The French Secret Services From The Dreyfus Affair To The Gulf War:

The French Secret Services Douglas Porch, 2003-11 Chronicles the development of the French secret services in the modern era asks some fundamental questions about what France expected and expects from them and offers an assessment of their role and influence in the state and the military

The French Secret Services Douglas Porch, 1997 *The Dreyfus Affair and the Rise of the French Public Intellectual* Tom Conner, 2014-05-08 While countless books have chronicled the wrongful conviction of French military officer Alfred Dreyfus his ensuing trials and his eventual exoneration this distinctive volume examines France's Dreyfus Affair 1894-1906 with a critical eye analyzing the actions of its main protagonists the rise of the public intellectual and the Affair's continued relevance After a brief overview of the events to establish the poisoned ideological climate of the day the work explores how intellectuals like Bernard Lazare Emile Zola and others contributed to the Affair defining both it and themselves in the process With mini portraits of the key players and a detailed chronology this telling book combines rigorous scholarship with cultural commentary to demonstrate the continued relevance of the example set by Dreyfus and his many supporters

French Colonialism Leonard V. Smith, 2023-07-06 France had the second largest empire in the world after Britain but one with very different origins and purposes Over more than four centuries the French empire explained itself in many different ways through many different colonial regimes Beginning in the early modern period a vast mercantile empire based on furs and fish in the New World and sugar cultivated by the enslaved in the Caribbean rose and fell At intervals thereafter the French seemed to have an empire simply as an attribute of a Great Power generally in competition with Britain Relatively few French people ever moved to the empire even to the settler colony of Algeria Under the Third Republic the French construed a civilizing mission melding selectively applied principles of democracy and colonial capitalism Two world wars and two anticolonial wars broke French imperial power as it had previously existed yet numberless traces of the French empire lived on both in the former colonies and in today's French Republic This narrative history recounts the unique course of the French empire questioning how it made sense to the people who ruled it lived under it and fought against it

Charles de Gaulle Andrew Knapp, 2020-11-02 In this new biography Andrew Knapp concisely dissects each of the major controversies surrounding General Charles de Gaulle leader of the Free French during the Second World War and President of France from 1959 to 1969 From the beginning of de Gaulle's military career in 1909 to an analysis of legacies and myths after his death in 1970 this study examines the path by which the French came to honour him as the greatest Frenchman of all time and as the twentieth century's pre-eminent world statesman In each chapter Knapp analyses de Gaulle's participation in key events such as the development of France's resistance against Nazi Germany the decolonisation of Algeria the birth of the French Fifth Republic and the gigantic upheaval of May 1968 Simultaneously this study questions de Gaulle's actions and motives throughout his life By exploring the justification of the contemporary de Gaulle myth Knapp concludes by shedding new light on the influence of de Gaulle in the political culture of

twenty first century France Through careful analysis of primary sources as well as recent scholarship this biography is an invaluable source for scholars and students of modern history the history of France political institutions and international relations

The Clandestine Cold War in Asia, 1945-65 Richard J. Aldrich, Ming-Yeh Rawnsley, 2013-01-11 A range of clandestine Cold War activities in Asia from intelligence and propaganda to special operations and security support is examined here The contributions draw on newly opened archives and a two day conference on the subject

With Our Backs to the Wall David Stevenson, 2013-11-18 Why did World War I end with a whimper an arrangement between two weary opponents to suspend hostilities Why did the Allies reject the option of advancing into Germany and taking Berlin Most histories of the Great War focus on the avoidability of its beginning This book focuses on Germany's inconclusive defeat and its ominous ramifications

