who rose every day from the Persian Gulf and taught wisdom to men As the sun sunk below the horizon he retired into the sea passing the night in the deep for he was amphibious i e he lived on two planes the spiritual and the physical The Gnostic Oannes John and the Hindu Vishnu are one and the same personifications of Microcosm the Inner Man The numerical value of words known as Isopsephism is a branch of the ancient sacerdotal language Words or phrases that share the same numerical value also share the same spiritual significance Isopsephism was taught in the Lesser Mysteries but the language itself was reserved for high initiates alone When good and evil come to an equilibrium in the scales of human actions 666 million men will have Supreme Wisdom incarnated in them The Christian application of the compound name Jesus Christ is based on Gnostic and Eastern Mysticism St John's Apocalypse has been written in the mystery language of the ancient Tanna m a relic of Egyptian and Chaldean Wisdom The Tanna m were Initiates from whom the wisdom of the Kabbalah was obtained by the later Talmudists Number 6 was the symbol of our globe ready to be animated by divine spirit Figure 6 stands for the Earth in autumn and winter figure 7 the Central Informing Force in spring and summer The ancients divided our globe into 60 degrees which multiplied by 60 became 3 600 the Great Year Hence also the hour with its 60 minutes of 60 seconds each Number 6 has now completed the Earth a globe with a cross over it Number 7 is the festival day of the Earth and birthday of our world It represents the seven principles throughout Kosmos Nature and Man The Monad has to pass through its mineral vegetable and animal forms before the Light of Logos is awakened in animal man Till then the animal form cannot be referred to as a thinking man but has to be regarded as a Monad imprisoned in ever changing forms 666 is the isopsephic value of the mind in animal man devoid of any noetic element 666 stands for the physical man of the late Third Lemurian to early Fourth Atlantean Root Races This is the very beast of the Revelation and Plutarch's Eight Race man The isopsephic value of Plato's word for the Lower Mind is also 666 suggesting that the Higher Mind is dormant A hint for Masons learn to multiply 333 and you may strike 666 instead Cosmogogenesis and Anthropogenesis numerically and geometrically expressed The One attracts within itself the Divine Unity of the One Circle and forms out of It the Perfect Square thus squaring the circle The Great Circle or Ring Pass Not is the Rope of the Angels hedging off the phenomenal from the noumenal Kosmos That Circle is the Universal Principle which from any given point expands to embrace all things while embodying the potentiality of every action in Kosmos How does the Triangle become the Square How does the Square become the Six faced Cube How does the Triad become a Tetrad the Pythagorean Perfect Square in heaven and a Cube on earth Mathematically expressed Logos become Tetragrammaton i e the Three become Four When the Spiritual Ego the holy number 7 germ and matrix of the 6 enters the animal body the 6 faces of the cube unfold thus forming the cross of passions upon which material man Chr istos crucifies himself and disappoints his glorious Spirit Christos Kabbalistic interpretation of the crucifixion nails reveals their sexual meaning The occult meaning of the Svastika emblem of the activity of Fohat symbolised by the figure 6 and the Sacred Four explained 26 Number 7 being the compound of 6 1 is the Number of numbers

Metaphysically number 7 is the ever invisible centre the spirit of everything as there exists no body with six lines constituting its form without a seventh being found as the central point in it which is the source and origin of the six Esoterically number 7 symbolises the secondary perfection for it is related only to the manifested planes Whereas the Greek Delta is the vehicle of the unknown Deity Exoterically number 3 became the ideograph of the three material elements air water earth plus number 4 the principle of all that which is neither embodied nor perceptible But this has never been accepted by the real Pythagoreans With the Egyptians number 7 was the symbol of life eternal and this is why the Greek letter Z which is but a double 7 is the initial letter of the verb Z I live and of Zeus Father of all living Interpreted by the Pythagorean Key the 365 days of a solar year read The Earth animated by the Spirit of Life Number 7 interpreted astronomically geometrically and sexually Astronomically number 7 is closely connected with the Atlantides who have become the Seven Pleiades The two are connected with the destinies of nations as shaped by past events according to Karmic law Kartikeya Mars the occult symbol of the cycle of Naros is composed of 600 666 and 777 years Esoterically number 7 is symbolised by two interlaced triangles forming a six pointed star around a central point For Seven is the germ of the six and their matrix In the old Sanskrit works number 6 is mentioned more often than 7 the central position of which is implied by the point that had produced the first line Geometrically 7 is the number of the spiritual man symbolised by the cube unfolding as cross Deity in Man is symbolised by the Tau cross a double glyph Tau is formed from the figure 7 and the Greek letter symbols of divine and earthly life respectively In its terrestrial attachment Tau is the Sun shorn of his beams The days of the solar year correspond with the 7 principles of psychic man and the 7 aspects of the physical man The sexual meaning of the crucifixion nails when numerically interpreted explain how number 6 became 7 The position of the three nails into the crucified s extremities and on the cross form the corners of a triangle facing down The three nails with the three wounds are in number 6 which denotes the 6 faces of the cube when unfolded When the feet are separated the three wounds become four forming a square and thus the number of the crucified 3 4 become 7 a most holy number And when 3 and 4 kiss each other they form the Procrustean bed of torture where Prometheus is crucified While 7 is the feminine number of pristine purity 9 is the number of the phallic or male energy But the Jews made of number 7 a feminine number of generation thus introducing the phallic element into religion 777 is the isopsephic value of the Cross and symbol of the Kosmic Man Radiating from a Pyramid of Heavenly Stars 777 enlightens the inferior worlds The mundane cross is the oldest phallic symbol of the dual generative power not the instrument of the alleged crucifixion Jesus was crucified by his own Church not by Scripture Christos is the Man God of Plato who crucifies himself for an eternity in the darkness of matter in order to redeem the Spirit of Truth from the clutches of untruth and self deceit The Fathers have falsified Jesus last words and made him a victim of his own success The paronomastic terms Chr stos and Christos are linked astrologically a double pun Scorpio is Chr stos in humiliation Leo Christos in triumph Christos is the eternal real Individuality or universal Altruism whereas Jesus Chr stos is the mortal man who by crucifying the man of flesh

and his passions on the Procrustean bed of torture is reborn Immortal and leaves the animal man behind him tied on the Cross of Initiation like an empty chrysalis Then his Higher Soul becomes as free as a butterfly Christos is the God in Space and Man s Saviour on Earth What is the meaning of Moses beseeching the Lord to show him his glory A grotesque verse from Exodus interpreted esoterically Why Moses and Jehovah are in numerical harmony Because the number of Moses is that of I am That I am i e 345 The number of Jehovah is 543 the reverse of 345 Number 8 symbolises the regular Kosmic breathing overseen by eight gods Number 8 also symbolises the equality of units order and symmetry in heaven transformed into inequality and confusion on earth by man s intense selfishness and rebellion against Nature s decrees If number 6 was the symbol of our globe ready to be animated by a divine spirit number 9 is the symbol of our globe informed by an evil spirit 888 is the Gnostic and Kabbalistic number of Jesus and also the tripartite division of a solar day When the back parts of Moses and his face are added up we have 888 which is the Gnostic Kabbalistic name of Jesus The main purpose of this system of number checks was to preserve in perpetuity the exact value of the Lunar Year in the natural measure of days The Semites seem to have had no higher purpose in life than that of procreating their species Jewish Deity is proved to be at best only the manifested duad never the One Absolute ALL The Jews had no aspirations towards the Ideal
