CULTURAL PLURALISM

celebrates diversity, while a melting pot believes in reducing cultural differences.

The Politics Of Cultural Pluralism

Crawford Young

The Politics Of Cultural Pluralism:

The Politics of Cultural Pluralism Crawford Young,1979 **The Rising Tide of Cultural Pluralism** Crawford Young,1993 Two decades after the publication of his prize winning book The Politics of Cultural Pluralism Crawford Young and a distinguished panel of contributors assess the changing impact of cultural pluralism on political processes around the world specifically in the former Soviet Union China United States India Ethiopia and Guatemala The result is an arresting look at the dissolution of the nation state system as we have known it Crawford Young opens with an overview of the dramatic rise in the political significance of cultural pluralism and of scholars changing understanding of what drives and shapes ethnic identification Mark Beissinger brilliantly explains the demise of the last great empire state the USSR while Edward Friedman notes growing challenges to the apparent cultural homogeneity of China Nader Entessar suggests intriguing contrasts in Azeri identity politics in Iran and the ex USSR Ronald Schmidt and Noel Kent explore the language and racial dimensions of the rising multicultural currents in the United States Douglas Spitz shows the extent of the decline of the old secular vision of India of the independence generation Alan LeBaron traces the recent emergence of an assertive Mayan identity among a submerged populace in Guatemala long thought to be destined for Ladinoization A case study of the diversity and uncertain future of Ethiopia dramatically emerges from four contrasting contributions Tekle Woldemikael looks at the potential cultural tensions in Eritrea Solomon Gashaw offers a central Ethiopian nationalist perspective Herbert Lewis reflects the perspectives of a restless and disaffected periphery and James Quirin provides an arresting explanation of the construction of identity amongst the Beta Israel Ethiopian Jews Virginia Sapiro steps back from specific regions offering an original analysis of the interaction between cultural pluralism and gender **Pluralism and the Politics of Difference** R. D. Grillo,1998-07-23 Is a plural polyethnic democratic society possible Starting with Ernest Gellner s observation that culturally plural societies worked well in the past but genuine cultural pluralism ceases to be viable under current conditions this study explores pluralism in three settings early states modern industrial societies and the contemporary postmodern world Through a nuanced discussion ranging from pre colonial Africa and Mesoamerica to European and American experiences in the twentieth century Grillo explores the ways in which different social and political forms cope with ethnic and cultural diversity The study uncovers a range of different kinds of pluralism from out and out separatism through varieties of multiculturalism to looser forms of hybridity Rather than advocating one configuration over another this important new book outlines the range of choices facing our societies as moving into the twenty first century we try to reconcile the competing demands of universalism and difference *Politics of Cultural Pluralism; Extracts* ,1976 **The Politics of Language : Conflict, Identity, and Cultural Pluralism in Comparative Perspective** Carol L. Schmid Professor of Sociology Guilford Technical Community College,2001-04-03 Important aspects of the history of language in the United States remain shrouded in myth and legend The notion of one nation one language is part of the idealized history of

the United States although in its short history it has probably been host to more bilingual people than any other country in the world Language is more than a means of communication It brings into play an entire range of experiences and attitudes toward life Furthermore language is a potent symbolic issue because it links power and political claims of ownership with psychological demands for group worth How people belonging to different language and cultural communities live together in the same political community and how political and structural tensions arise to divide them along language lines are questions addressed in The Politics of Language This book analyzes the historical background and recent controversy over language in the United States and compares it to two official multilingual societies Canada and Switzerland It s accessibility as a survey of this topic makes it ideal for courses in linguistics political science and sociology Emancipating Cultural Pluralism Cris E. Toffolo,2012-02-01 Combining detailed case studies with discussions of deeper theoretical controversies Emancipating Cultural Pluralism investigates both the benign and harmful aspects of identity politics This provocative collection delves into some of the most difficult issues of cultural pluralism such as what accounts for the immense power of identity politics whether identity politics can be inherently good or evil whether states are the right institutions to deal with ethnic conflict the prevention of genocide the value of devolving power to the local level and more The contributions are united by the conviction that more attention needs to be paid to the normative issues associated with various expressions of cultural pluralism for the ethical implications of the phenomena are too profound to be ignored *Cultural Pluralism, Identity Politics, and the Law* Austin Sarat,Thomas R. Kearns,2001 How do moves to recognize ethnic and cultural identity affect the idea of equality before the law **Randolph Bourne and the Politics of Cultural Radicalism** Leslie J. Vaughan,1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886 1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR Politics and Cultural Pluralism Iseult Honohan,1993 The Politics of Language Carol L. Schmid,2001 This volume surveys and analyzes the historical background of recent controversies over language in the US and compares the country to two official multilingual societies Canada and Switzerland This book should be suitable for courses in linguistics political science and sociology It is intended for undergraduate students and graduate students interested in the relationship between language and race ethnic relations and political sociology
