

SMALL TOWNS, BLACK LIVES

Wendel A. White

Small Towns Black Lives

Thomas C. Buchanan

Small Towns Black Lives:

Yes! There Are Black People in Utah No! I Am Not a Mormon Eileen Tucker Cosby, 2025-09-24 In 1958 a six pound seven ounce baby girl was born in Ogden Utah She was born cursed according to the teachings of The Church of Jesus Christ of Latter day Saints Mormons because she was Black Only one tenth of one percent of people living in Utah during this time were Black Ninety eight percent of Utahns were white and most of them were Mormons Not only were Mormons taught that Black people were cursed but that they were loathsome and filthy compared to white people who were considered white and delightful This book is Eileen Tucker Cosby s account of life as a young African American girl growing up in a state where people who had Black skin like her seemed to be hated and despised but were they She had a wonderful strong and close knit family who loved and supported her She lived in a happy protected bubble for the first eight years of life until reality set in when her parents were met with resistance to living in an all white Utah neighborhood She struggled with isolation self esteem and self identify issues during her elementary school experience As she began to be exposed to the Mormon faith further she found herself confused with the kindness sense of belonging respect and love that she was shown by her Mormon friends in contrast to their Mormon teachings Many more happy and protected bubbles would pop along the way in high school and college including encountering one man s fantasies of her Black body in white temple clothes How did Eileen endure the challenges she faced in Utah because of the skin she was born in and racist doctrine and teachings the Mormons believed in

Black Towns, Black Futures Karla Slocum, 2019-09-17 Some know Oklahoma s Black towns as historic communities that thrived during the Jim Crow era this is only part of the story In this book Karla Slocum shows that the appeal of these towns is more than their past Drawing on interviews and observations of town life spanning several years Slocum reveals that people from diverse backgrounds are still attracted to the communities because of the towns remarkable history as well as their racial identity and rurality But that attraction cuts both ways Tourists visit to see living examples of Black success in America while informal predatory lenders flock to exploit the rural Black economies In Black towns there are developers return migrants rodeo spectators and gentrifiers too Giving us a complex window into Black town and rural life Slocum ultimately makes the case that these communities are places for affirming building and dreaming of Black community success even as they contend with the sometimes marginality of Black and rural America

Black Life on the Mississippi Thomas C. Buchanan, 2006-03-08 All along the Mississippi on country plantation landings urban levees and quays and the decks of steamboats nineteenth century African Americans worked and fought for their liberty amid the slave trade and the growth of the cotton South Offering a counternarrative to Twain s well known tale from the perspective of the pilothouse Thomas C Buchanan paints a more complete picture of the Mississippi documenting the rich variety of experiences among slaves and free blacks who lived and worked on the lower decks and along the river during slavery through the Civil War and into emancipation Buchanan explores the creative efforts of steamboat workers to link riverside

African American communities in the North and South The networks African Americans created allowed them to keep in touch with family members help slaves escape transfer stolen goods and provide forms of income that were important to the survival of their communities The author also details the struggles that took place within the steamboat work culture Although the realities of white supremacy were still potent on the river Buchanan shows how slaves free blacks and postemancipation freedpeople fought for better wages and treatment By exploring the complex relationship between slavery and freedom Buchanan sheds new light on the ways African Americans resisted slavery and developed a vibrant culture and economy up and down America s greatest river

No Justice, No Police? Matt Clement, 2023-05-26 Sparked by the brutal police murder of George Floyd the second wave of the blacklivesmatter protest movement has surged across more than 100 US cities spilling into Brazil South Africa Paris and London to name a few of the primary sites of active resistance This is a new movement international in scope with a disproportionately large section of young people black and white using their own language and tactics to fundamentally challenge the whole range of racist institutions governing today s globalised world Matt Clement s No Justice No Police The Politics of Protest and Social Change chronicles this movement as it continues to deepen and broaden

W. E. B. Du Bois, Race, and the City Michael B. Katz, Thomas J. Sugrue, 1998-04-20 There is unanimity among these historians and sociologists in ascribing seminal importance to The Philadelphia Negro David Levering Lewis Journal of American History

