InTeNTional You Courtney Cohen,2017-08-02 Ten minutes makes a big difference In this book Courtney Cohen outlines how 10 minutes can help reveal the real you , *Soft Machine* Scott Meze,2025-06-23 Soft Machine are perceived as cold and forbidding At their peak in the 1970s they purposefully raised the hackles of pop journalists the musical establishment and even their own fans Their music was designed to exclude all but the most devoted Their line up constantly churned divesting themselves of every player that tried to make a human connection Instead of the community of live performance they favoured an abusive blast of ferocious noise All of this was true only for a short period of their career and is certainly not the case for more recent incarnations If the music is given a chance an entirely different band emerges one that is sly spry tuneful trippy and surprisingly welcoming merging a glorious melange of prog rock jazz fusion and much

more This book guides you through the maze of the band s works revealing why every album is worthy of re evaluation why they re so influential and why you should rush to assimilate as many of them as you can It covers the live and studio material released by the parent group all related projects with a Soft in their name and the essential extracurricular activities of members from 1960 to the present day Scott Meze is a psychedelic music obsessive born in Britain but based in Tokyo the music connoisseur s capital of the world Soft Machine have been one of the abiding loves of his life ever since a friend played him a tape of Triple Echo while careening his thoroughly chemicalised brain through the hills of South Somerset on the back of a Moto Guzzi 850 Le Mans You don t ignore an education like that **New York Magazine** ,1986-06-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Tulpa ,
