Ten Old English Poems ,1941   **Ten Old English Poems** ,1951   **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660** George Watson,Ian Roy Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries   *New Readings in the Vercelli Book* Samantha Zacher,Andy Orchard,2009-12-15 The late tenth century Vercelli Book Vercelli Biblioteca Capitolare CXVII contains one of the earliest surviving collections of homilies and poetry in the English language The manuscript s combination of poetry and homiletic prose has generated intense scholarly debate and there is no consensus concerning the original purpose of the compiler New Readings in the Vercelli Book addresses central questions concerning the manuscript s intended use mode of compilation and purpose and offers a variety of approaches on such topics as orthography style genre theme and source study The contributors include some of the foremost Vercelli experts as well as the two most recent editors of the homilies The remarkable essays in this volume offer the first sustained literary analysis of both the poetry and prose texts of the Vercelli Book providing important new perspectives on a dynamic and valuable historical document   *A Bibliography of Publications on Old English Literature to the End of 1972* Stanley B. Greenfield,Fred C. Robinson,2008-07-28 Greenfield and Robinson state in their preface that they have sought to include every book monograph article note and review published on Old English literature since the invention of printing They have come as close to doing so as two descendants of Adam possibly can undeterred by the trouble at Babel By my count thirty different languages are represented in the bibliography sixteen of them frequently Rarely has any bibliography in any other discipline equalled the thoroughness and accuracy of this one It is a contribution for which Greenfield and Robinson will long receive from their colleagues that measure of gratitude reserved for Old English scholarship s most bounteous treasure givers Carl T BerkhoutWhat astonishes is how well Greenfield and Robinson have succeeded in what they set out to do how uniformly excellent their volume is in all its profusion of information and detail The Bibliography will bring scholars that peculiar joy in complex intellectual work done well that only they know it will be immensely useful virtually indispensable if not a vade mecum because of its size then at least an enchiridion with which they will fight their battles on behalf of Beowulf and Brunanburb and the Blickling Homilies The Old English Newsletter A volume long needed the Bibliography will now become an indispensable reference work for every student of Old English literature from the beginner to the acknowledged authority British Book News   **The Cambridge Bibliography of English Literature** Frederick
