870 Words      *Beyond Quality in Early Childhood Education and Care* Gunilla Dahlberg, Peter Moss, Alan Pence, 2013-10-23  
Taking a broad approach *Beyond Quality in Early Childhood Education and Care* relates issues of early childhood to the sociology of childhood philosophy ethics political science and other fields and to an analysis of the world we live in today It places these issues in a global context and draws on work from Canada Sweden and Italy including the world famous nurseries in Reggio Emilia Working with postmodern ideas this book questions the search to define and measure quality in the early childhood field and its tendency to reduce philosophical issues of value to purely technical and managerial issues of expert knowledge and measurement With a brand new Preface to this classic text the authors argue that there are other ways than the discourse of quality for understanding and evaluating early childhood pedagogical work and relate these to alternative ways of understanding early childhood itself and the purposes of early childhood institutions      *Early Childhood Education and the Student Empowerment Program* Mario C. Barbieri, Jane C. Wiatr, 2020-04-15 Dr Mario C Barbieri and Jane C Wiatr have developed a practical and informative guide to teaching for both new and seasoned teachers administrators and their support staff This book spotlights The Student Empowerment Program and is the foundation for a positive climate and culture in the early childhood classroom The program is detailed chapter by chapter and addresses the nature of the learner from play and exploration to technology to rubrics and assessments This covers the gamut of what every educator needs to know to become a master in their field The Student Empowerment Program contains the 5 R s which is the architecture a teacher needs to build a solid foundation for learning and self regulation Any educator who wants to make a positive change and become enabled to teach more and discipline less will appreciate the simplicity of our program in this step by step handbook Every word whether it is our personal experience or research based is dedicated to facilitating a smooth transition toward positive discipline student self regulation and student empowerment      *Handbook of Research on Educational Communications and Technology* J. Michael Spector, M. David Merrill, Jan Elen, M. J. Bishop, 2013-07-03 The 4th edition of the Handbook of Research on Educational Communications and Technology expands upon the previous 3 versions providing a comprehensive update on research pertaining to new and emerging educational technologies Chapters that are no longer pertinent have been eliminated in this edition with most chapters being completely rewritten expanded and updated Additionally new chapters pertaining to research methodologies in educational technology have been added due to expressed reader interest Each chapter now contains an extensive literature review documenting and explaining the most recent outstanding research including major findings and methodologies employed The Handbook authors continue to be international leaders in their respective fields the list is cross disciplinary by design and great effort was taken to invite authors outside of the traditional instructional design and technology community      **Proceedings of the Parliament of South Australia** South Australia. Parliament, 1882      *Mobile Learning Applications in Early Childhood Education*

Papadakis, Stamatios, Kalogiannakis, Michail, 2019-11-29 Mobile technologies combined with an interdisciplinary approach to knowledge and organization of learning experiences that are meaningful to children could create a creative and interactive learning environment different from that of traditional teaching Making good use of mobile learning with appropriate devices will increase the learning motivations of the students and help them bring about positive performance Mobile Learning Applications in Early Childhood Education is a collection of innovative research on the methods and applications of mobile learning techniques and strategies within diversified teaching settings While highlighting topics including computational thinking ubiquitous learning and social development this book is ideally designed for researchers teachers parents curriculum developers instructional designers academicians students and practitioners seeking current research on the application of mobile technology within child education      **Early Childhood Education** Harry Morgan, 2011-01-16 Harry Morgan lays the foundations of what early childhood education is by integrating the history of the field with the philosophy and theories behind this discipline From birth to age eight when children become integrated into society through their education at school and at home Early Childhood Education examines the education of this age group from its historical beginnings to the theories used then and today The writings and research of philosophers such as Locke psychologists such as Freud and pioneers of early childhood education such as Froebel are covered in this concise text With lucid and engaging prose Morgan delineates the beginnings of early childhood education and how it has become an important field of study in education today This edition has been updated to include recent research and how current practices and culture affect the field today Also included in this second edition is a new chapter about critical race theory and its implications on early childhood education      *Boletín Internacional de Bibliografía Sobre Educación* , 1995
