Feeding a Yen Calvin Trillin, 2004-05-11 Calvin Trillin has never been a champion of the continental cuisine palaces he used to refer to as La Maison de la Casa House What he treasures is the superb local specialty And he will go anywhere to find one As it happens some of his favorite dishes can be found only in their place of origin Join Trillin on his charming funny culinary adventures as he samples fried marlin in Barbados and the barbecue of his boyhood in Kansas City Travel alongside as he hunts for the authentic fish taco and participates in a boudin blitzkrieg in the part of Louisiana where people are accustomed to buying these spicy sausages and polishing them off in the parking lot Cajun boudin not only doesn't get outside the state it usually doesn't even get home In New York Trillin even tries to use a glorious local specialty the bagel to lure his daughters back from California Feeding a Yen is a delightful reminder of why New York magazine called Calvin Trillin our funniest food writer

High Cost of Free Parking Donald Shoup, 2021-02-25 Off street parking requirements are devastating American cities So says the author in this no holds barred treatise on the way parking should be Free parking the author argues has contributed to auto dependence rapid urban sprawl extravagant energy use and a host of other problems Planners mandate free parking to alleviate congestion but end up distorting transportation choices debasing urban design damaging the economy and degrading the environment Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people and why American motor vehicles now consume one eighth of the world's total oil production But it doesn't have to be this way The author proposes new ways for cities to regulate parking namely charge fair market prices for curb parking use the resulting revenue to pay for services in the neighborhoods that generate it and remove zoning requirements for off street parking

[Parking and the City](#) Donald Shoup, 2018-04-11 Donald Shoup brilliantly overcame the challenge of writing about parking without being boring in his iconoclastic 800 page book *The High Cost of Free Parking* Easy to read and often entertaining the book showed that city parking policies subsidize cars encourage sprawl degrade urban design prohibit walkability damage the economy raise housing costs and penalize people who cannot afford or choose not to own a car Using careful analysis and creative thinking Shoup recommended three parking reforms 1 remove off street parking requirements 2 charge the right prices for on street parking and 3 spend the meter revenue to improve public services on the metered streets *Parking and the City* reports on the progress that cities have made in adopting these three reforms The successful outcomes provide convincing evidence that Shoup's policy proposals are not theoretical and idealistic but instead are practical and realistic The good news about our decades of bad planning for parking is that the damage we have done will be far cheaper to repair than to ignore The 51 chapters by 46 authors in *Parking and the City* show how reforming our misguided and wrongheaded parking policies can do a world of good Read more about parking benefit districts with a free download of Chapter 51 by copying the link below into your browser <https://www.routledge.com/posts/13972>

spots and we routinely do ridiculous things for parking contorting our professional social and financial lives to get a spot Since the advent of the car we have deformed our cities in a Sisyphean quest for car storage and as a result much of the nation's most valuable real estate is now devoted to empty vehicles Parking determines the design of new buildings and the fate of old ones traffic patterns and the viability of transit neighborhood politics and municipal finance and the overall quality of public space Is this really the best use of our finite resources Is parking really more important than everything else In a beguiling and absurdly hilarious mix of history politics and reportage Slate staff writer Henry Grabar brilliantly surveys the nation's parking crisis revealing how the compulsion for car storage has exacerbated some of our most acute problems from housing affordability to the accelerating global climate disaster and ultimately how we can free our cities from parking's cruel yoke

Straphanger Taras Grescoe, 2012-04-24 Taras Grescoe rides the rails all over the world and makes an elegant and impassioned case for the imminent end of car culture and the coming transportation revolution I am proud to call myself a straphanger writes Taras Grescoe The perception of public transportation in America is often unflattering a squalid last resort for those with one too many drunk driving charges too poor to afford insurance or too decrepit to get behind the wheel of a car Indeed a century of auto-centric culture and city planning has left most of the country with public transportation that is underfunded ill maintained and ill conceived But as the demand for petroleum is fast outpacing the world's supply a revolution in transportation is under way Grescoe explores the ascendance of the straphangers the growing number of people who rely on public transportation to go about the business of their daily lives On a journey that takes him around the world from New York to Moscow Paris Copenhagen Tokyo Bogot Phoenix Portland Vancouver and Philadelphia Grescoe profiles public transportation here and abroad highlighting the people and ideas that may help undo the damage that car-centric planning has done to our cities and create convenient affordable and sustainable urban transportation and better city living for all

Killings Calvin Trillin, 2017-04-04 True stories of sudden death in the classic collection by a master of American journalism Reporters love murders Calvin Trillin writes in the introduction to *Killings* In a pinch what the lawyers call wrongful death will do particularly if it s sudden *Killings* first published in 1984 and expanded for this edition shows Trillin to be such a reporter drawn time after time to tales of sudden death But Trillin is attracted less by violence or police procedure than by the way the fabric of people s lives is suddenly exposed when someone comes to an untimely end As Trillin says *Killings* is more about how Americans live than about how some of them die These stories which originally appeared in *The New Yorker* between 1969 and 2010 are vivid portraits of lives cut short An upstanding farmer in Iowa finds himself drastically changed by a woman he meets in a cocktail lounge An eccentric old man in Eastern Kentucky is enraged by the presence of a documentary filmmaker Two women move to a bucolic Virginia county to find peace only to end up at war over a shared road Mexican American families in California hand down a feud from generation to generation A high living criminal defense lawyer in Miami acquires any number of enemies capable of killing him Stark and compassionate deeply observed and beautifully written *Killings* is that rarity reportage as art William Geist *The New York Times* Book Review Praise for *Killings* Riveting tales of murder and mayhem Calvin Trillin is a superb writer with a magical ability to turn even the most mundane detail into spellbinding wonder Armed with this wealth of material he utterly shines Every piece here is a gem *The Seattle Times* What Mr Trillin does so well what makes *Killings* literature is the way he pictures the lives that were interrupted by the murders Even the most ordinary life makes a terrible noise when it s broken off Anatole Broyard *The New York Times* Fascinating troubling In each of these stories is the basis of a Dostoevskian novel Edward Abbey *Chicago Sun Times* The stories are unforgettable They leave us finally with the awareness of the unknowable opacity of the human heart Bruce Colman *San Francisco Chronicle* Trillin writes brilliantly These stories still hold up as classics *The Buffalo News* In his artful ability to conjure up a whole life and a whole world Trillin comes as close to achieving the power of a Chekhov short story as can anyone whose material is so implacably tied to fact
