Letiche, 1964 *Military Chaplains' Review* , 1979 **The Tao of Religion** George Rapanos, 2007-02 The Tao of Religion is a source book dealing with religious transcendence the paradox is beyond the secular and the religious the finite and the infinite and falls very much into Eastern and Western concepts of transcendence The paradoxes serve to highlight the inherent limitations of our mind and mark off in some way the boundaries of the unknown territory where God dwells It is not my intent to reveal a set of truths about God as much as it is an attempt to convey through prose poetry quotations parables and figures of mythological importance the intuition of reality that touches the heart and burns and stirs the soul The book evolved from a religious revelation which I had in 1984 and is an anguished forthright attempt to come to grips with the religious issues which I found hostile and unfriendly and contained in daily life It is both a spiritual affirmation of my faith and an encouragement to those who wish to follow a path that may lead them to spiritual fulfillment *The New and Complete Dictionary of the German and English Languages* Johann Ebers, 1799 *The Golden Future* Osho, 2023-09-15 Silence usually is understood to be something negative something empty an absence of sound of noises This misunderstanding is prevalent because very few people have ever experienced silence All that they have experienced in the name of silence is noiselessness But silence is a totally different phenomenon It is utterly positive It is existential it is not empty It is overflowing with a music that you have never heard before with a fragrance that is unfamiliar to you with a light that can only be seen by the inner eyes It is not something fictitious it is a reality and a reality which is already present in everyone just we never look in All our senses are extrovert Our eyes open outside our ears open outside our hands move outside our legs all our senses are meant to explore the outside world *Becoming an American* Burt Rashbaum, 2001-04-24 In 2017 an aging Baby Boomer must be put in a nursing home His son discovers a box of photographs spanning his fathers life The photos inspire stories to portray what it was like being an immigrant a first generation American in the 1930s and a young man facing life love and loss across the 20th century
