The Poetic Repercussion:

The Poetic Repercussion Mark Anthony Thomas, 2004 The Poetic Repercussion returns Mark Anthony Thomas to his literary roots with this 144 page poetic and musical narrative Soul stirring and adventurous this lyrical triumph narrates through the fundamental and elemental instruments of culture venturing through nature love politics philosophy athletics education spirituality hip hop racism war and a multitude of interlinking themes Inspiring and entertaining Repercussion blends traditional and cross cultural literary styles with contemporary works of poetry prose spoken word and music Metaphorically set in a Psychiatrist's Chair Thomas shares candid personal and fictional tales and songs through 101 tracks and 20 interludes The energy and depth of one of America's young prominent voices has never been more evident

Gadamer's Repercussions Bruce Krajewski, 2004 Gadamer's Repercussions is a terrific collection of essays While Gadamer is not the most precise of philosophers he turns out in this book at least to be among the most generative The essays prove that Gadamer's idealizing of dialogue can actually be put in practice by careful attention to the frameworks he addresses I was most impressed by the essays that situate his ethics his aesthetics his relation to romanticism his understanding of the relation of law and morality his engagements with Fascism and several aspects of his vexed relationship with postmodern thinking especially on the possibility of dialogue Charles Altieri author of *The Particulars of Rapture* Gadamer is well known for his insistence that every reading is a new reading and every act of understanding a pathway to new understanding Krajewski's carefully assembled volume applies these maxims to the understanding of Gadamer himself By focusing on his intellectual and political background as well as his long range influence and repercussions the book opens new vistas for assessing one of the philosophical giants of the twentieth century Fred Dallmayr author of *Dialogue Among Civilizations* *Postcolonial Repercussions* Johannes Salim Ismaiel-Wendt, Andi Schoon, 2022-05-02 Can sound be perceived independently of its social dimension Or is it always embedded in a discursive network Postcolonial Repercussions explores these questions in form of a collective conversation The contributors have collected sound stories and sound knowledge from Brazil to Morocco listened to resonances from the Underground and the Pacific Ocean from Popular Music and speech recognition The anthology gathers heterogeneous approaches to emancipatory forms of ontological listening as well as pleas for critical fabulation and a practice of care It tells us about opportunities perspectives and the impossibility of decolonised listening Cultural Repercussions Bradley J. Birzer, 2022-06-14 A revised he lived them Never satisfied with second best or any form of defeat Peart challenged himself to live up to his own philosophy And he always succeeded with grace which earned him even more fervent admirers Since his death in 2020 Neil Peart has continued to inspire thousands through his music his words and his example This book revised and expanded to incorporate Peart's final years carefully examines the influence that his life his witness and his words have had on others Neil Peart lived life to the fullest and he made us each better for it Includes some of the strongest analysis of Peart's lyrics that you'll find and does a rigorous job of nailing down