A History of Counterinsurgency Gregory Fremont-Barnes, 2015-05-05 This two volume history of counterinsurgency covers all the major and many of the lesser known examples of this widespread and enduring form of conflict addressing the various measures employed in the attempt to overcome the insurgency and examining the individuals and organizations responsible for everything from counterterrorism to infrastructure building How and when should counterinsurgency be pursued as insurgency is growing in frequency and conversely while conventional warfare continues to decline as a means by which political rivals seek to impose their will upon each other What lessons from the past should today's policymakers strategists military leaders and soldiers in the field keep in mind while facing off against 21st century insurgents This two volume set offers a comprehensive history of modern counterinsurgency covering the key examples of this widespread and enduring form of conflict It identifies the political military social and economic measures employed in attempting to overcome insurgency examining the work of the individuals and organizations involved demonstrating how success and failure dictated change from established policy and carefully analyzing the results Readers will gain valuable insight from the detailed assessments of the history of counterinsurgency that demonstrate which strategies have succeeded and which have failed and why After an introductory essay on the subject each chapter provides historical background to the insurgency being addressed before focusing on the specific policies pursued and actions taken by the counterinsurgency force Each section also provides an assessment of those operations including in most cases an analysis of lessons learned and where appropriate their relevance to counterinsurgency operations today The set's coverage spans modern counterinsurgencies from Europe to Asia to Africa since 1900 and includes the ongoing counterinsurgency operations in Afghanistan today Its wide international approach to the subject makes the set a prime resource for readers seeking specific information on a particular conflict or a better understanding of the general theories and practices of counterinsurgency

Information and Revolutions in Military Affairs Emily O. Goldman, 2013-09-13 Like the industrial revolution before it the information technology revolution appears to be creating a new ruling class a new economy and a new society Information technology is also transforming military operations and warfare A vast literature on the revolution in

military affairs or RMA cites the important indeed dominant role of information technology in enabling a new military revolution This volume challenges conventional wisdom not by claiming that information s impact on military operations is not positive or transformative but by claiming its impact is not new Previous periods of military revolution can also be characterized as information revolutions Through the close examination of six case studies of military transformation during the industrial age the contributors to this volume demonstrate how the employment of emerging information systems was critical to realizing a major boost in military effectiveness The most successful adaptations to the new environment were made by the most skillful users of information This volume draws upon the expertise of leading military historians political scientists and defense practitioners to craft a set of original essays that provide the first retrospective examination of how information affects the process of military revolution This book was previously published as a special issue of the Journal of Strategic Studies

The Consequences of Counterterrorism Martha Crenshaw, 2010-02-18 The 9 11 terrorist attacks opened America s eyes to a frightening world of enemies surrounding us But have our eyes opened wide enough to see how our experiences compare with other nations efforts to confront and prevent terrorism Other democracies have long histories of confronting both international and domestic terrorism Some have undertaken progressively more stringent counterterrorist measures in the name of national security and the safety of citizens The Consequences of Counterterrorism examines the political costs and challenges democratic governments face in confronting terrorism Using historical and comparative perspectives The Consequences of Counterterrorism presents thematic analyses as well as case studies of Britain France Germany Spain Japan and Israel Contributor John Finn compares post 9 11 antiterrorism legislation in the United States Europe Canada and India to demonstrate the effects of hastily drawn policies on civil liberties and constitutional norms Chantal de Jonge Oudraat and Jean Luc Marret assert that terrorist designation lists are more widespread internationally than ever before The authors examine why governments and international organizations use such lists how they work and why they are ineffective tools Gallya Lahav shows how immigration policy has become inextricably linked to security in the EU and compares the European fear of internal threats to the American fear of external ones A chapter by Dirk Haubrich explains variation in the British government s willingness to compromise democratic principles according to different threats In his look at Spain and Northern Ireland Rogelio Alonso asserts that restricting the rights of those who perpetrate ethnonationalist violence may be acceptable in order to protect the rights of citizens who are victims of such violence Jeremy Shapiro considers how the French response to terrorist threats has become more coercive during the last fifty years Israel s war model of counterterrorism has failed Ami Pedahzur and Arie Perliger argue and is largely the result of the military elite s influence on state institutions Giovanni Cappocia explains how Germany has protected basic norms and institutions In contrast David Leheny stresses the significance of change in Japan s policies Preventing and countering terrorism is now a key policy priority for many liberal democratic states As The Consequences of Counterterrorism makes clear counterterrorist

policies have the potential to undermine the democratic principles institutions and processes they seek to preserve

Getting the books **The French Secret Services From The Dreyfus Affair To The Gulf War** now is not type of challenging means. You could not and no-one else going behind book buildup or library or borrowing from your friends to admittance them. This is an enormously easy means to specifically get lead by on-line.
