The Formative Years Of Australian Cricket 1803 93:

The Formative Years of Australian Cricket, 1803-93 Jack Pollard, 1987 *The Making of New Zealand Cricket, 1832-1914* Greg Ryan, 2004 This book examines the emergence and growth of cricket in relation to diverse patterns of European settlement in New Zealand such as the systematic colonization schemes of Edward Gibbon Wakefield and the gold discoveries of the 1860s **The Politics of South African Cricket** Jon Gemmell, 2004-03-31 The Politics of South African Cricket analyses the relationship between politics and sport in particular cricket in South Africa South African Cricket embraces an ethos that is symbolic of a wider held belief system and as such has distinctive political connotations in the region Sport in South Africa is certainly influenced by forces beyond the playing field but politics too can be influenced by the social and economic force of sport Focusing on the sports boycott as a political strategy Jon Gemmell analyses the relationship between sport and politics through a historical analysis of South African cricket He employs case studies to explore the relationship between politics and South African cricket and argues convincingly that cricket assisted the reform process by undermining the legitimacy of the apartheid regime *The British World and an Australian National Identity* Jared van Duinen, 2017-09-14 This book explores the dynamics of Anglo Australian cricketing relations within the British World in the late nineteenth and early twentieth centuries It explores what these interactions can tell us about broader Anglo Australian relations during this period and in particular the evolution of an Australian national identity Sport was and is a key aspect of Australian culture Jared van Duinen demonstrates how sport was used to rehearse an identity that would then emerge in broader cultural and political terms Using cricket as a case study this book contributes to the ongoing historiographical debate about the nature and evolution of an Australian national identity *The Messages of Its Walls and Fields* Katharine Thornton, 2010 The Messages of its Walls and Fields seeks to understand the culture of each decade of the School's development The focus is on the boys themselves but Katharine Thornton also evaluates the policies of succeeding Councils of Governors and the achievements of the thirteen Headmasters who have led Saints from 1847 to 2009 The curriculum story is here the context for advocating sport the emergence of the external activities of the co curriculum the values of a Saints education the background to each building project the economy of the School drama and the arts science and new laboratories the ambience of stone trees and green lawn at the heart of a Saints experience St Peter's College graduates have made significant contributions to the life of South Australia in the professions in social values in politics in sport and in the arts The history of South Australia must include a knowledge of this School Here it is in twenty chapters and hundreds of illustrations not just an entertainment for a week but a reliable record for a lifetime **The Ashes** John Miller, 2010-04 No contest has captured the imagination of cricket lovers around the world as much as the Ashes From the controversy of the Bodyline series to the brilliance of Bradman from the heroics of batsmen like Botham and Ponting to the bowling magic of Warne this is an event that has always demanded the very best of those who wish to win it THE ASHES

looks at the moments that have made this one of the world's great sporting events The Strangers Who Came Home John Lazenby, 2015-01-29 A compelling and beautifully drawn social history of the first Australian cricket tour of England An excellent bustling account of the first Australian cricket XI to tour England Independent A fascinating story well told Choice The Ashes cricket series played out between England and Australia is the oldest and undoubtedly the most keenly contested rivalry in international sport And yet the majority of the first representative Australian cricket team to tour England in 1878 in fact regarded themselves as Englishmen In May of that year the SS City of Berlin docked at Liverpool and the Australians stepped onto English ground to begin the inaugural first class cricket tour of England by a representative overseas team As they made their way south towards Lord's to play MCC in the second match of the tour the intrepid tourists or the strangers as they were referred to in the press encountered arrogance and ignorance cheating umpires and miserable weather But by defeating a powerful MCC side which included W G Grace himself in a single afternoon's play they turned English cricket on its head The Lord's crowd having begun by openly laughing at the tourists were soon wildly celebrating a victory that has been described as arguably the most momentous six hours in cricket history and claiming the Australians as their own The Strangers Who Came Home is a compelling social history which brings that momentous summer to life telling the story of these extraordinary men who travelled thousands of miles risking life and limb playing 43 matches in England as well as several in Philadelphia America on their return journey during a demanding but ultimately triumphant homecoming It reveals how their glorious achievements on the field of play threw open the doors to international sports touring and how these men from the colonies provided the stimulus for Australian nationhood through their sporting success and brought unprecedented vitality to international cricket *Amazing Grace* Richard Tomlinson, 2015-09-03 On a sunny afternoon in May 1868 nineteen year old Gilbert Grace stood in a Wiltshire field wondering why he was playing cricket against the Great Western Railway Club A batting genius W G should have been starring at Lord's in the grand opening match of the season But MCC did not want to elect this humble son of a provincial doctor W G's career was faltering before it had barely begun Grace finally forced his way into MCC and over the next three decades millions came to watch him not just at Lord's but across the British Empire and beyond Only W G could boast a fan base that stretched from an American Civil War general and the Prince of Wales's mistress to the children who fingered his coat tails as he walked down the street just to say I touched him The public never knew the darker story behind W G's triumphal progress Accused of avarice W G was married to the daughter of a bankrupt Disparaged as a simpleton his subversive mind recast how to play sport thrillingly hard pushing the rules beating his opponents his own way In *Amazing Grace* Richard Tomlinson unearths a life lived so far ahead of his times that W G is still misunderstood today For the first time Tomlinson delves into long buried archives in England and Australia to reveal the real W G a self made self destructive genius at odds with the world and himself *The Currency Lad* T. S. Wills Cooke, 2013-02-24 A Biography Of Horatio Spencer Howe Wills 5 October 1811 To 17 October 1861 And The Story Of His

Immediate Family from 1797 To 1918 Using Contemporary Letters Documents Daguerreotypes Paintings And Photographs