the tenets of Peart's ever evolving philosophy *PROG Magazine* Imagining Bodies and Performer Training Ellie Nixon, 2024-03-04 This book is a practical and theoretical exploration of the embodied imagining processes of devised performance in which the human and more than human are co implicated in the creative process This study brings together the work of French theatre pedagogue Jacques Lecoq 1921 1999 and French philosopher of science and the imagination Gaston Bachelard 1884 1962 to explore the notion of the imagination as embodied enactive and embedded in the devising process An exploration of compelling correspondences with Bachelard whose writings imbue Lecoq's teaching ethos offers new practical and theoretical perspectives on Lecoq's poetic body in contemporary devising practices Interweaving first hand accounts by the author and interviews with contemporary international creative practitioners who have graduated from or have been deeply influenced by Lecoq *Imagining Bodies in Performer Training* interrogates how his teachings have been adapted developed and extended in various cultural political and historical settings in Europe Scandinavia Asia and North and South America These new and rich insights reveal a teaching approach that resists fixity and instead unfolds develops and adapts to the diverse cultural and political contexts of its practitioners teachers and students *Repercussions* Jessica L. Webb, 2017-07-18 Nearly fully recovered from a car accident that caused a major concussion Edie Black is hopeful about returning to her life as a freelance journalist and college teacher A series of bizarre incidents and the persistent feeling that she's being followed make Edie question the reliability of her thoughts and instincts Edie meets Skye Kenny a brilliant and shy former soldier and their immediate connection has Edie confessing her paranoid thoughts Skye convinces Edie she is in real danger and together the two women discover that information was embedded in Edie's brain during her concussion recovery and whoever put it there will do whatever it takes to get it back On the run Edie and Skye must uncover who is behind this plot while keeping Edie and her mind intact Trusting Skye with her life Edie can only hope she can also be trusted with her heart **The Poetics of Ancient and Classical Arabic Literature** Esad Durakovic, 2015-04-24 Through analysing ancient and classical Arabic literature including the Qur'an from within the Arabic literary tradition this book provides an original interpretation of poetics and of other important aspects of Arab culture Ancient Arabic literature is a realm of poetry prose literary forms emerged rather late and even then remained in the shadow of poetic creative efforts Traditionally this literature has been viewed through a philologist's lens and has often been represented as materialistic in the sense that its poetry lacked imagination As a result Arabic poetry was often evaluated negatively in relation to other poetic traditions *The Poetics of Ancient and Classical Arabic Literature* argues that old Arabic literature is remarkably coherent in poetical terms and has its own individuality and that claims of its materialism arise from a failure to grasp the poetic principles of the Arabic tradition Analysing the Qur'an which is known for confronting the poetry of the time this book reveals that post Qur'anic literature came to be defined against it Thus the constitution and interpretation of Arabic literature imposed itself as a particular exegesis of the sacred Text Disputing traditional interpretations by arguing that

Arabic literature can only be assessed from within and not through comparison with other literary traditions this book is of interest to students and scholars of Islamic Studies Arabic Studies and Literary Studies *Rethinking the North American Long Poem* Ridvan Askin, Julius Greve, 2024-12-15 For centuries critics poets poet scholars and philosophers have either openly proclaimed or tacitly assumed the long poem as the highest expression of literary ambition and excellence *Rethinking the North American Long Poem* focuses on the North American variant of this notorious form notorious because of its often forbidding and difficult character particularly with respect to the dialectics of content and form aesthetics and politics matter and genre In nine essays and a contextual introduction the editors and contributors scrutinize seminal long poems by North American writers including Walt Whitman's *Song of Myself* Ezra Pound's *The Cantos* Muriel Rukeyser's *The Book of the Dead* and Charles Olson's *The Maximus Poems* They also explore recent efforts that have redefined or reopened the case of the long poem including Rachel Blau DuPlessis's *Drafts* M. NourbeSe Philip's *Zong* and Claudia Rankine's *Citizen* Taking the categories of form matter and experiment as frames of conceptual reference the book examines the ways in which material and immaterial aspects of literary practice and the philosophically and politically inscribed duality of experience and experiment are negotiated in and by North American long poems from the nineteenth century to the present *An Encyclopedia of Swearing* Geoffrey Hughes, 2015-03-26 This is the only encyclopedia and social history of swearing and foul language in the English speaking world It covers the various social dynamics that generate swearing foul language and insults in the entire range of the English language While the emphasis is on American and British English the different major global varieties such as Australian Canadian South African and Caribbean English are also covered A-Z entries cover the full range of swearing and foul language in English including fascinating details on the history and origins of each term and the social context in which it found expression Categories include blasphemy obscenity profanity the categorization of women and races and modal varieties such as the ritual insults of Renaissance flyting and modern sounding or playing the dozens Entries cover the historical dimension of the language from Anglo Saxon heroic oaths and the surprising power of medieval profanity to the strict censorship of the Renaissance and the vibrant modern language of the streets Social factors such as stereotyping xenophobia and the dynamics of ethnic slurs as well as age and gender differences in swearing are also addressed along with the major taboo words and the complex and changing nature of religious sexual and racial taboos
