Tents of Jacob Raphael Patai,1971      **Cultures in Motion** Peter N. Stearns,2001-01-01 Kulturens vandring fra forhistorisk tid til nutiden      **The Messiah Texts** Raphael Patai,1988-12-01 Patai investigates the false messiahs who have appeared throughout Jewish history the modern Messiah influenced movements such as reform Judaism and Zionism and the numerous reasons put forth by the various branches of Judaism as to why the Messiah has not yet appeared      Multiple Alterities Elie Podeh,Samira Alayan,2017-12-18 This book highlights and examines the role of the textbook in legitimising established political and social orders It analyses the way in which the other is presented in school textbooks focusing on a number of countries in the Middle East and North Africa MENA region and argues that the role of textbooks in developing and maintaining a national identity should be afforded greater critical attention Textbooks can help form national identities by developing a society's collective memory this might involve a historical narrative which may be self contradictory or even fabricated to a certain extent including myths symbols and collective memories that divide us from them and ultimately resulting a dichotomy between the Self and the Other As well as addressing a range of theoretical questions relating to the study of textbooks generally the volume also covers a broad spectrum of Middle Eastern states and societies with contributions from Turkey Iran Egypt Cyprus Lebanon Iraq Kurdistan Jordan Morocco Tunisia Israel and Palestine It will be essential reading for researchers and students working in the fields of Education Sociology and History particularly those with an interest in national identities in the MENA region      *Risky Transactions* Frank K. Salter,2002-07 Trust is a central feature of relationships within the Mafia oppressed minorities kin groups everywhere among dissidents nationalist freedom fighters ethnic tourists ethnic middlemen exchange networks of Kalahari Bushmen and families subjected to Stalinist social control Each of these types of trust is examined by a leading scholar and compared with the expectations of neo Darwinian theory in particular the theories of kin selection and ethnic nepotism The result is a fascinating theoretically focused yet empirically eclectic contribution to the overlapping fields of human ethnology evolutionary psychology and bio politics The common thread uniting these diverse phenomena is a trusting relationship predicated on altruism Chapters examine the strengths and limits of human trust under various stressors and temptations to defect By exploring the relationship between kin and ethnic altruism and showing its sensitivity to culture *Risky Transactions* recasts the evolutionary approach to ethnicity as a blend of primordial and instrumental factors      *Jews in the Early Modern World* Dean Phillip Bell,2008 *Jews in the Early Modern World* argues that the years between 1400 and 1700 represented a discrete cohesive and important period in Jewish history Given the significant demographic shifts that began just before and ended just after this period remarkable changes occurred in the history and experiences of Jews around the world This volume begins with a broad context of Jewish experiences under medieval Christianity and Islam It then turns to the early modern period first providing an overview of Jewish demography and settlement Next the nature and structure of Jewish community and social structures in the early

modern period are explored In the final two chapters this book presents a broad overview of Jewish religious and cultural life and Jewish relations with non Jews throughout the early modern period Publisher *Cultural Anthropology of the Middle East, A Bibliography, Volume 1 Cultural Anthropology of the Middle East 1965-1987* Strijp,2021-12-06 During the last two decades the number of anthropologists conducting research in the Middle East has increased considerably Together they have produced an abundance of valuable studies often based on prolonged periods of ethnographic fieldwork This bibliography offers a comprehensive survey of their results published between 1965 and 1987 It refers to studies published in English French and German Geographically the bibliography covers the area from Mauritania in the West to Afghanistan in the East and from Turkey in the North to the Arab Peninsula and Northern Sudan in the South The majority of studies inserted has been written by anthropologists Besides a considerable number of studies related to anthropology but published by non anthropologists has been integrated as well The majority of the monographs and volumes has been annotated

**Contemporary Europe in the Historical Imagination** Darcy Buerkle, Skye Doney, 2023-06-27 George L Mosse 1918-99 was one of the most influential cultural and intellectual historians of modern Europe In *Contemporary Europe in the Historical Imagination* an international assembly of leading scholars explore Mosse's enduring methodologies in German studies and modern European cultural history Considering Mosse's life and work historically and critically the book begins with his intellectual biography and goes on to reread his writings in light of historical developments since his death and to use extend and contend with Mosse's legacy in new contexts he may not have addressed or even foreseen The volume wrestles with intertwined questions that continue to emerge from Mosse's pioneering research including What role do sexual and racial stereotypes play in European political culture before and after 1945 How are gender and Nazi violence bound together Importantly the contributors pose questions that are inspired by Mosse's work but that he did not directly examine For example to what extent were Nazism and Italian Fascism colonial projects How have popular radical right parties reinforced and reimagined ethnonationalism and nativism Much like Mosse's own work the chapters in this book inspire new interventions into the history of gender and sexuality Jewish identity during the rise of the Third Reich and the many reincarnations of fascist pageantry and mass politics *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1974 **The Myth of the Jewish Race** Raphael Patai, Jennifer Patai, 1989 In this carefully researched analysis Raphael and Jennifer Patai begin by defining race They then develop the idea of the existence of races through history In rich and fascinating detail the authors consider the effects of intermarriage interbreeding proselytism slavery and concubinage on the Jewish population from Biblical times to the present New material explores the psychological aspects of the Jewish race issue the Jewish psyche and the consequences of the 1975 United Nations resolution equating Zionism with racism A revised and updated scientific section on the measurable genetic morphological and behavioral differences between Jews and non Jews supports the conclusion that the idea of a Jewish race is indeed a myth **Jadid Al-Islam** Raphael