Segregation Made Them Neighbors William A. White, 2023-02 Segregation Made Them Neighbors investigates the relationship between whiteness and nonwhiteness through the lenses of landscapes and material culture William A White III uses data collected from a public archaeology and digital humanities project conducted in the River Street neighborhood in Boise Idaho to investigate the mechanisms used to divide local populations into racial categories The River Street Neighborhood was a multiracial multiethnic enclave in Boise that was inhabited by African American European American and Basque residents Building on theoretical concepts from whiteness studies and critical race theory this volume also explores the ways Boise s residents crafted segregated landscapes between the 1890s and 1960s to establish white and nonwhite geographies White describes how housing urban infrastructure ethnicity race and employment served to delineate the River Street neighborhood into a nonwhite space an activity that resulted in larger repercussions for other Boiseans Using material culture excavated from the neighborhood White describes how residents used mass produced products to assert their humanity and subvert racial memes By describing the effects of racial discrimination real estate redlining and urban renewal on the preservation of historic properties in the River Street neighborhood Segregation Made Them Neighbors illustrates the symbiotic mechanisms that also prevent equity and representation through historic preservation in other cities in the American West

Belonging

bell hooks, 2008-11 What does it mean to call a place home Who is allowed to become a member of a community When can we say that we truly belong These are some of the questions of place and belonging that renowned cultural critic bell hooks examines in her new book *Belonging: A Culture of Place* Traversing past and present *Belonging* charts a cyclical journey in which hooks moves from place to place from country to city and back again only to end where she began her old Kentucky home hooks has written provocatively about race gender and class and in this book she turns her attention to focus on issues of land and land ownership Reflecting on the fact that 90% of all black people lived in the agrarian South before mass migration to northern cities in the early 1900s she writes about black farmers about black folks who have been committed both in the past and in the present to local food production to being organic and to finding solace in nature Naturally it would be impossible to contemplate these issues without thinking about the politics of race and class Reflecting on the racism that continues to find expression in the world of real estate she writes about segregation in housing and economic racialized zoning In these critical essays hooks finds surprising connections that link of the environment and sustainability to the politics of race and class that reach far beyond Kentucky With characteristic insight and honesty *Belonging* offers a remarkable vision of a world where all people wherever they may call home can live fully and well where everyone can belong

Small-Town Dreams John E. Miller, 2014-03-28 We live these days in a virtual nation of cities and celebrities dreaming a small town America rendered ever stranger by purveyors of nostalgia and dark visionaries from Sherwood Anderson to David Lynch And yet it is the small town that world of local character and neighborhood lore that dreamed the America we know today and the small town boy like those whose stories this book tells who made it real In these life stories beginning in 1890 with frontier historian Frederick Jackson Turner and moving up to the present with global shopkeeper Sam Walton a history of middle America unfolds as entrepreneurs and teachers like Henry Ford George Washington Carver and Walt Disney artists and entertainers like Thomas Hart Benton Grant Wood Carl Sandburg and Johnny Carson political figures like William McKinley William Jennings Bryan and Ronald Reagan and athletes like Bob Feller and John Wooden by turns engender and illustrate the extraordinary cultural shifts that have transformed the Midwest and through the Midwest the nation and the world Many of these men are familiar icons even Ford and Reagan certainly Ernie Pyle Sinclair Lewis James Dean and Lawrence Welk and others like artists Oscar Micheaux and John Steuart Curry economist Alvin Hansen and composer Meredith Willson less so But in their stories as John E Miller tells them all appear in a new light unique in their backgrounds and accomplishments united only in the way their lives reveal the persisting shaping power of place and particularly the Midwest on the cultural imagination and national consciousness In a thoroughly engaging style Miller introduces us to the small town Midwestern boys who became these all American characters privileging us with insights that pierce the public images of politicians and businessmen thinkers and entertainers alike From the smell of the farm the sounds and silences of hamlets and county seats the schoolyard athletics and classroom instruction and theatrical

performance we follow these men to their moments of inspiration innovation and fame observing the workings of the small town past in their very different relationships with the larger world Their stories reveal in an intimate way how profoundly childhood experiences shape personal identity and how deeply place figures in the mapping of thought belief ambition and life s course

The Place of Story and the Story of Place Ernst M. Conradie, Willie James Jennings, 2025-02-06 This book is the third in a series titled *An Earthed Faith Telling the Story Amid the Anthropocene* The series aims to offer collaborative constructive contributions to understanding the content and significance of the Christian faith from the perspective of Christian ecotheology given the challenges associated with the Anthropocene The focus of this volume is on creation theology The book addresses the following question What difference does it make to the story of cosmic planetary human and cultural evolution to re describe this as the creative work of God s love Inversely what difference does it make to the story of God s love to describe it in evolutionary terms The ten contributors were selected in order to optimize a diversity of positions in terms of geographical context confessional traditions and theological schools while also taking considerations of gender race age and language into account

