The Pirates Of Zan:

The Pirates of Zan Murray Leinster, 2015-10-27 Because Bran Hoddan was a serious electronics engineer he didn't want any part of his planet's heritage. For he was from Zan and Zan's only occupation was spaceship piracy. **The Pirates of Ersatz** Murray Leinster, 2011-12-01 Protagonist Bran Hoddan wants nothing more for himself than to be free of the taint of criminal activity that has long besmirched his clan. His plans for his future include a steady job and a fulfilling marriage. However, unforeseen circumstances have intervened and suddenly Hoddan finds himself being pursued by a brutal group of primitive people. In desperation, he turns to his native trade piracy to free himself. **The Pirates of Ersatz** Murray Leinster, 2015-11-10 It was not mere impulsive action when Bron Hoddan started for the planet Walden by stowing away on a ship that had come to his native planet to hang all his relatives. He'd planned it long before. It was a long-cherished and carefully worked-out scheme. He didn't expect the hanging of his relatives, of course. He knew that they'd act grieved and innocent and give proof that they were simple people leading blameless lives. They'd make their would-be executioners feel ashamed and apologetic for having thought evil of them, and as soon as the strangers left they'd return to their normal way of life, which was piracy. But while this was going on, Bron Hoddan stowed away on the menacing vessel. Presently he arrived at its home world. But his ambition was to reach Walden, so he set about getting there. It took a long time because he had to earn ship passage from one solar system to another, but he held to his idea. Walden was the most civilized planet in that part of the galaxy. On Walden, Hoddan intended in order: a) to achieve splendid things as an electronic engineer, b) to grow satisfactorily rich, c) to marry a delightful girl, and d) end his life a great man. But he had to spend two years trying to arrange even the first.

The Pirates of Ersatz (Sci-Fi Space Opera) Murray Leinster, 2018-11-02 The Pirates of Ersatz tells the story of Bran Hodder, a one-time engineer who sets out on a career of interstellar piracy ostensibly to further more legitimate goals. The revised version of this tale was nominated for the 1960 Hugo Award for Best Novel. Frederik Pohl reviewed Pirates favorably, saying, "It would not seem possible that after thirty years of space pirate stories any writer could make one come alive, but Bron Hoddan is a rather unique space pirate and Murray Leinster is a nearly unique science fiction writer." Stars, My Brothers Murray Leinster, 2014 The pirates of Zan. The deadliest do-gooder in outer space is Bron Hoddan, electronics engineer turned spaceship pirate. *The Pirates of Zan* Murray Leinster, 1959 **The Pirates of Ersatz** Murray Leinster, 2008-06-01 An impulsive action on his part. Hardly Bron Hoddan went to the ship that landed on his native planet of Zan, the ship whose heartless crew was intent on lining up all his relatives for execution, and he stowed away. Bron had planned it all long before, hoping to escape to the planet Walden, a place of wealth and peace where he might have a chance to prove himself as an electrical engineer, then find the beautiful wife of his dreams. And compared with Zan, home of space pirates, Walden turns out to be a fine place indeed, where he quickly establishes himself with his brilliant work. Until suddenly the police broke down his door.
