The Poachers Handbook:

The Poacher's Handbook Ian Niall, 1950 Ian Niall wrote this masterpiece of country lore to retain the thrill of crossing the hills in the moonlight and of creeping up the woodside at dusk He said This book is about poaching in the old traditional style the craft of men who knew and loved the countryside and invoked the unorthodox skills rather than the crude use of modern science to catch their game which they took sparingly as they needed it From the Poacher's Handbook you will learn how to retrieve a ferret from a deep burrow and how to train a dog as well as the cunning ways of gamekeepers and the meaning in the changing flight of a loan pigeon You are advised to walk softly and to listen long when to run and when to stand still the thing to do in the black hat of night and the way to read a flushed magpie and the laugh of the jay Poet countryman and scholar Bernard O Donaghue wrote a foreword to this celebrated country classic which will delight a new generation of country lovers and collectors alike The Poacher's Handbook was first published in 1950 Hailed as the outstanding of nature books it was an immediate bestseller and achieved no less than 14 editions before being republished in 1960 as The New Poacher's Handbook but without Barbara Greg's wood engravings Since then there have been two separate paperback editions and total sales of over 100 000 This edition is a re issue of the original format and includes Barbara Greg's highly acclaimed wood engravings
