Kopel, 2008 **Voter's Self Defense Manual: 2012 Edition** , Voter's Self Defense Manual Project Vote Smart, 2014-09-26 Vote Smart s Voter s Self Defense Manual is a starting point for direct access to information about your candidates and elected officials It contains a record of the past two years for each Congress person by listing 17 votes and 17 special interest group ratings as well as campaign finance information It is only a sampling of Vote Smart s online database with information on Congressional members political courage voting records interest group ratings campaign contributions and contact information This publication is available free of charge to all citizens The Last Gun Tom Diaz, 2013-04-02 Newtown Connecticut Aurora Colorado Both have entered our collective memory as sites of unimaginable heartbreak and mass slaughter perpetrated by lone gunmen Meanwhile cities such as Chicago and Washington D C are dealing with the painful everyday reality of record rates of gun related deaths By any account gun violence in the United States has reached epidemic proportions A widely respected activist and policy analyst as well as a former gun enthusiast and an ex member of the National Rifle Association Tom Diaz presents a chilling up to date survey of the changed landscape of gun manufacturing and marketing The Last Gun explores how the gun industry and the nature of gun violence have changed including the disturbing rise in military grade gun models But Diaz also argues that the once formidable gun lobby has become a paper tiger marshaling a range of evidence and case studies to make the case that now is the time for a renewed political effort to attack gun violence at its source the guns themselves In the aftermath of Newtown a challenging national conversation lies ahead The Last Gun is an indispensable guide to this debate and essential reading for anyone who wants to understand how we can finally rid America s streets schools and homes of gun violence and prevent future Newtowns Guns in America Jan E. Dizard, Robert Muth, Stephen P. Andrews, 1999-04 Should you own a gun Americans losing trust in each other and institutions Arms and the woman a feminist reappraisal Guns are the tools by which we forge our liberty Gun control in American a history of discrimination against the poor and minorities Talk at Temple Beth Shir Shalom Friday April 30 1993 Apocalypse now They ve had enough Author s call to arms gets answer The anti enviro connection America s only realistic option promoting responsible gun ownership What are the alternative Lawsuit aims at gun industry Crime fighting s about face Second thoughts on the Second Amendment Ten essential observations on guns in America *The Behavioral Science of Firearms* Gianni Pirelli, Hayley Wechsler, Robert J. revocation and considerations for relevant others *Lethal Logic* Dennis A. Henigan, 2009-06-30 Guns don't kill people people kill people When guns are outlawed only outlaws will have guns An armed society is a polite society Who hasn't heard these engaging assertions time and time again Burned into the national consciousness by years of targeted disciplined messaging by the National Rifle Association and others they are just a few of the bumper sticker slogans that have defined the gun control debate in America Long ridiculed by gun control advocates they are the first words that come to mind for most Americans when the gun issue is discussed This is the first book both to acknowledge the profound and deadly impact of the gun lobby's bumper sticker logic on the gun control debate and to systematically expose the misguided thinking at the core of the pro gun slogans Indeed the author contends that the gun lobby's remarkable success in blocking passage of lifesaving gun laws is the result in large part of its relentless and effective use of these simple and resonant messages Their persuasive power has been a largely ignored influence on the current politics of gun control in which the gun lobby wields unprecedented power in the Republican Party while many Democratic Party leaders see the policy benefits of stronger gun laws as not worth the political risk of standing up to the NRA The book contends that the current political stalemate over guns will never be broken until the pro gun slogans are exposed as the cleverly disguised fallacies that they are **"Guns Don't Kill People, People Kill People"** Dennis A. Henigan, 2016-07-26 A must read for every American who longs to bring sanity to our nation's gun laws this book debunks the lethal logic behind the myths that have framed the gun control debate Ariana Huffington Huffington Post The gun lobby's remarkable success in using engaging slogans to frame the gun control debate has allowed it to block lifesaving gun legislation for decades But is there any truth to this bumper sticker logic Dennis Henigan exposes the mythology and misguided thinking at the core of these pro gun catchphrases which continue to have an outsized influence on public attitudes toward guns and gun control Pro Gun Myths Include When guns are outlawed only outlaws will have guns An armed society is a polite society The only thing that stops a bad guy with a gun is a good guy with a gun Gun control doesn't work because criminals don't follow the law Gun manufacturers shouldn't be responsible for gun crime any more than Budweiser is responsible for drunk driving We don't need new gun laws We just need to enforce the ones we have Gun control is a slippery slope to complete gun bans Henigan counters the gun lobby's messages by weaving together the most compelling current research and insights drawn from the grim reality of deadly gunfire in our homes and communities Henigan charts a new path toward ending the American nightmare of gun violence Sports Car Market magazine - February 2009 ,
