Ten Presidents and T/Press CB Kenneth W. Thompson, 1983-01-10 NOTE Series number is not an integer 00 *The Presidents vs. the Press* Harold Holzer, 2021-08-24 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press including a new foreword chronicling the end of the Trump presidency The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People Has our free press ever faced as great a threat Perhaps not but the tension between presidents and journalists is as old as the republic itself Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda It was a strategy that galvanized TR's public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation

Who Speaks for the President? W. Dale Nelson, 2000-05-01 When President Warren G Harding fell ill in 1923 Steve Early a reporter for the Associated Press became skeptical of the innocuous bulletins being issued by the White House He remained at the hotel where the president was staying and when Florence Harding called out for a doctor Early scrambled

down a fire escape to file the story His Associated Press report was six minutes ahead of others with the news of Harding s death A decade later when Franklin D Roosevelt entered the White House Steve Early became the first person to hold the title of presidential press secretary Mike McCurry Jody Powell and Marlin Fitzwater have all become familiar names But how has the role of the White House press secretary changed over the years We see these spokespeople at White House briefings hear them quoted by reporters but what do they really do Whom do they really serve the president or the press In his latest book former Associated Press journalist and White House reporter W Dale Nelson provides an insightful look at what has gone on behind the scenes of the White House press podium from the 1890s to the Clinton administration Nelson draws on interviews with former press secretaries press office records and his own experience as a White House reporter to trace the history of the position from its early informal days to its present seminal role in the Clinton administration

Humor in the White House Arthur A. Sloane, 2001-03-23 I heard one presidential candidate say that what this country needed was a president for the 90s Ronald Reagan once said I was set to run again I thought he said a president in his 90s Abraham Lincoln in one instance was able to put a serious injury in a humorous light in response to a

young woman's question about where a soldier was wounded Lincoln replied "Ma'am, the bullet that wounded him would not have wounded you." Presidents often bring a sense of humor to the White House with them allowing the American public to catch a glimpse of their not so serious sides. This book examines how five of the nation's funniest chief executives Abraham Lincoln, Calvin Coolidge, Franklin D. Roosevelt, John F. Kennedy, and Ronald Reagan used wit and humor to their advantage during their terms as president and how their management of the Executive Branch was thereby enhanced. As a bonus, the effective use of humor by several unsuccessful presidential candidates is surveyed. Life Stories Maureen

Speechwriting in the Institutionalized Presidency Kenneth Collier, 2018-04-18. This book traces the evolution of the speechwriting process for presidents in the White House from the administration of Franklin Roosevelt to the present. While institutionalization of the speechwriting process has often been blamed for bland presidential rhetoric, this book draws out the many varied consequences of institutionalization on the speechwriting process. Ultimately, it concludes that the institutionalization of the process has actually served the presidency well by helping presidents avoid the adverse effects of poorly chosen words.
