Ten Versions from "Trilce" by Cesar Vallejo Charles Tomlinson, Henry Gifford, 1970-01-01 Ten Versions from Trilce César Vallejo, 1970 **Charles Tomlinson and the Objective Tradition** Richard Swigg, 1994 The poetry of Charles Tomlinson is distinguished by its respect for the world as objective fact as set apart from human mythmaking symbolizing and egotistic projection In Charles Tomlinson and the Objective Tradition Richard Swigg examines the amazingly versatile speech and relationship that Tomlinson has brought to the concreteness of nature and city from the early poems of the 1940s up to the late 1980s by assessing the achievement within an Anglo American tradition of factuality from which Tomlinson has drawn strength and which his work now illuminates Blake's gleaming particularities Constable's science of painting Ruskin's visual energy Emerson's and Wordsworth's delight in humble solidities Whitman's celebration of American facts all belong to the lineage that as Tomlinson's poetry reveals takes on new expression in the modernism of Wallace Stevens and Marianne Moore This book traces Tomlinson's debt to Stevens and Moore in his poetry of the 1950s but gives special attention to the larger influence and widening of range that the art of William Carlos Williams exerted on the poetry of the 1960s and after Williams's sense of the local as a way into the universal touches a theme that has special significance for Tomlinson's Englishness and internationalism particularly in the way that this double quality gives us new insight into the poetry of other Englishmen Ivor Gurney and D H Lawrence in relation to Whitman Edward Thomas in relation to Robert Frost who also sought New World precisions to speak their nativeness The volume's close attention to the vocal grain and texture of many individual poems is especially marked in a chapter devoted to Tomlinson's politico historical poems on Danton Charlotte Corday and Machiavelli The poet not only provides a perspective on T S Eliot and Octavio Paz but in a poem about Trotsky's assassination draws on the singular American quality of Orson Welles's Citizen Kane Swigg assesses Tomlinson's stature in post war British poetry by contrasting his work with that of Philip Larkin and W H Auden and by demonstrating how much he shares with David Jones and Basil Bunting The latter two English internationalists of *The Anathemata* and *Briggflatts* have like Tomlinson won their way home to a Britain of spiritual density and concreteness BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Charles Tomlinson* Timothy Clark, 1999 Ever since his early collections of the late 1950s and early 1960s repudiated the parochialism of some of the Movement poets Charles Tomlinson has formed a unique voice in contemporary British Poetry Cosmopolitan intellectual and polyglot he has achieved an original blend of the high modernist tradition English Romantic aesthetics and contemporary phenomenology His work forms in his own words a phenomenology of perception one adapted to what could be termed an environmentalist ethic and aesthetic a defence of the irreducible idioms of place This book the first on this major English writer from a British publisher forms a comprehensive defence of Tomlinson's project including his work as a graphic artist as a translator and as a participator in experiments in multiple authorship and multi lingual poetry **The Poetic and Real Worlds of César Vallejo**

(1892-1938) R. K. Britton, 2015-09-28 The world renowned Peruvian poet César Vallejo 1892 1938 was also a journalist essayist novelist and would be dramatist The study of his life and work has encountered problems since the 1950s stemming from the fact that half of his writing was published posthumously under editorship of doubtful accuracy The matter is further complicated in that his non poetic work has been neglected in favour of his verse A Struggle between Art and Politics reviews the evidence literary and historical now reliably to hand and assesses the often conflicting body of opinion his work has generated Three essential questions are pertinent Where should Vallejo be placed in the canon of twentieth century modernism What effect did his mid life conversion to Communism have on his writing How should his prose fiction journalism and essays be assessed in relation to his poetry There are few writers whose literary output follows the twists and turns of their lives more closely than César Vallejo's This new comparative study maps his career onto the cultural social political and historical backdrop to his life in Peru France Spain and Russia and analyses his writings in the light of his life circumstances Vallejo's journey from Peru the cultural periphery to the centre of inter war Paris his experience of European capitalism during the Depression and the confrontation of Communism and Fascism ultimately played out in the Spanish Civil War forced him to wage a personal struggle to reconcile art with life and politics This challenge is fought out in different ways in his various writings but nowhere more movingly passionately and humanely than in his posthumous poetry Catalog of

