The Peter Martyr Reader Pietro Martire Vermigli, 1999 This handy paperback is an anthology of chapters taken from each of the volumes of the series Chapters include Martyr's views on the scope of theology the study of theology the authority of scripture human nature human happiness the knowledge of God the person of Christ justification and faith the Lord's Supper views on music and songs predestination free will providence moral virtue civil magistrates and prayer [The Doctrine on Which the Church Stands or Falls \(Foreword by D. A. Carson\)](#) Matthew Barrett, 2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone In fact Martin Luther argued that justification is the doctrine on which the church stands or falls This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history the Bible theology and pastoral practice revealing the enduring significance of this pillar of Protestant theology **The Zurich Connection and Tudor**

Political Theology Torrance Kirby, 2007-03-01 Should students of Tudor political thought be interested in a feisty Swiss republican who hardly set foot outside his home canton of Zurich and a Florentine aristocrat who spent just five years of his career in England This book presents the case for including two leading lights of the Schola Tigurina Heinrich Bullinger and Peter Martyr Vermigli among the chief architects of the protestant religious and political settlement constructed under Edward VI and consolidated under Elizabeth I Through study of selected texts of their political theology this book explores crucial intellectual links between England and Zurich which came to exert a significant influence on the institutions of the Tudor church and commonwealth *The Reformation Theologians* Carter Lindberg, 2017-09-05 The Reformation Theologians is the ideal introduction to the study of the sixteenth century Reformations It introduces the theological context though and contributions of theologians from this period offering students and scholars an essential resource and insight This comprehensive and lively book discusses all the major strands of Reformation thought and explores the work of a range of influential figures including theologians and non theologians humanists clergy and laity men and women The contributors to this volume are leading scholars in the field of historical and systematic theology Accessibly structured it covers the Humanist Lutheran Reformed Roman Catholic and Radical Theologians An introductory chapter explores the interpretations of the Reformation and a concluding chapter explains the influence of Reformation theologies on the modern period The text also includes useful bibliographies and a glossary of theological terms [Holy Communion in the Piety of the Reformed Church](#) Hughes Oliphant Old, 2020-04-13 *The Sign of the Gospel* W. Travis McMaken, 2013-08-01 The theology of the sacraments is one of the most contested parts in Barth's theology none more so than the doctrine of baptism Barth's proposals on baptism have generated intense conversation and disagreement not only on its application to Protestant and ecumenical theology but even on its own consistency with Barth's larger dogmatic project McMaken takes up this controversial question sets it in its proper context within the history of doctrine and Barth's systematic work and argues for a

constructive reclamation of infant baptism that accords with Barth's overarching theological concerns and insights notably from Barth's mature theological commitments Pivotal to this volume claims that a reorientation of the doctrine of baptism opens up a new perspective on the practice of infant baptism on the basis of Barth's theology this new perspective as well holds the potential for wide ecumenical application as a form of the proclamation of the gospel and a vital dimension of the church's missional vocation A commanding volume for scholars and students in systematic theology ecumenical studies and sacramental theology