Undivided Hahrie Han, 2024-09-24 The inspiring story of evangelicals in Cincinnati struggling to bridge racial divides in their own church their community and across the nation In 2016 even as Ohio helped deliver victory to presidential candidate Donald Trump Cincinnati voters also passed a ballot initiative for universal preschool The margin was so large that many who elected Trump must have paradoxically also voted for the initiative how could the same citizens support such philosophically disparate aims What had convinced residents of this Midwestern Rust Belt community to raise their own taxes to provide early childhood education focused on the poorest and mostly Black communities When political scientist Hahrie Han set out to answer that question her investigations led straight to an unlikely origin the white dominant evangelical megachurch Crossroads where Pastor Chuck Mingo had delivered a sermon the prior year that set in motion a chain of surprising events Raised in the Black church Mingo felt called by God he told Crossroads parishioners to combat racial injustice and to do it through the very church in which they were gathered The result was *Undivided* a faith based program designed to foster antiracism and systemic change The creators of *Undivided* recognized that any effort to combat racial injustice must move beyond recognizing and overcoming individual prejudices Real change would have to be radical from the very roots In *Undivided* Han chronicles the story of four participants two men one Black and one white and two women one Black and one white whose lives were fundamentally altered by the program As each of their journeys unfolded in unpredictable and sometimes painful ways they came to better understand one another and to believe in the transformative possibilities for racial solidarity in a moment of deep divisiveness in America The lessons they learned have the power to teach us all what an undivided society might look like and how we can help achieve it

Sweet Land of Liberty Thomas J. Sugrue, 2009-10-13 *Sweet Land of Liberty* is Thomas J Sugrue s epic account of the abiding quest for racial equality in states from Illinois to New York and of how the intense northern struggle differed from and was inspired

by the fight down South Sugrue's panoramic view sweeps from the 1920s to the present more than eighty of the most decisive years in American history He uncovers the forgotten stories of battles to open up lunch counters beaches and movie theaters in the North the untold history of struggles against Jim Crow schools in northern towns the dramatic story of racial conflict in northern cities and suburbs and the long and tangled histories of integration and black power Filled with unforgettable characters and riveting incidents and making use of information and accounts both public and private such as the writings of obscure African American journalists and the records of civil rights and black power groups Sweet Land of Liberty creates an indelible history

The Geography of Hate Jennifer Sdunzik, 2023-11-07 The uncomfortable truths that shaped small communities in the midwest During the Great Migration Black Americans sought new lives in midwestern small towns only to confront the pervasive efforts of white residents determined to maintain their area's preferred cultural and racial identity Jennifer Sdunzik explores this widespread phenomenon by examining how it played out in one midwestern community Sdunzik merges state and communal histories interviews and analyses of population data and spatial and ethnographic materials to create a rich public history that reclaims Black contributions and history She also explores the conscious and unconscious white actions that all but erased Black Americans and the terror and exclusion used against them from the history of many midwestern communities An innovative challenge to myth and perceived wisdom The Geography of Hate reveals the socioeconomic political and cultural forces that prevailed in midwestern towns and helps explain the systemic racism and endemic nativism that remain entrenched in American life

Spin Doctors Nora Loreto, 2021-11-24T00:00:00Z As Canada was in the grips of the worst pandemic in a century Canadian media struggled to tell the story Newsrooms already run on threadbare budgets struggled to make broader connections that could allow their audience to better understand what was really happening and why Politicians and public health officials were mostly given the benefit of the doubt that what they said was true and that they acted in good faith This book documents each month of the first year of the pandemic and examines the issues that emerged from racialized workers to residential care to policing It demonstrates how politicians and uncritical media shaped the popular understanding of these issues and helped to justify the maintenance of a status quo that created the worst ravages of the crisis Spin Doctors argues alternative ways in which Canadians should understand the big themes of the crisis and create the necessary knowledge to demand large scale change

