The Pleasure Bond:

The Pleasure Bond William H. Masters, Virginia E. Johnson, Robert J. Levin, 1975 **The Pleasure Bond** William H. Masters, 1970 *The Pleasure Bond* William H. Masters, Virginia E. Johnson, Robert J. Levin, 1976-02 **Cold Intimacies** Eva Illouz, 2013-04-23 It is commonly assumed that capitalism has created an emotional world dominated by bureaucratic rationality that economic behavior conflicts with intimate authentic relationships that the public and private spheres are irretrievably opposed to each other and that true love is opposed to calculation and self interest Eva Illouz rejects these conventional ideas and argues that the culture of capitalism has fostered an intensely emotional culture in the workplace in the family and in our own relationship to ourselves She argues that economic relations have become deeply emotional while close intimate relationships have become increasingly defined by economic and political models of bargaining exchange and equity This dual process by which emotional and economic relationships come to define and shape each other is called emotional capitalism Illouz finds evidence of this process of emotional capitalism in various social sites self help literature women s magazines talk shows support groups and the Internet dating sites How did this happen What are the social consequences of the current preoccupation with emotions How did the public sphere become saturated with the exposure of private life Why does suffering occupy a central place in contemporary identity How has emotional capitalism transformed our romantic choices and experiences Building on and revising the intellectual legacy of critical theory this book addresses these questions and offers a new interpretation of the reasons why the public and the private the economic and the emotional spheres have become inextricably intertwined **A Courtship After Marriage** Jennifer S. Hirsch, 2003-08 Since 1960 the fertility rate in Mexico has dropped to about 2.6 children per woman Such changes are part of a transformation explored in this ethnographic study of generational and migration related redefinitions of gender marriage and sexuality in rural Mexico and among Mexicans in Atlanta Love's Body Speaks Caitlin Adair, 2017-11-28 Caitlin has offered the courageous and authentic voice of a wisewoman in *Love's Body Speaks* Her lived experience and the life transitions and transformations she weathered on her way to that wisdom will resonate with many women Her exploration of the interconnected flow of life and growth in our species gives us hope for a new day beyond gender duality and divisiveness *Love's Body Speaks* is a call to humanity to mature into an adult species which cares for its members and its home **Sexual Fulfillment** Herbert W. Chilstrom, Lowell O. Erdahl, This book approaches some of the more difficult to discuss areas of human sexuality singles and sexual fulfillment unmarried persons and sexual fulfillment same sex relationships and sexual fulfillment in the elder years The authors distinguish between life giving sex and life degrading sex They then discuss healthy sexuality in a variety of life stages and relationships With a pastoral and compassionate tone the authors explore the issues Christian people face with respect to the experience and expression of their sexuality Questions for discussion are intended both to elicit personal reflection and to move congregations to become safe places *The Pleasure Bond* William H. Masters, 1980 **Saving the**

Modern Soul Eva Illouz, 2008-03-04 The language of psychology is all pervasive in American culture from The Sopranos to Oprah from the abundance of self help books to the private consulting room and from the support group to the magazine advice column Saving the Modern Soul examines the profound impact of therapeutic discourse on our lives and on our contemporary notions of identity Eva Illouz plumbs today's particular cultural moment to understand how and why psychology has secured its place at the core of modern identity She examines a wide range of sources to show how self help culture has transformed contemporary emotional life and how therapy complicates individuals lives even as it claims to dissect their emotional experiences and heal trauma

Improve Your Marriage By Improving Your Focus Dr. Mark Avery Reed, Dr Mark Avery Reed's book *Improve Your Marriage By Improving Your Focus* shows that God's intent is for our marriage to be happy and mutually enriching as we start emphasizing what we are receiving from our spouse and learn to increase simple marriage building behaviors As we improve our ability to see ourselves our spouse and our marriage as the Lord does we focus less on problems and express greater gratitude to each other We become happier In *Improve Your Marriage By Improving Your Focus* we learn that a healthy happy marriage requires two people who have decent mental health Hence chapter 1 explains the key characteristics of mental and spiritual health Sadly this topic is seldom addressed at length in books on how to have a good marriage Dr Reed offers many surprising and very helpful insights on such matters as appropriate self disclosure romance intimacy proper expectations physical affection sex and the real nature of both agape and erotic love The seldom mentioned but important subject of how to hear from God for our marriage is also discussed with practical ideas which can be applied to any area of our life Other topic areas with valuable input include how to listen effectively dealing with conflict without emphasizing our problems building hope and optimism for our marriage strengthening commitment and how to focus on what is positive *Improve Your Marriage By Improving Your Focus* also points out Forty ways we can improve our self image since someone with a poor self image will find ways to avoid deep intimacy lest they be rejected Fifty five Bible verses which indicate we should focus on what is positive The biblical difference between justified and unjustified complaining and how unjustified griping greatly harms our marriage This book provides practical help by which most any two people with decent mental health can move their marriage from unsatisfying to at least satisfying or from good to even better
