Ten Men Dead The Story Of The 1981 Irish Hunger Strike:

Ten Men Dead David Beresford,1997 In 1981 ten men starved themselves to death inside the walls of Long Kesh prison in Belfast While a stunned world watched and distraught family members kept bedside vigils one soldier after another slowly went to his death in an attempt to make Margaret Thatcher s government recognize them as political prisoners rather than common criminals Drawing extensively on secret IRA documents and letters from the prisoners smuggled out at the time David Beresford tells the gripping story of these strikers and their devotion to the cause An intensely human story Ten Men Dead offers a searing portrait of strife torn Ireland of the IRA and the passions on both sides that Republicanism arouses

Ruairí Ó Brádaigh Robert W. White,2020-05-05 A biography and analysis of the influential Irish political and military leader At his death in 2013 Ruair Br daigh remained a divisive and influential figure in Irish politics and the Irish Republican movement He was the first person to serve as chief of staff of the Irish Republican Army as president of the political party Sinn F in and to have been elected as an abstentionist to the Dublin parliament He was a prominent uncompromising and articulate spokesperson of those Irish Republicans who questioned the peace process in Northern Ireland His concern was rooted in his analysis of Irish history and his belief that the peace process would not achieve peace He believed that it would support the continued partition of Ireland and result in continued inevitable conflict The child of Irish Republican veterans Br daigh led IRA raids was arrested and interned escaped and lived on the run and even spent a period on a hunger strike Because he was an effective spokesman for the Irish Republican cause he was at different times excluded from Northern Ireland Britain the United States and Canada He was also a key figure in the secret negotiation of a bilateral IRA British truce in the mid 1970s In a brief afterword for this new edition author Robert W White addresses Br daigh s continuing influence on the Irish Republican Movement including the ongoing dissident campaign Whether for good or bad this ongoing dissident activity is a part of Ruair Br daigh s enduring legacy A tour de force Indispensable for all Irish studies collections

Transforming Violent Political Movements Kevin E. Grisham, 2014-03-21 This book explores the factors that influence violent rebellious political organisations to transform into other entities such as political parties criminal organisations and terrorist organisations From the end of the Second World War until 1990 many events in the world centred on the bipolar struggle between the United States and the USSR Although there were numerous civil wars occurring during the Cold War era many of these conflicts went virtually unnoticed unless they were linked to the Cold War struggle for ideological dominance In the aftermath of the fall of the Soviet Union the number of intra state conflicts was prevalent around the globe Along with the occurrence of civil wars a variety of violent political movements also developed Examining cases from Latin America Africa Europe and Asia this book addresses how violent political movements transform during and after conflict into new types of organisations using the collective political violence transformative CPVT model The study uses a combination of pre existing literature from the fields of sociology and political science archival research and interviews with movement members former and active conducted by the author In studying the Provisional IRA and Sinn Féin in the Spear of the Nation MK and the African National Congress ANC the Abu Sayyaf Group and the Revolutionary Armed Forces of Colombia FARC EP Transforming Violent Political Movements paints a picture of organisations that have to respond to their environments to survive This book will be of much interest to students of political violence terrorism war and conflict studies security studies and IR

A Troubled Sleep James Waller, 2021 Drawing on ethnographic fieldwork comparative research and over 110 hours of face to face interviews with a diverse range of political academic civil society and community actors across Northern Ireland Waller revisits one of the world's most deeply divided societies to analyze Northern Ireland's current vulnerabilities and points of resilience as an allegedly post conflict society

Voices from the Grave Ed Moloney, 2010-06-01 A candid and brutal account of murder abduction and violence during the Troubles in Northern Ireland from two men on opposite sides of the conflict After the long war in Ireland came to an end very few paramilitary leaders on either side spoke openly about their role in that bloody conflict but in Voices from the Grave two leading figures from opposing sides reveal their involvement in bombings shootings and killings on one condition that their stories were kept secret until after their deaths In extensive interviews given to researchers from Boston College Brendan Hughes and David Ervine spoke with astonishing openness about their turbulent violent lives Hughes was a legend in the Republican movement An operator a gun runner and mastermind of some of the most savage IRA violence of the Troubles he was a friend and close ally of Gerry Adams and was by his side during the most brutal years of the conflict David Ervine was the most substantial political figure to emerge from the world of Loyalist paramilitaries A former Ulster Volunteer Force bomber and confidante of its long time leader Gusto Spence Ervine helped steer Loyalism's gunmen towards peace persuading the UVF's leaders to target IRA and Sinn Féin activists and push them down the road to a ceasefire Now their

stories have been woven into a vivid narrative which provides compelling insight into a secret world and events long hidden from history