Copyright Entries. Third Series Library of Congress. Copyright Office, 1973 **Passionate Intellect** Michael Kirkham, 1999-04-01 This critical study looks at the first four decades of Charles Tomlinson's poetic career and is the only published full scale exclusive treatment of his poetry Tomlinson is a major British poet whose work has received more recognition in North America and continental Europe than it has in his own country where still in some quarters its character is misunderstood and therefore misjudged The purpose of Kirkham's study is to increase understanding and appreciation of the exceptional achievement of Tomlinson's poetry emphasising both the startling originality of his vision a unified vision of a natural human world and the subtlety of his poetic art The study is a reading of the poems which aims to show what they yield to close scrutiny and to remove misconceptions Known for its analytical rendering of sense impressions and its avoidance of the personal pronoun the objectivism of Tomlinson's poetry is not an exercise in asceticism but a means of enlarging the circumference of the perceiving self an expansion of self which is not at the same time an inflation of the self regarding ego Its theme is not objects as such but relations the relation of the perceiving self to the other of the human to the non human world Its reputation for cool detachment is based on a misreading it is a poetry of energy and excitement which combines self restraint with passionate conviction **World as Event** Brian John, 1989-09-01 In 1962 when asked whether it was a good or bad period for writing poetry Robert Graves replied not unreasonably there's nothing wrong with the period but where are the poets from the introduction to The World as Event Brian John suggests that the work of Charles Tomlinson should be granted equal prominence Tomlinson never an imitator has remained isolated from groups and uninfluenced by

movements Although his reputation as a major contemporary British poet was established early in the United States his work met with little notice in Great Britain Even now he is more accepted and appreciated outside his homeland Tomlinson suffers as did Keats and Tennyson from the accusation that his poetry is essentially un-British Brian John observes in his introduction that Wherever he has sought enrichment of his art however Tomlinson has remained intrinsically an English poet intent upon re-awakening English sensibilities to the real nature of the world I write as an Englishman who has responded to other horizons he declared in 1987 internationally minded though with the ballast of England and English to keep him Wordsworth's favourite word steady John presents a perceptive view of Tomlinson's work giving attention to the meaning of his poetry and tracing the sources of both his literary and philosophical thinking *Charles Tomlinson* Kathleen O'Gorman, 1988 This volume introduces Tomlinson and examines his work as poet and as painter In addition an essay by Charles Tomlinson reflects his own personal perspective on the relationship between poet and painter Dust jacket **Latin American Poetry** Gordon Brotherston, 1975-11-13 This study considers the ways Spanish American and Brazilian poets differ from their European counterparts by considering Latin American as more than a perfunctory epithet It sets the orthodox Latin tradition of the subcontinent against others that have survived or grown up after the conquest then pays attention to those poets who from Independence have striven to express a specifically American moral and geographical identity Dr Brotherston focuses on Modernismo or the coming of age of poetry in Spanish America and Brazil and the importance of the movements associated with it He considers César Vallejo and Pablo Neruda probably the greatest of the selection Octavio Paz and modern poets who have reacted differently to the idea that Latin America might now be thought to have not just a geographical but a nascent political identity of its own Poems are liberally quoted and treated as entities in their own right Library of Congress Catalog Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards **César Vallejo** Stephen M. Hart, Jorge Cornejo Polar, 2002 Do you know when César Vallejo was born Was he a communist or a lapsed Catholic or both Do you know what he died of Did you know that a new collection of hand-written manuscripts has been recently discovered in Montevideo You may not know the answer to all these questions some of them may be unanswerable but this book will help you to identify and compare the competing answers It describes and evaluates the manuscripts editions books collections of essays articles translations and doctoral theses written about Vallejo by a wealth of scholars since Vallejo's death on Good Friday 1938 **Critical Survey of Poetry: Sowell** Frank Northen Magill, 1992 Vol 8 includes guidelines to poetry explication *Small Press Record of Books*, 1972 *Beyond Human* Tara Daly, 2019-02-15 In the Andes indigenous knowledge systems based on the relationships between different beings both earthly and heavenly animal and plant have been central to the organization of knowledge since precolonial times The legacies of colonialism and the continuance of indigenous cultures make the Andes a unique place from which to think about art and social change as ongoing and as encompassing more than an exclusively human perspective *Beyond Human* revises
