C Day-Lewis Peter Stanford, 2007-07-27 Poet translator of classical texts novelist detective writer under the pen name Nicholas Blake performer and at that time Professor of Poetry at Oxford C Day Lewis had many careers all at once This first authorized biography tells the private story behind the many headlines that this handsome Anglo Irish Poet Laureate generated in his lifetime Day Lewis made his name as one of the

poets of the 1930s launching a communist influenced poetic revolution alongside W H Auden and Stephen Spender that aspired to spark wholesale political change to face down fascism In the 1940s Red Cecil as he had become known broke with communism and with Auden He went on to produce some of his most popular and enduring verse reflecting both on the course of the Second World War and on the breakdown of his first marriage Day Lewis was always pulled between a fulfilling domestic life and a restless desire to explore His travels his infidelities and his reflections on his Irish roots are all part of the rich and many faceted life that Peter Stanford describes It is however as a poet that he is best remembered and the poetry itself often autobiographical forms an integral part of this biography Anthologies of British Poetry ,2021-11-22 From Tottel s Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web **The Changing World of Contemporary South Asian Poetry in English** Mitali P. Wong,M. Yousuf Saeed,2019-07-02 This collection uses a transnational approach to study contemporary English language poetry composed by poets of South Asian origin The poetry contains themes motifs and critiques of social changes and the contributors seek to encapsulate the continually changing environments that these contemporary poets write about The contributors show that English language poetry in South Asia is hybridized with imagery and figurative language adapted from the vernacular languages of South Asia The chapters examine women s issues concerns of marginalized groups such as the Dalit community and the people of Northeastern India social changes in Sri Lanka the changing society of Pakistan and the formation of the identity in the several nation states that resulted from the British colony of India **The Penguin Book of Russian Poetry** Robert Chandler,Irina Mashinski,Boris Dralyuk,2015-02-26 An enchanting collection of the very best of Russian poetry edited by acclaimed translator Robert Chandler together with poets Boris Dralyuk and Irina Mashinski In the late eighteenth and early nineteenth centuries poetry s pre eminence in Russia was unchallenged with Pushkin and his contemporaries ushering in the Golden Age of Russian literature Prose briefly gained the high ground in the second half of the nineteenth century but poetry again became dominant in the Silver Age the early twentieth century when belief in reason and progress yielded once more to a more magical view of the world During the Soviet era poetry became a dangerous subversive activity nevertheless poets such as
