The Gainsayers A Converted Antimormon Responds To Critics Of The Lds Church:

Another Jesus, a Different Spirit, a Different Gospel Steven H. Propp, 2011-12-13 Its the Christmas season the most wonderful time of the year for most people in River City California But for Jehovahs Witnesses Lawrence and Brad its a time for them to try to explain the truth about this holiday season to the people of the community Their earnest efforts may earn them ridicule disagreement or a door slammed rudely in their faces but they persist and are sometimes able to find a mind and heart receptive to their urgent message about Jehovahs coming Kingdom Whereas for Elders Skousen and Marshall two Latter day Saint Mormon missionaries the season is another opportunity to share their Churchs distinctive interpretation of the Christian gospel but their efforts are often rebuffed as well In the course of their work these two pairs of men engage in dialogue with traditional Christians as well as members of the Church of Christ the Community of Christ RLDS Seventh day Adventists and Oneness Pentecostals not to mention skeptics atheists and the increasing numbers of people who lack any particular religious beliefs But when a local church brings in a researcher to give a series of lectures on Cults and specifically targeting the Jehovahs Witnesses and Mormons a confrontation is ensured where theological and biblical concepts collide in a public forum Who if anyone really has the Truth Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season Are objections raised about the secularization and rampant commercialism of the modern celebration valid Spend a holiday season or any other season with some interesting and intellectually stimulating characters as they explore these and other challenging questions Readers of the authors earlier novel *A Multicultural Christmas* will be pleased to see a brief reappearance of two characters from that book *Satanism: A Social History* Massimo Introvigne, 2016-08-29 A 17th century French haberdasher invented the Black Mass An 18th century English Cabinet Minister administered the Eucharist to a baboon High ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the shape of a crocodile and played the piano there A well known scientist from the 20th century established a cult of the Antichrist and exploded in a laboratory experiment Three Italian girls in 2000 sacrificed a nun to the Devil A Black Metal band honored Satan in Krakow Poland in 2004 by exhibiting on stage 120 decapitated sheep heads Some of these stories as absurd as they might sound were real Others which might appear to be equally well reported are false But even false stories have generated real societal reactions For the first time Massimo Introvigne proposes a general social history of Satanism and anti Satanism from the French Court of Louis XIV to the Satanic scares of the late 20th century satanic themes in Black Metal music the Church of Satan and beyond [Know Your Religions Volume 3](#) Alonzo Gaskill, 2023-02-02 This provocative series examines some of the great religions of the world taking into account both similarities and differences with Mormonism refuting common misconceptions illuminating little known practices and exploring the theological underpinnings of the faith under study Persons not of the LDS faith may be surprised to learn of doctrinal commonalities with the Latter day Saints while LDS readers will no doubt be fascinated by the degree to

which they have misunderstood their brothers and sisters of other religious persuasions The Gainsayers Darrick T. Evenson, 1988-12-01 When new LDS convert Darrick Evenson encountered anti Mormon literature for the first time it devastated him He naively accepted it as true and it led him out of the Church into the ranks of the Ex Mormons for Jesus Darrick learned their witnessing approaches and techniques and began functioning with them in their fight against the Mormon Church But as he became familiar with them and their message he found himself increasingly uncomfortable in their midst What they were saying and teaching just didn t match with the scriptures not with what he personally knew of the Latter day Saints and though they professed to love the Mormons he found the Ex Mormon motivation to be just the opposite Darrick began an extended period of research and assessment trying to determine just where truth was to be found As he encountered more and more instances of falsehood and deception in the Ex Mormon teachings his conscience began to work on him more and more He finally renounced his affiliation with them and returned to the Church of Jesus Christ of Latter day Saints As he served a mission in California he found his knowledge of the tactics and techniques of the anti Mormon movement serving him in good stead He was able to recognize and rebut many of the ploys of anti Mormon adversaries But Darrick is aware that the message and methods of anti Mormon gainsayers have kept many truth seekers from hearing and accepting the gospel of Jesus Chrstit Seeing the need for Latter day Saints to be able to recognize and refute the assertions of these adversaries of the truth he has recorded his observations of their methodologies and written strong rebuttals to the things they teach What is a gainsayer to gainsay means to oppose or deny to speak or act against to contradict to dispute or declare false Anti Mormon organizations such as Saints Alive and Ex Mormons for Jesus are modern gainsayers in the truest sense of the word In this book the author presents evidence which shows that the same techniques used by those who fought against Christ s Church in the Meredian of time the anti Nazerines are being used against the Mormons today Satan s work follows the same patterns down through time the author describes the techniques used in Satan s counter mission showing numerous ancient and modern parallels He shows that Christ s Church in ancient time was considered a cult by the mainline churches of the day just as major churches in today s panorama of Protestant organizations regard the Mormons as a cult and what is a cult It s a word that really says You re different than we are Then he focuses on key Mormon doctrines showing that they were clearly taughts in ancient times by the Christian community Key concepts such as the LDS belief that man can attain Godhood and that the temple service existed in Christ s day are carfully documented That documentation stands as clear rebuttal to gainsayer assertions that those teachings are recent Mormon fabrications In another highly significant chapter the author describes many of the missionary strategies currently used by the anti Mormon movement He exposes numerous witnessing techniques so that Latter day Saints will recognize them and not be deceived nor influenced by their usage He focuses on the film the God Makers reviewing it as an example of extreme anti Mormon propaganda Recognizing that most Latter day Saints will never see the film but that many of their non LDS friends will be exposed to it he summarizes

the major scenes so that LDS members will be more aware of the blatant falsehoods and distortions which are being used in an effort to harm the Church a powerful chapter is devoted to a presentation of responses to many of the anti Mormon distortions and misrepresentations currently being used It is obvious that the author is well acquainted with the nature of yellow journalism used against the Church He knows very well the types of falsehoods anti Mormon agitators are currently using in their attempts to retard the growth of the Lord s work the final chapter is an intriguing dialogue involving two Mormon missionaries an investigator and an anti Mormon preacher Using the Articles of Faith as their outline the missionaries systematically answer many of the distortions commonly presented by modern gainsayers It shows many useful methods of answering objections to gospel principles briefly and concisely from the scriptures the Gainsayers is a powerful book It refutes many of the falsehoods currently circulated against the Church of Jesus Christ of Latter day Saints by those who seek to thwart the work of God Its insights are of value to every faithful Latter day Saint Carefully documented and supported by a strong contents listing and detailed index it s a book that will serve as a significant tool in defense of the faith
