The Philippines: Shattered Showcase of Democracy in Asia

by Beth Day

(Introduction by Carlos P. Romulo. M. Evans & Co., 245 pp., \$7.95)

Raul S. Manglapus

It is a pity that only the introduction to this book is signed by Carlos Romulo. The whole book might otherwise have been adequately titled "An Autobiography of Sorts of Carlos P. Romulo." And it is perhaps time for now, Romulo has been a Filipino legend in the international diplomatic community for over a quarter of a century. As ambassador and foreign secretary he has served every government since the founding of the Philippine Republic in 1946. And he has served brilliantly.

As benefits a Romulo autobiography, the strongest chapters are those that deal with his role in the conduct of Philippine foreign policy; his participation in the forging of SEATO, his bold performance as the spokesman for the "aligned" in the predominantly "nonaligned" Bandung Conference of Asian and African nations; his views on the new realities in Asia and on the relations between the United States and the Philippines. The rest of the book is a pained and tortuous effort to explain why, after years of speaking out for human freedom—in World War II and until the early 1950's Romulo was known as the "voice of democracy"—he has chosen not only to bow to, but to serve as an aggressive defender of, the dictatorship of Ferdinand Marcos.

Shortly after the Marcos coup of 1972 Romulo was interviewed in Manila by a panel headed by the bureau manager of UPI. He was asked: "What about the Christian Socialist Party [i.e., the Christian

Social Movement, or CSM]? It offered an alternative." Romulo replied that the CSM had "practically ceased to exist after its humiliating defeat in 1969."

Romulo's fanciful reworking of the CSM will amuse even the most superficial observer of Philippine politics of the last decade. The facts are: (1) The CSM, of which this reviewer was president, did not participate in the 1969 elections and, therefore, could not have then suffered a "humiliating defeat"; (2) the CSM was largely responsible for forcing Congress to provide fair, nonpartisan election rules for the Constitutional Convention of 1971; (3) CSM members ran for delegate to the Convention, were elected with dramatic majorities, and assumed positions of leadership in the progressive bloc of delegates which resisted Marcos's attempts to manipulate and corrupt the convention; (4) CSM leaders were, as a consequence, singled out for immediate arrest after the coup; and (5) the Valero Report to the U. S. Senate Committee on Foreign Relations says the martial law government lists the CSM as one of the four major "threats" to Marcos at the time of the coup.

Romulo's scandalous isolation from internal Philippine politics and even from the official martial law government "line" provides us with an explanation, perhaps the kindest explanation one could make, for the sudden turnabout which even his most nostalgic sympathizers in the

U. S. are finding difficult to understand. Romulo, so the explanation would go, was so totally immersed in foreign affairs that he simply lost track of what was going on inside the country.

This indeed would be the kind of way to dismiss such cute observations as "The American Congressional sport of 'kick the President' was translated into a Philippine version of 'kill the President.'" The idea that Filipinos were spending their time killing their presidents while Americans were content with just kicking theirs would be simply funny if it were not also a denigration of the Filipinos. Four U. S. Presidents have suffered a fate slightly more serious than kicking, namely, assassination. No Philippine President has ever been assassinated. The attempt to assassinate Manuel Roxas, the first President of the Republic of the Philippines, was real. If we include José P. Laurel's Japanese occupation presidency, the attempt against him was also real, although, as this book would put it, he was only "wounded by patriot guerrillas."

By contrast, all the well-publicized "attempts" on Marcos's life remain "sworn statement" conspiracies. Except for the obviously demented (some say staged) stabbing attempt on Mrs. Marcos in December, 1972, no one has ever really taken a shot at the Marcoses, in spite of the prophetic adage about one who lives by the sword. For Marcos is the only man who began his long march to the presidency by killing his father's successful electoral rival. He was tried, convicted by the court, but acquitted in a Supreme Court decision which has become a classic of Philippine juridical benevolence.

But, of course, "killing the President" is intended as hyperbole for taking potshots at the President from behind the immune walls of Congress. The implication is that the Philippine Congress was so powerful that it succeeded in paralyzing the valiant efforts of the well-meaning Marcos. An alleged parallel case is that of Manuel Quezon, who in the 1930's was supposed to have
