnegie Corporation's Survey of the Negro in America. The report was used by Swedish social economist Gunnar Myrdal in writing his monumental *An American Dilemma* and it shaped Myrdal's treatment of the Black political experience. As a valuable historical document, it provides a backdrop against which we can measure change in the Black American's political status and interpret the origins and consequences of the second Reconstruction. *The Political Status of the Negro* introduces essential information about political practices in the Southern states. It offers insight into the historical economic, sociological, and psychological factors that accounted for these practices, as well as some understanding of the myths, stereotypes, and symbols that contemporaries often used to explain and justify them. The study's most enduring value lies in its wealth of personal interviews which were conducted in the South in the late 1930s and in its first-hand impressions of the African Americans and Southern politics. The book is divided into two parts. The first contains Bunche's explanations, comments, and analytical writings on the subject; the second includes almost all of the interviews and field reports. To this text, historian Dewey W. Grantham added a comprehensive introduction that discusses Bunche and his work, the preparation of the research manuscript, and the book's role in Gunnar Myrdal's later work. *The Political Status of the Negro in the Age of FDR* Ralph Johnson Bunche, 1973-01-01 **The Political Status of the Negro in the Age of F. The political status of the negro in the age of FDR. Ed. and with an introd. by D.W. Grantham, 1973 **The African American Electorate** Hanes Walton, Sherman C. Puckett, Donald R. Deskins, 2012-05-01 How have African Americans voted over time? What types of candidates and issues have been effective in drawing people to vote? These are just two of the questions that *The African American Electorate: A Statistical History* attempts to answer by bringing together all of the extant fugitive and recently discovered registration data on African American voters from Colonial America to the present. This pioneering work also traces the history of the laws dealing with enfranchisement and disenfranchisement of African Americans and provides the election return data for African American candidates in national and sub-national elections over this same time span. Combining insightful narrative, tabular data, and original maps, *The African American Electorate* offers students and researchers the opportunity for the first time to explore the relationship between voters and political candidates, identify critical variables, and situate African Americans' voting behavior and political phenomena in the context of America's political history. *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham, 2001 This massive guide

sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Black Tennesseans, 1900-1930** Lester C. Lamon, 2002-03 A study of racial relations in Tennessee during years of increasing migration of Blacks from the Deep South and of ideological competition between the followers of Booker T Washington and W E B Dubois An important contribution to Black history *Race and Ethnicity in Comparative Perspective* Georgia A. Persons, 2018-04-24 Contradictory forces are at play at the close of the twentieth century There is a growing closeness of peoples fueled by old and new technologies of modern aviation digital based communications new patterns of trade and commerce and growing affluence of significant portions of the world s population Television permits individuals around the world to learn about the cultures and lifestyles of peoples of physically distant lands These developments give real meaning to the notion of a global village Peoples of the world are growing closer in new and increasingly important ways Nonetheless there are disturbing signs of a growing awareness of ethnic differences in all parts of the world the United States included and a concomitant rise in ethnic based conflicts many of them extraordinarily violent in nature Fear resentment intolerance and mistreatment of the other abound in world news accounts Not only does this phenomenon pose an interesting juxtaposition to the concept of the emergent global village but its emergence in the post cold war era internationally and the post civil rights era in the United States raises significant and compelling questions Why are such conflicts occurring now How do analysts explain these developments The essays in *Race and Ethnicity in Comparative Perspective* lucidly explore some of the complexities of the persistence and re emergence of race and ethnicity as major lines of divisiveness around the world Contributors analyze manifestations of race based movements for political empowerment in Europe and Latin America as well as racial intolerance in these same settings Attention is also given to the conceptual complexities of multidimensional and shared cultural roots of the overlapping phenomena of ethnicity nationalism identity and ideology The book greatly informs discussions of race and ethnicity in the international context and provides an interesting perspective against which to view America s changing problem of race *Race and Ethnicity in Comparative Perspective* is a timely thought provoking volume that will be of immense value to ethnic studies specialists African American studies scholars political scientists historians and sociologists
