## **The Philosophical Disenfranchisement Of Art:**

The Philosophical Disenfranchisement of Art Arthur Coleman Danto, 2005-01 In this text first published in 1986 the author explored the inextricably linked but often misunderstood relationship between art and philosophy In this new edition Jonathan Gilmore provides a foreword discussing how scholarship has changed in response to it      **Sublime Historical Experience** F. R. Ankersmit, 2005 Why are we interested in history at all Why do we feel the need to distinguish between past and present This book investigates how the notion of sublime historical experience complicates and challenges existing conceptions of language truth and knowledge      **Institutions of Art** Robert J. Yanal, 2010-11 George Dickie has been one of the most innovative influential and controversial philosophers of art working in the analytical tradition in the past twenty five years Dickie's arguments against the various theories of aesthetic attitude aesthetic perception and aesthetic experience virtually brought classical theories of the aesthetic to a halt His institutional theory of art was perhaps the most discussed proposal in aesthetics during the 1970s and 1980s inspiring both supporters who produced variations on the theory as well as passionate detractors who thought the theory thoroughly wrongheaded Dickie has also written widely on the history of aesthetics and his work ranks among the best examples of analytic aesthetics The philosophy of George Dickie continues to provoke reaction and reflection The essays in this collection pay homage not only to Dickie's ideas but also to his influence A brief biography of George Dickie and a bibliography of his works complete the volume      **Arthur Danto's Philosophy of Art: Essays** Noël Carroll, 2021-07-19 For over thirty years Arthur Danto was the most important art critic and philosopher of art and aesthetics in the English speaking world Arthur Danto's Philosophy of Art Essays provides a comprehensive and systematic view of his philosophy and criticism by Noël Carroll Distinguished Professor of the Philosophy of Art CUNY and himself a former journalist specializing in arts criticism Danto's writings attracted and still attracts diverse audiences including aestheticians artists art critics historians and art lovers In this book they will find his major themes not only analyzed in depth but also discussions of his political significance views on history cinema and more      *On What It Is* Nenad Miscevic, Thomas J. Spiegel, Tamás Paár, Vítor Hirschbruch Schwartz, Tamás Hankovszky, Tolgahan Toy, Serdal Tümkaya, Adrienne Gálosi, Botond Csuka, Ádám Smrcz, Bence Péter Marosán, Ferenc Takó, Ádám Tamás Tuboly, Josef Ehrenmüller, 2017-01-14 When the world in which philosophers need to work and on which they ought to reflect starts changing rapidly asking questions about the nature of her discipline becomes especially pressing for the philosopher When new scholarly disciplines pop up radically restructuring the academic world problems concerning the place of philosophy among other disciplines need to be addressed When new kinds of problems enter the world and the public consciousness philosophers have to be able to tell whether their conceptual tools make them suitable to deal with them And when the very purpose and nature of academic research and scholarship transforms due to technological social and economical advancements philosophy has to redefine its place in academia and society      **The Future of Art** Marcella Tarozzi

Goldsmith,1999-09-02 Draws upon a wide range of aesthetic theories and artworks in order to challenge the view that art is valueless or purely subjective      A Companion to Arthur C. Danto Jonathan Gilmore, Lydia Goehr,2022-05-03 A Companion to Arthur C Danto paints a detailed portrait of one the most significant figures in twentieth century philosophy and art criticism offering unparalleled coverage of all aspects of Danto s writings artworks and thought Edited by two long time colleagues of Arthur Danto this interdisciplinary resource presents more than 40 original essays from both prominent Danto scholars and leading practitioners from various sub fields of philosophy The Companion illuminates Danto s many contributions to the artworld aesthetics criticism and philosophy of knowledge action science history and politics The essays explore central concepts and intersecting themes in Danto s writings while providing new interventions into the areas of philosophy in which Danto engaged Topics include Danto s mode of writing and art production his critical engagement with artists and philosophers conflicts in Danto s views and in interpretations of his works and much more An important addition to Danto studies A Companion to Arthur C Danto is essential reading for practitioners scholars and advanced students looking for a critical provocative and insightful treatment of Danto s philosophy art and criticism      Shusterman's Somaesthetics ,2022-04-19 This edited collection provides an in depth and wide ranging exploration of pragmatist philosopher Richard Shusterman s distinctive project of somaesthetics devoted not only to better understanding bodily experience but also to greater mastery of somatic perception performance and presentation Against contemporary trends that focus narrowly on conceptual and computational thinking Shusterman returns philosophy to what is most fundamental the sentient expressive human body with its creations of living beauty Twelve scholars here provide penetrating critical analyses of Shusterman on ontology perception language literature culture politics aesthetics cuisine music and the visual arts including films of his work in performance art      Art Theory for a Global Pluralistic Age Steven Félix-Jäger,2019-12-02 This book extends a theory of art that addresses the present era s shift towards global pluralism By focusing on extrinsic rather than intrinsic qualities of art this book helps viewers evaluate art across cultural boundaries Art can be universally classified by an evaluation of its guiding narrative and can be understood and judged through hermeneutical methods Since artists engage culture through various local transnational and emerging global narratives it is difficult to decipher what standards are used for evaluation and which authoritative body evaluates the work This book implements a narrative hermeneutical approach to properly classify an artwork and establish its meaning and value      **The Poetics of the Avant-garde in Literature, Arts, and Philosophy** Slav N. Gratchev,2020-10-05 The Poetics of the Avant garde in Literature Arts and Philosophy presents a range of chapters written by a highly international group of scholars from disciplines such as literary studies arts theatre and philosophy to analyze the ambitions of avant garde artists Together these essays highlight the interdisciplinary scope of the historic avant garde and the interconnectedness of its artists Contributors analyze topics such as abstraction and estrangement across the arts the imaginary dialogue between Lev Yakubinsky and