Material Conflicts Neil Jarman, 2020-08-04 The deep and abiding sectarian divide splintering Northern Ireland has been the focus of considerable attention recently In particular the role parades and visual displays play in underscoring opposition has come into the spotlight with the emergence of heightened tensions close on the heels of a tentative peace Providing penetrating insights into the historical roots of Northern Ireland's ethnic hostilities this timely book explores the role of images and material culture in shaping present attitudes Ritual identity class and memory are shown to be potent forces informing trenchant animosities animosities which are visually reflected in banners and murals for unionists and nationalists alike The pivotal role of the Twelfth of July parade in Belfast when an estimated 100 000 either parade or watch the Orangemen is highlighted Anyone interested in the future of Northern Ireland and concerned about escalating conflict across the globe will warmly welcome this impressive study

Shattering Silence Begoña Aretxaga, 2020-09-01 This book the first feminist ethnography of the violence in Northern Ireland is an analysis of a political conflict through the lens of gender The case in point is the working class Catholic resistance to British rule in Northern Ireland During the 1970s women in Catholic nationalist districts of Belfast organized themselves into street committees and led popular forms of resistance against the policies of the government of Northern Ireland and after its demise against those of the British In the abundant literature on the conflict however the political tactics of nationalist women have passed virtually unnoticed Begoña Aretxaga argues here that these hitherto invisible practices were an integral part of the social dynamic of the conflict and had important implications for the broader organization of nationalist forms of resistance and gender relationships Combining interpretative anthropology and poststructuralist feminist theory Aretxaga contributes not only to anthropology and feminist studies but also to research on ethnic and social conflict by showing the gendered constitution of political violence She goes further than asserting that violence affects men and women differently by arguing that the manners in which violence is gendered are not fixed but constantly shifting depending on the contingencies of history social class and ethnic identity Thus any attempt at subverting gender inequality is necessarily colored by other dimensions of political experience

after 9 11 including the reassessment of Daniel O Connell s political ideology Owenism in Ireland Oscar Wilde s socialistic ideology the ideological development of the Republican and Loyalist prisoners This unique collection of essays far from being a static historiographical description provides food for thought and sheds light on the fascinating ambivalent dynamics lying at the heart of the building process of a modern nation resulting from the aggregate of individual will collective ideals and Zeitgeist The impressive variety of issues raised by authors of diverse origins United States Ireland Britain France including leading experts in the above mentioned areas Richard English Robert Mahony Jonathan Tonge Kieran Allen John Sloan Christopher Murray Vincent Geoghegan therefore widely contributes to the fact that the present book will be intellectually stimulating and enlightening at least as an introduction for all the students and scholars of Irish studies and other related disciplines

Historians on Leadership and Strategy Martin Gutmann,2019-10-01 This book examines the well covered subject of leadership from a unique perspective history s vast catalogue of leadership successes and failures Through a collection of highly compelling case studies spanning two millennia it looks beyond the classic leadership parable of men in military or political crises and shows that successful leadership cannot be reduced to simplistic formulae Written by experts in the field and based on rigorous research each case provides a rich and compelling account that is accessible to a wide audience from students to managers Rather than serving as a vehicle for advancing a particular theory of leadership each case invites readers to reflect debate and extract their own insights

The Dynamics of Conflict in Northern Ireland Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is

already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge

Rhythms of Revolt: European Traditions and Memories of Social Conflict in Oral Culture Éva Guillorel, David Hopkin, William G. Pooley, 2017-10-23 The culture of insurgents in early modern Europe was primarily an oral one memories of social conflicts in the communities affected were passed on through oral forms such as songs and legends This popular history continued to influence political choices and actions through and after the early modern period The chapters in this book examine numerous examples from across Europe of how memories of revolt were perpetuated in oral cultures and they analyse how traditions were used From the German Peasants War of 1525 to the counter revolutionary guerrillas of the 1790s oral traditions can offer radically different interpretations of familiar events This is a history from below and a history from song which challenges existing historiographies of early modern revolts

The Northern Ireland Conflict John McGarry, Brendan O'Leary, 2004-03-18 This book collects some of the major essays past and new of two of the leading authorities on the Northern Ireland conflict It is unified by the theory of consociation one of the most influential theories in the regulation of conflicts The authors are critical exponents of the approach and several chapters explain its attractions over alternative forms of conflict regulation The book explains why Northern Ireland's national divisions have made the achievement of a consociational agreement particularly difficult The issues raised in the book are crucial to a proper understanding of Northern Ireland's past and future which the authors argue is likely to involve some type of consociational democracy whether or not the one agreed to on Good Friday The issues addressed are not particular to Northern Ireland They are relevant to a host of other divided territories including Cyprus Kosovo Macedonia Sri Lanka Nigeria and Afghanistan The book is therefore vital reading not just for Northern Ireland specialists but also for anyone interested in consociation and in the just and durable regulation of national and ethnic conflict
