The Pictorial History Of Guam The Sacrifice 19191943:

Remembrance of Pacific Pasts Robert Borofsky, 2020-02-29 How does one describe the Pacific s pasts The easy confidence historians once had in writing about the region has disappeared in the turmoil surrounding today s politics of representation Earlier narratives that focused on what happened when are now accused of encouraging myths of progress Remembrance of Pacific Pasts takes a different course It acknowledges history s multiplicity and selectivity its inability to represent the past in its entirety as it really was and instead offers points of reference for thinking with and about the region s pasts It encourages readers to participate in the historical process by constructing alternative histories that draw on the volume s chapters The book s thirty four contributions written by a range of authors spanning a variety of styles and disciplines are organized into four sections The first presents frames of reference for analyzing the problems poetics and politics involved in addressing the region s pasts today The second considers early Islander Western contact focusing on how each side sought to physically and symbolically control the other The third deals with the colonial dynamics of the region the tensions of empire that permeated imperial rule in the Pacific The fourth explores the region s postcolonial politics through a discussion of the varied ways independence and dependence overlap today Remembrance of Pacific Pasts includes many of the region s most distinguished authors such as Albert Wendt Greg Dening Epeli Hau ofa Marshall Sahlins Patricia Grace and Nicholas Thomas In addition it features chapters by well known writers from outside Pacific Studies Edward Said James Clifford Richard White and Gyan Prakash which help place the region s dynamics in comparative perspective By moving Pacific history beyond traditional empirical narratives to new ways for conversing about history by drawing on current debates surrounding the politics of representation to offer different ways for thinking about the region s pasts this work has relevance for students and scholars of history anthropology and cultural studies both within and beyond the region

Voyaging Through the Contemporary Pacific David Hanlon, Geoffrey M. White, 2000-11-08 The Pacific has long been a site for debates over disciplinary approaches and the ethics and politics of research within neocolonial and postcolonial contexts This volume makes a significant contribution to these debates and to the related and ongoing exchanges concerning area studies the globalization of capitalism and its attendant cultural social and political effects In so doing the authors link work from the Pacific with theoretical and methodological issues raised in other areas of the globe This collection of the best from Contemporary Pacific will prove invaluable to scholars students and all interested in the study of history culture and identity in the Pacific and in post colonial societies everywhere

The Stanhope Trilogy Book Three: the Wreck Patti O'Donoghue, 2008-07-02 Hey there This is Cecilia Anne Celia Stanhope and my life is about to get really exciting My buddy Regina Goldie OBrien and I are about to find us some treasure I know youre laughing at that idea but this is where it gets really interesting Goldie and I met a couple of guys Mark and Nick who have in their possession a sword hilt from the S M S Cormorana German shipwreck that dates to World War One Mark found the beautiful brass hilt while metal detecting on the

beach on Rota an island just north of Guam in the Marianna Island chain The thing is the Cormoran is located in Guams Apra Harbor Did a typhoon wash treasure from Guam to Rota Seems unlikely Mark and I put two plus two together and discover that there are two ships named Cormoran The one were after was filled with treasure and spirited away from Germany before the end of the war Welcome to the island of Rota Were at a place called the Devils Jaw the final resting place of The Wreck Destiny's Landfall Robert F. Rogers, 2011-06-30 This revised edition of the standard history of Guam is intended for general readers and students of the history politics and government of the Pacific region Its narrative spans more than 450 years beginning with the initial written records of Guam by members of Magellan 1521 expedition and concluding with the impact of the recent global recession on Guam s fragile economy *Cultures of Commemoration* Keith L. Camacho, 2011-11-30 In 1941 the Japanese military attacked the US naval base Pearl Harbor on the Hawaiian island of Oahu Although much has been debated about this event and the wider American and Japanese involvement in the war few scholars have explored the Pacific War s impact on Pacific Islanders *Cultures of Commemoration* fills this crucial gap in the historiography by advancing scholarly understanding of Pacific Islander relations with and knowledge of American and Japanese colonialisms in the twentieth century Drawing from an extensive archival base of government military and popular records Chamorro scholar Keith L. Camacho traces the formation of divergent colonial and indigenous histories in the Mariana Islands an archipelago located in the western Pacific and home to the Chamorro people He shows that US colonial governance of Guam the southernmost island and that of Japan in the Northern Mariana Islands created competing colonial histories that would later inform how Americans Chamorros and Japanese experienced and remembered the war and its aftermath Central to this discussion is the American and Japanese administrative development of loyalty and liberation as concepts of social control collective identity and national belonging Just how various Chamorros from Guam and the Northern Mariana Islands negotiated their multiple identities and subjectivities is explored with respect to the processes of history and memory making among this Americanized and Japanized Pacific Islander population In addition Camacho emphasizes the rise of war commemorations as sites for the study of American national historic landmarks Chamorro Liberation Day festivities and Japanese bone collecting missions and peace pilgrimages Ultimately *Cultures of Commemoration* demonstrates that the past is made meaningful and at times violent by competing cultures of American Chamorro and Japanese commemorative practices **The Undersea Network** Nicole Starosielski, 2015-03-02 In our wireless world it is easy to take the importance of the undersea cable systems for granted but the stakes of their successful operation are huge as they are responsible for carrying almost all transoceanic Internet traffic In *The Undersea Network* Nicole Starosielski follows these cables from the ocean depths to their landing zones on the sandy beaches of the South Pacific bringing them to the surface of media scholarship and making visible the materiality of the wired network In doing so she charts the cable network s cultural historical geographic and environmental dimensions Starosielski argues that the

