Mexico Under Siege Donald Hodges, Ross Gandy, 2002-08 Mexico Under Siege is a readable and well informed political history covering the period from the ruling PRI's lurch to the right in 1940 through to its eventual expulsion from office in the elections of 2000 Based on two decades of interview material and new documentary sources this book is the first to consider the full panorama of popular resistance to the alliance between the Mexican state bureaucracy the president and the

business class This resistance embraced emerging urban labour protest new peasant movements revolutionary strikes on the railways and in schools student opposition and the re emergence of guerrilla struggle culminating in the celebrated indigenous peoples resistance in Chiapas Mexico Under Siege analyses the core parties of the resistance including the surprisingly central role of the Mexican Communist Party and explains why resistance achieved no more than ending the PRI's system of presidential despotism Hodge and Gandy conclude with some provocative ideas about who now constitutes the common people's primary opponent and examine the prospects for genuine struggle in an electoral arena where neo liberal economic ideology and the Mexican economy's closer integration with the United States dominate the political scene

expanding her education while experiencing European culture at the young age of twenty three Upon her return and envisioning such differences between European and United States cultures these adventures struck a spark in her to begin writing about her experiences Within a couple of years though a major change in her career forced her to reconsider her path in life A period of time developed in her early 30s in which she went through many troubling times from a career perspective as well as broken relationships During this period her visions about dreams love relationships and life in general troubled her greatly Her writings became more advanced and touched on the reality of what the author was experiencing along with other people struggling with the same issues The author wrote the poems in *One Life s Journey* because they applied to her personally during portions of her life The poems are based on what happens as we go through life real love sometimes lost real relationships sometimes broken how we dream what could be and a family most people hope they have The author created a special section called *What beholds Us* She believed we as inhabitants of this great planet called Earth don t take into consideration the beauty that surrounds us what keeps us what holds us Our daily lives cause us to not stop take a moment and smell the roses Her poems in this section ask her readers to just stop a second and look at the beauty that surrounds us all
