Excerpt from book CHAPTER III A SONG OF BOOKS I Oh for a booke and a shadie nooke Eyther in doore or out With the grene leaves whispering overhead Or the streete cryes all about Where I maie reade all at my ease Both of the newe and old For a jollie goode booke whereon to looke Is better to me than golde Old English Song OF all the privileges we enjoy in this nineteenth century there is none perhaps for which we ought to be more thankful than for the easier access to books The debt we owe to books was well expressed by Richard de Bury Bishop of Durham author of Philobiblon written as long ago as 1344 published in 1473 and the earliest English treatise on the delights of literature These he says are the masters who instruct us without rods and ferules without hard words and anger without clothes or money If you approach them they are not asleep if investigating you interrogate them they conceal nothing if you mistake them they never grumble if you are ignorant they cannot laugh at you The library therefore of wisdom is more precious than all riches and nothing that can be wished for is worthy to be compared with it Whosoever therefore acknowledges himself to be a zealous follower of truth of happiness of wisdom of science or even of the faith must of necessity make himself a lover of books But if the debt were great then how much more now 1 Delivered at the Working Men s College This feeling that books are real friends is constantly present to all who love reading I have friends said Petrarch whose society is extremely agreeable to me they are of all ages

and of every country They have distinguished themselves both in the cabinet and in the field and obtained high honors for their knowledge of the science *The Pleasures of Life, Part 2* John Lubbock, 2025-05-22 In *The Pleasures of Life Part 2* John Lubbock continues his exploration of the sources of happiness and fulfillment Expanding on themes introduced in the first part Lubbock delves deeper into the importance of virtue wisdom and the cultivation of a well rounded character He draws on a wealth of philosophical and scientific insights to illuminate the path to a more contented existence Lubbock emphasizes the significance of intellectual pursuits the appreciation of beauty in nature and art and the value of meaningful relationships This volume offers practical guidance on how to overcome adversity find joy in everyday experiences and develop a resilient and optimistic outlook on life *The Pleasures of Life Part 2* is a timeless guide to living a more thoughtful and fulfilling life This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Pleasures of Life* John Lubbock, 1900