environments the cables occupy are historical and political realms where the network and the connections it enables are made possible by the deliberate negotiation and manipulation of technology culture politics and geography Accompanying the book is an interactive digital mapping project where readers can trace cable routes view photographs and archival materials and read stories about the island cable hubs [A Pictorial History of the Northern Mariana Islands Part II](#) Beverly Battaglia,2014-06-06 A PICTORIAL HISTORY OF THE NORTHERN MARIANA ISLANDS Part II is a cartoon rendition of the Northern Mariana Islands from the Japanese invasion in 1914 to their capture by the Americans in 1944 It is the sequel to Part I which covered their history from island formation to the Japanese invasion in 1914 *Gender, Power, and Military Occupations* Christine De Matos,Rowena Ward,2012-04-27 Military occupations and interventions have a gendered impact on both those engaged in occupying and those whose lands have been occupied Yet little is known about this gendered impact in terms of both masculinities and femininities either historically or in contemporary times While research in this area has begun to grow since events in Iraq and Afghanistan this collection helps redress the relative neglect by examining and analysing the impact of occupation on men and women both occupied and occupier in a variety of geographical spaces from Japan to Palestine to Iraq Gendered perspectives are also intimately tied to analyses of power how power is enacted by the occupier how powerlessness is experienced by the occupied how power is negotiated shared compromised subverted reclaimed power as visible and invisible institutional power contested power in post conflict societies and power as discursively constructed The term military occupation is interpreted broadly to include occupation interventions the presence of military bases and peacekeeping post conflict operations This interpretation allows space to demonstrate that the lines between each definition are blurred especially when it comes to analysing gender and power **Sovereignty Matters** Joanne Barker,2005-12-01 Sovereignty Matters investigates the multiple perspectives that exist within indigenous communities regarding the significance of sovereignty as a category of intellectual political and cultural work Much scholarship to date has treated sovereignty in geographical and political matters solely in terms of relationships between indigenous groups and their colonial states or with a bias toward American contexts This groundbreaking anthology of essays by indigenous peoples from the Americas and the Pacific offers multiple perspectives on the significance of sovereignty [The Island of the Colorblind](#) Oliver Sacks,2012-11-14 Part travelogue part autobiography part medical mystery this moving book by the poet laureate of medicine The New York Times and bestselling author of Awakenings takes us to a tiny Pacific atoll and the island of Guam to explore the genesis of disease the wonders of botany and the complexities of being human Sacks s total immersion in island life makes this luminous beautifully written report a wondrous voyage of discovery As a travel writer Sacks ranks with Paul Theroux and Bruce Chatwin As an investigator of the mind s mysteries he is in a class by himself Publishers Weekly For Oliver Sacks islands conjure up equally the romance of Melville and Stevenson the adventure of Magellan and Cook and the scientific wonder of Darwin and Wallace Drawn to the tiny Pacific atoll of Pingelap

by intriguing reports of an isolated community of islanders born totally color blind Sacks finds himself setting up a clinic in a one room island dispensary where he listens to these achromatopic islanders describe their colorless world in rich terms of pattern and tone luminance and shadow And on Guam where he goes to investigate the puzzling neurodegenerative paralysis endemic there for a century he becomes for a brief time an island neurologist making house calls with his colleague John Steele amid crowing cockerels cycad jungles and the remains of a colonial culture Out of this unexpected journey Sacks has woven an unforgettable narrative which immerses us in the romance of island life and shares his own compelling vision of the mysteries of being human