Suburban Erasure Walter Greason, 2013 For generations historians believed that the study of the African American experience centered on the questions about the processes and consequences of enslavement Even after this phase passed the modern Civil Rights Movement took center stage and filled hundreds of pages creating a new framework for understanding both the history of the United States and of the world Suburban Erasure by Walter David Greason contributes to the most recent developments in historical writing by recovering dozens of previously undiscovered works about the African American experience in New Jersey More importantly his interpretation of these documents complicates the traditional understandings

about the Great Migration civil rights activism and the transformation of the United States as a global economic superpower Greason details the voices of black men and women whose vision and sacrifices made the dream of Dr Martin Luther King Jr possible Then in the second half of this study the limitations of this dream of integration become clear as New Jersey a state that took the lead in showing American how to overcome the racism of the past fell victim to a recurring pattern of colorblindness that entrenched the legacy of racial inequality in the consumer economy of the late twentieth century Suburbanization simultaneously erased the physical architecture of rural segregation in New Jersey and ideologically obscured the deepening persistent injustices that became the War on Drugs and the prison industrial complex His solution for the twenty first century involves the most fundamental effort to racially integrate state and local government conceived since the Reconstruction Era Suburban Erasure is a must read for people concerned with democracy human rights and the future of civil society

JOHNNY and JAZZBO Kathryn J. Hardy, 2021-12-30 It is several months after he graduates from dental school in 1959 when Johnny Savage reads Robert Rourke s book Poor No More while on Navy ship USS Glacier headed for Antarctica Inspired to learn more about the secret to success he embarks on a decades long journey of self discovery to find wealth love and happiness where his path eventually becomes intertwined with that of a black houseboy Otis Ikner After exploring the freezing land of Antarctica Johnny takes a political stand fighting for equal rights on hot sultry days in Atlanta Georgia as he and his sidekick Otis endure dangerous and near death challenges While on an unpredictable journey burdened with sacrifices misjustices and unrest the two men must rely on humor tenacity courage and a desire to be the best they can be as they battle their way toward success without any idea where the road to their destinies will lead Johnny and Jazzbo is the tale of two extraordinary Southern men as they rise above tumultuous times in American history to learn the true meaning of compassion love friendship and respect for people of all colors and walks of life

Black Lives, White Lives Bob Blauner, 2022-02-01 Now with a new foreword this timely reissue features a remarkable collection of oral histories that trace three decades of turbulent race relations and social change in the United States for a new generation of activists One evening in 1955 Howard Spence a Mississippi field representative for the NAACP investigating the Emmett Till murder was confronted by Klansmen who burned an eight foot cross on his front lawn I felt my life wasn t worth a penny with a hole in it Twenty four years later Spence had become a respected pillar of that same Mississippi town serving as its first Black alderman The story of Howard Spence is just one of the remarkable personal dramas recounted in Black Lives White Lives Beginning in 1968 Bob Blauner and a team of interviewers recorded the words of those caught up in the crucible of rapid racial social and political change Unlike most retrospective oral histories these interviews capture the intense racial tension of 1968 in real time as people talk with unusual candor about their deepest fears and prejudices The diverse experiences and changing beliefs of Blauner s interview subjects sixteen of them Black twelve of them white are expanded through subsequent interviews in 1979 and 1986 revealing as much about ordinary daily lives as the extraordinary cultural

shifts that shaped them This book remains a landmark historical and sociological document and an exceptional primary source commentary on the development of race relations since the 1960s Republished with a foreword by Professor Gerald Early Black Lives White Lives offers new generations of scholars and activists a galvanizing meditation on how divided America was then and still is today **The Black Child-Savers** Geoff K. Ward,2022-12-22 During the Progressive Era a rehabilitative agenda took hold of American juvenile justice materializing as a citizen and state building project and mirroring the unequal racial politics of American democracy itself Alongside this liberal manufactory of citizens a parallel structure was enacted a Jim Crow juvenile justice system that endured across the nation for most of the twentieth century In The Black Child Savers the first study of the rise and fall of Jim Crow juvenile justice Geoff Ward examines the origins and organization of this separate and unequal juvenile justice system Ward explores how generations of black child savers mobilized to challenge the threat to black youth and community interests and how this struggle grew aligned with a wider civil rights movement eventually forcing the formal integration of American juvenile justice Ward s book reveals nearly a century of struggle to build a more democratic model of juvenile justice an effort that succeeded in part but ultimately failed to deliver black youth and community to liberal rehabilitative ideals At once an inspiring story about the shifting boundaries of race citizenship and democracy in America and a crucial look at the nature of racial inequality The Black Child Savers is a stirring account of the stakes and meaning of social justice The New Face of Small-town America Edgar Sandoval,2010 A collection of essays on the experiences of Latino immigrants in Allentown Pennsylvania Provided by publisher

The Top Books of the Year Small Towns Black Lives The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. Small Towns Black Lives : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
