Telling Stories To Children:

How to Tell Stories to Children Sara Cone Bryant, 1905 The stories which are given in the following pages are for the most part those which I have found to be best liked by the children to whom I have told these and others I have tried to reproduce the form in which I actually tell them although that invariably varies with every repetition feeling that it would be of greater value to another story teller than a more closely literary form My hope is that this book may be of use to those who have much to do with children Preface

How to Tell Stories to Children, and Some Stories to Tell Sara Cone Bryant, 2014-02-10 Not long ago I chanced to open a magazine at a story of Italian life which dealt with a curious popular custom It told of the love of the people for the performances of a strangely clad periodically appearing old man who was a professional story teller This old man repeated whole cycles of myth and serials of popular history holding his audience chamber in whatever corner of the open court or square he happened upon and always surrounded by an eager crowd of listeners So great was the respect in which the story teller was held that any interruption was likely to be resented with violence As I read of the absorbed silence and the changing expressions of the crowd about the old man I was suddenly reminded of a company of people I had recently seen They were gathered in one of the parlours of a women's college and their serious young faces had habitually none of the childlike responsiveness of the Italian populace they were suggestive rather of a daily experience which precluded over much
