series in which necromancer Eric Carter returns home to find his sister's killer and send them straight to hell Eric Carter has a unique skill he can talk to the dead Specifically communicating with restless spirits or other even worse entities and getting them to move on or move out Sometimes they take a lot of convincing And sometimes they straight up try to kill him It's not your typical way to make a living but Carter's managed to make it work Life is pretty good At least it was Because Carter's little sister has just been brutally killed By something nightmarish To find the killer Eric Carter is going to have to return to L A which he left fifteen years ago when he made a lot of people and paranormal entities very angry And those people have long unforgiving memories But Carter is no pushover He's got more heavy duty magical power than most of those with his skill set and he's more than happy to use it on anyone or anything who tries to stop him from finding his sister's killer And when he does he is going to make them pray for death and then he's going to answer their prayers Praise for the Eric Carter series Blackmoore employs Chanderlesque prose to smoothly incorporate a hard boiled sense of urban despair into a paranormal plot with occasional leavening provided by smart aleck humor Publishers Weekly on Dead Things In a world where Aztec Mythology dark magic and grim reality blend together nothing is what it appears to be Best of all Blackmoore's chillingly good storytelling skills ensures that fans will enjoy every step of this adrenaline fueled journey RT Book Reviews Top Pick on Broken Souls This series is so fucking good Blackmoore can't write these books fast enough to suit me BROKEN SOULS is hyper caffeinated turbo bloody face stomping fun This is the L A noir urban fantasy you've been looking for Kevin Hearne Author of The Iron Druid Chronicles Carter's wry voice is amusing as ever but the grief he carries is palpable adding depth and a sense of desperation to this action packed adventure Readers will be eager for more after this thrilling emotionally fraught installment Publishers Weekly on Ghost Money Starred Review Series Order 1 Dead Things 2 Broken Souls 3 Hungry Ghosts 4 Fire Season 5 Ghost Money 6 Bottle Demon 7 Hate Machine **Battle of Britain Target London** Dilip Sarkar MBE, 2025-02-13 Dilip Sarkar's fifth volume examines September 1940 in the Battle of Britain challenging myths with detailed research and firsthand accounts In this unprecedented series exploring the big story of the Battle of Britain renowned historian Dilip Sarkar investigates the wider context and intimate details of the epic aerial conflict in the summer of 1940 from all sides In so doing he gives due acknowledgement to the roles of Bomber and Coastal Commands in addition to the fabled Few of Fighter Command This unique narrative draws upon a lifetime of research the author having enjoyed a long relationship with survivors and the relatives of casualties his innumerable interviews and first hand accounts collated in addition to privileged access to personal papers providing essential human interest to this inspirational story In this the fifth volume Battle of Britain Target London Dilip continues to examine the fighting on a day by day combat by combat basis from 7 September to 17 September 1940 It was on 7 September that the Luftwaffe changed tack and instead of continuing its successful strikes on 11 Group and its airfields switched its focus to the round the clock bombing of London According to popular narrative this move lost the Germans the Battle of Britain providing Fighter Command an opportunity to recover This

however is not necessarily the opinion of certain German scholars all of which is explored by the author The events of 7 September also saw the 12 Group Duxford Wing go into action for the first time the effects of which are analysed This review confirms that the formation massively over claimed and was not therefore as successful as believed at the time by certain senior commanders and politicians Likewise the events of 15 September 1940 long accepted as Battle of Britain Day are often stated to represent a great turning point in the aerial fighting of the summer of 1940 but is this correct Two days later Hitler postponed Operation Sealion the invasion of the United Kingdom indefinitely Could therefore this day be considered the date the Battle of Britain really ended Through diligent research combined with crucial official primary sources and personal papers Dilip unravels many myths often challenging the accepted narrative This is not simply another dull record of combat losses and claims far from it Drawing upon unique first hand accounts from a wide range of combatants and eyewitnesses along with Daily Home Intelligence Reports and numerous other primary sources this book forms part of what is likely to be the first and last such comprehensively woven account of this epic air battle