Patai,2014-05-20 This study documents the history traditions tales customs and institutions of the Jadid al Islam New Muslims In 1839 Muslims attacked the Jews of Meshhed murdering 36 of them and forcing the conversion of the rest While some managed to escape across the Afghan border and some turned into true believing Muslims the majority adopted Islam only outwardly while secretly adhering to their Jewish faith Jadid al Islam is the fascinating story of how this community managed to survive at the risk of their lives as crypto Jews in an inimical Shi i Muslim environment Based on unpublished original Persian sources and interviews with members of the existing Meshhed community in Jerusalem and New York this study documents the history traditions tales customs and institutions of the Jadid al Islam New Muslims **Jews and**

**Gentiles** Werner J. Cahnman,2017-12-02 Studies of the Jewish experience among peoples with whom they live share some similarities with the usual histories of anti Semitism but also some differences When the focus is on anti Semitism Jewish history appears as a record of unmitigated hostility against the Jewish people and of passivity on their part However as Werner J Cahnman demonstrates in this posthumous volume Jewish Gentile relations are far more complex There is a long history of mutual contacts positive as well as antagonistic even if conflict continues to require particular attention Cahnman s approach while following a historical sequence is sociological in conception From Roman antiquity through the Middle Ages into the era of emancipation and the Holocaust and finally to the present American and Israeli scene there are basic similarities and various dissimilarities all of which are described and analyzed Cahnman tests the theses of classical sociology implicitly yet unobtrusively He traces the socio economic basis of human relations which Marx and others have emphasized and considers Jews a marginal trading people in the Park Becker sense Simmel and Toennies he shows understood Jews as strangers and intermediaries While Cahnman shows that Jews were not pariahs as Max Weber thought he finds a remarkable affinity to Weber s Protestantism capitalism argument in the tension of Jewish Christian relations emerging from the bitter theological argument over usury The primacy of Jewish Gentile relations in all their complexity and variability is essential for the understanding of Jewish social and political history This volume is a valuable contribution to that understanding

*Journeyman in Jerusalem* Raphael Patai,2000-01-01 Picking up from Apprentice in Budapest the first volume of Raphael Patai s autobiography *Journeyman in Jerusalem* presents the fascinating journey of a young scholar struggling to make his way in the midst of often trying circumstances while a nation in the making struggles to establish itself The book covers fifteen years 1933 to 1947 during which the Yishuv the Jewish community of Palestine experienced one of the most turbulent periods of its history This volume is an invaluable record of this era and of the early life of its author who was to become one of the most respected Jewish scholars of the twentieth century **After The Eagles Landed** Herbert S. Lewis,2019-04-05 This book portrays aspects of the life of a community of over 1 200 Jews who were either born in Yemen or who were in 1975 77 the young sons and daughters of immigrants from Yemen It contains implications for the important and currently debated topic of ethnic integration in Israel *The Woman Who Laughed at God* Jonathan Kirsch,2002-10-29 Who is a Jew In this

colorful eye opening work bestselling author and lecturer Jonathan Kirsch takes us on a three thousand year tour of Jewish identity and diversity and offers answers to this complex and difficult question Kirsch reveals that Judaism has never been a religion of strict and narrow orthodoxy For every accepted tradition in Jewish faith there are countertraditions rooted in biblical antiquity the Maccabee freedom fighters who closed the Bible and picked up swords dervish like ecstasies who claimed to enjoy direct communication with God even after they had been excommunicated by a distrustful rabbinate and courageous men and women who were the forgotten heroes of the Holocaust With drama and narrative verve Kirsch explores these and many other Judaisms that make up the rich tapestry of Jewish identity **Fields of Offerings** Victor D.

Sanua,1983 This Festschrift celebrates the multifaceted career of Raphael Patai presenting twenty two articles on Jewish folklore and mythology Jewish and Middle Eastern ethnology and anthropology the social psychology of Arabs and Jews Jewish cultural history and Zionism All of these are fields in which Raphael Patai has made major contributions The Jewish Mind Raphael Patai,1996 A landmark exploration of Jewish history and culture First published in 1977 The Jewish Mind provides a penetrating insight into the complex collective reality of the Jewish people Raphael Patai examines how six great historical encounters spanning three millennia between the Jews and other cultures led to both change and continuity in Jewish communities throughout the global diaspora A timeless analysis by a prominent scholar Patai a noted cultural anthropologist and historian drew on a lifetime of research and personal experience to explore the contemporary Jewish mind in its many manifestations including an exploration of the notion of Jews as a race an investigation into Jewish intelligence and talents as discussion of Jewish self hate and a profile of Jewish personality and character An insightful new foreword by Ari L Goldman Bestselling author and journalist Ari L Goldman places the book in the context of recent turbulent events especially in the Middle East and confirms Patai s conclusion that Judaism remains enormous value to humankind Goldman calls the book a brilliant and absorbing survey of everything poured into the Jewish mind over the millennia The Jewish Mind is a towering work of scholarship that remains relevant to anyone trying to understand Jewish culture and society around the world today Book jacket Jewish Life in Muslim Libya Harvey E. Goldberg,1990-05-18 Surveying the history of the Jewish Libyan community contends that the ambiguous relationship of Jews and Muslims in Libya from 1711 to the 1940s is rooted in Islam which sees the Jew either as a creature of the handiwork of the blessed or as a non believer to be humbled This ambivalence was maintained by the Ottoman rule 1835 1911 which regarded the Jews and Muslims as separate and unequal communities In contrast during the Italian occupation 1911 43 Libyan nationalism grew and the Jews were associated with Italy Ch 7 pp 97 122 The Anti Jewish Riots of 1945 contends that the 1945 riot against Tripoli s Jews during the British occupation 1943 45 may be viewed as an expression of the will to restore Muslim sovereignty using the Jew as a representative of the hostile European rule Reader's Guide to Judaism Michael Terry,2013-12-02 The Reader s Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is

assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly
