The evening Rose Bentley takes a short cut home across the marsh proves a fateful one Panicked by the rising tide and struggling on a sprained ankle it is no wonder she imagines seeing a dead body in a mud drowned gully Her rescuer Michael Dowland the brusque but attractive son of the mill owner assures her there is nothing there In the cosy warmth of the kitchen at Dowland s Mill visions of dead bodies do seem far fetched and soon Rose begins to fall in love with both man and house Once installed in the Mill as Michael s wife Rose sees a different picture Despite her gentle manner Mrs Dowland rules her family with a rod of iron More worrying to Rose is the change in Michael who is no longer the loving man she married But Rose is only beginning to discover the truth about the family at Dowland s Mill The Mill Rade B. Vukmir, 2010-11-15
For those of you who will never know since the gargantuan sprawling mills are gone the testimonies of these men and women are recorded This is their story You would be afraid to walk where they toiled day to day their whole lives at the risk of their health either acutely or chronically just to get by Theirs was a world of extremes from the North Mill with its red hot steel and iron and its oppressive layer of soot to the South Mill with its clean swept floors and gleaming finished products tinplate pipe and I beams They knew the contrast also between the blast furnace a veritable hell on earth where the hot iron flowed and the acrid smell of combustibles permeated the air and the eerie calm and darkness found working near the river at 3 00 a m The Mill the Jones Laughlin Aliquippa Works was once the largest integrated steel making plant in the world The mill itself no longer exists but go stand on the site by the Ohio River and you will feel the memories and the presence of those who have come before you_ I have In this moving and personal work Rade Vukmir vividly recreates life in an American steel town Relying on extensive interviews and his own experience in the industry Dr Vukmir offers a retrospective summary of the life and times of a diverse group of steel workers who were the heart and soul of one of America s largest industrial facilities Here is the story of the hopes and frustrations the triumphs and the trials of these workers captured in a way that will be valuable to the academic and the general reader alike **Hearings** United States.
