The Pharmaceutical Industry And Dependency In The Third World:

The Pharmaceutical Industry and Dependency in the Third World Gary Gereffi, 2017-03-14 Gary Gereffi first explains how foreign corporations took over the flourishing Mexican steroid industry in the 1950s and 1960s and thwarted the country's later attempts to establish a more equitable distribution of industry benefits. In this valuable theoretical contribution, Professor Gereffi uses the Mexican industry's plight as a crucial case test for dependency theory. Originally published in 1983, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The United Nations library on transnational corporations : [international business and the world economy]. 7. Governments and transnational corporations Theodore H. Moran, 1993 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), *The Dependency Movement* Robert A. Packenham, 1992 In the first comprehensive scholarly treatment of dependency theory, Robert Packenham describes its origins, substantive claims, and methods. He analyzes the movement comparatively and sociologically as a significant episode in inter-American and North-South cultural relations. In his account, the positive intellectual contributions of dependency ideas as well as their role in the costly politicization of U.S. scholarship become evident and comprehensible. *Investing in Development* Theodore Moran, 2021-12-24 This volume surveys current views in the debate about the impact of foreign direct investment on Third World development on growth, employment, exports, technology, and distribution of income. It examines whether the efforts of less developed countries to attract and control multinational corporations have constituted a serious distortion of trade that threatens jobs in the home nations. It provides new studies of foreign investment in agriculture and in the least developed states. It looks at the threat of transmitting environmental pollution. And it analyzes the link between international companies and the umbrella of World Bank cofinancing as a mechanism to reduce risk. Finally, it attempts to estimate how much of the gap in commercial bank lending might plausibly be filled by direct corporate investment over the next decade.

The Oxford Handbook of the Politics of Development Carol Lancaster, Nicolas van de Walle, 2018-05-01 In many discussions of nations' development, we often focus on their economic and social development. Is it becoming wealthier? Is its society modernizing? Is it becoming more technologically sophisticated? Are social outcomes improving for the broad mass of the public? The process of development policy implementation, however, is always and inevitably political. Put simply, regime type matters when it comes to deciding on a course of development to follow. Further, political institutions matter. When a government's institutional capacity is low, the chances of success severely decline, regardless of the merits of the development plan. In *The Oxford Handbook of the Politics*

of Development two of America's leading political scientists on the issue Carol Lancaster and Nicolas van de Walle have assembled an international cast of leading scholars to craft a broad state of the art work on this vitally important topic This volume is divided into five sections major theories of the politics of development organized historically e g modernization theory dependency theory the Washington consensus of policies without politics etc key domestic factors and variables key international factors and variables political systems and structures and geographical perspectives inclusive of regional dynamics A comprehensive and cross regional examination on key issues of political development this Handbook not only provides an authoritative synthesis of past scholarship but also sets the agenda for future research in this discipline

The Political Economy of the New Asian Industrialism Frederic C. Deyo, 2018-08-06 The newly industrializing countries NICs of East Asia have undergone rapid economic expansion over the past twenty years Unlike NICs elsewhere in the Third World those in the Pacific basin South Korea Taiwan Singapore and Hong Kong have managed to achieve almost full employment a relatively egalitarian distribution of income and the virtual elimination of poverty In this collection of essays nine development specialists explore the Asian NICs exceptional ability to capitalize on the favorable economic environment of the 1960s and then to adapt flexibly to worsening conditions in the 1970s and 1980s

Critical Approaches to International Relations, 2021-11-29 Critical Approaches to International Relations Philosophical Foundations and Current Debates explores the achievements of a wide variety of critical approaches in International Relations theory discusses the barrage of criticism and theoretical openings they levied against the IR orthodoxy and suggests future potential of critical IR scholarship to improve not only our explanatory possibilities but also our ethical and practical horizons In line with this broad objective the book examines a number of influential approaches within critical IR scholarship including core strands of critical IR theory such as Marxism post structuralism Feminism post colonialism and green politics as well as some sub school approaches such as Marxist theories of imperialism dependency perspective uneven and combine development and non western IR theory Contributors are M K r ad zekin Engin Sune a da zen G zde Turan Mine Nur K k Neslihan Dikmen Alsancak Zeynep Ar z P nar Akg l and Altu G nar

Towards A New Political Economy Of Agriculture William H Friedland, 2021-11-28 The emergence of a truly global economy in the 1970s and the need to understand the subsequent changes in economic structure provided the impetus for this synthesis of the sociology of agriculture The book offers the first formulations of a political economy theory that explains the transnational social and production relations of food and agriculture Drawing upon studies of labour technology the state and gender the contributors put forward a basis for reassessing and restating the intellectual framework of agriculture

Dependency and Interdependency in Old Age Chris Phillipson, Miriam Bernard, Patricia Strang, 2024-05-10 Originally published in 1986 Dependency and Interdependency in Old Age presents papers from the British Society of Gerontology annual conference in 1985 The areas covered include the sociology of ageing methodological issues evaluations of service provision ethnographies of growing old historical studies and political perspectives on ageing A

creative dialogue between the proponents of these themes was urgently needed at the time and it was hoped that this volume would stimulate such a discussion
