## **The Fundamentals Of Quitting Golf:**

*The Fundamentals of Quitting Golf* David Divot, 2004-07 The Fundamentals of Quitting Golf offers permanent relief or perhaps just a chuckle to golf sufferers who swear they are going to quit the game often using very colorful language As explained by author David Divot your mind is cluttered with excuses for your poor play lack of lessons bad courses old clubs new clubs and on and on Quitting cold turkey does not work because subconsciously you want to believe this nonsense But with Divot's ten year course of treatment you eventually admit that there is no excuse for your game Explore techniques to control your anger and depression Then ponder why you would put that monumental achievement at risk by trying to golf Discover that having confidence in your game is the surest way to shatter your confidence Consider why golf magazines constantly offer new tips for curing the same problems that were supposedly cured by the tips offered in previous issues Find out how to heighten your disappointment by pretending you have some control over where your ball will go You may not cure your golf affliction with *The Fundamentals of Quitting Golf* but at least you'll have a good laugh trying [How to Quit Golf \(and Get Your Life Back\)](#) Danny Cahill, 2024-03-05 Do you need to quit golf Take a short quiz 1 Do you show your golf scorecards to well uh anyone 2 At dinner do you find yourself practicing your grip on your utensils The Vs of the fork's first tine for the righthander should point to the right shoulder 3 Look above you Are there marks on the ceilings of your house because you can't help but try to bust one even when you're indoors and there is no ball 4 Have you taken to reflexively calling your children pards 5 Do other golf aphorisms make their way into your personal life Examples include finding your lost car keys and with a shrug saying Even a blind squirrel finds a nut now and again or feeding your actual dog and exhorting Time to let the big dog eat 6 Does your dry cleaner never having seen your swing but processing your bill assume you are a golf pro 7 Do you think of all spatial relationships in the real world in terms of golfing distance When parking at the mall and your wife suggests you are too far away do you say What It's like a stock gap wedge to Panera from here When she disagrees do you break out the Bushnell and shoot the store's signage If you answered Yes to any of the above you really really need to quit golf Danny Cahill will make you laugh and nod with recognition in his latest book part social satire commentary part clever psychological study about the game of golf and its intoxicating hold on those who love it A likeable middle aged golfer coping with the thought that everything is in decline at this time of life has crossed over from healthy hobby to unmanageable obsession He knows he should quit spending so much time working on his golf game He knows his life at home is unraveling But fully aware of just how much the game is laying waste to his powers he nevertheless continues to count the hours to his next tee time Cahill's comic treatment of middle age reckoning told through the lens of an obsessed golfer also takes a deep dive into the sport's ecosystem and its inherent appeal and silliness Cahill's acute powers of observation will impress as he unravels golf's ability to entice like no other endeavor and how to ultimately let go and preserve what matters Any serious golfer will see themselves in Cahill's hero they've thought his thoughts shared his fears

and dealt with the effects on their family The book will make golfers laugh but also feel completely understood The book explores the human need to find something that can still be improved and through the prism of golf examines the innate futility in trying to find meaning in a game that is like the protagonist's life both impossible to master and intermittently filled with joy and sorrow
