New Theatre Quarterly 65: Volume 17, Part 1 Clive Barker,Simon Trussler,2001-02-08 Provides an international forum where theatrical scholarship and practice can meet *Greek Tragedy and the Middle East* Pauline Donizeau,Yassaman Khajehi,Daniela Potenza,2024-03-07 Employing the idea of interculturality to study Middle Eastern adaptations of Greek tragedy from the turn of 20th century until the present day this book first explores the earlier phase of the development of Greek classical reception in Middle Eastern theatre It then moves to focus on modern Arabic Persian and Turkish adaptations of Greek tragedy both in the early post colonial and contemporary periods in the MENA and in Europe Case by case this book examines how the classical sources are reworked and adapted as well as how they engage with interculturality hybridisation and the circulation of aesthetics and models At the same time it explores the implications and consequences of expressing socio political concerns through classical Greek sources While Muslim thinkers and translators introduced Greek philosophy in particular Aristotle's Poetics to the West in the Middle Ages adaptations of Greek tragedies only appeared in the MENA region at the very beginning of the 20th century For this reason the development of Greek

tragedy in the Middle East is difficult to disentangle from colonialism and cultural imperialism Encompassing language differences and offering for the first time a broad approach on the Middle Eastern reception of Greek tragedy this book produces a renewed focus on a fascinating aspect of the classical tradition The Theatrical Spectaculum Tova Gamliel,2019-12-11 This book offers a new mythic perspective on the secret of the allure and survival of a current archaic institution the Western theatre in an era of diverse technological media Central to the theory is the spectaculum a stage world that mirrors a monotheistic cosmic order Tova Gamliel here not only alerts the reader to the possibility of the spectaculum s existence but also illuminates its various structural dimensions the cosmological ritual and sociological Its cosmo logical meaning is a Judeo Christian monotheistic consciousness of non randomness an exemplary order of the world that the senses perceive The ritual meaning denotes the centrality of the spectaculum as the theatre repeatedly reenacts the mythical and paradigmatic event of Biblical revelation Its social meaning concerns any charismatic social theory that is anchored in the epitomic structure of social sovereignty stage and audience that the Western theatre advances in an era characterized by hypermedia **Performing Habakkuk** Jeanette Mathews,2012-06-01 Scripture like any performance aims for transformation of its audience In this new study Jeanette Mathews demonstrates how literature from the diverse field of performance studies can be applied to the prophetic book of Habakkuk in order to draw out themes and features that are common to both Mathews offers a fresh new translation of Habakkuk that emphasizes and celebrates its intrinsic dramatic features This translation provides the script for the performance of Habakkuk The attitudes and actions of the actors in the performance become models for their audience such that the audience members are drawn into the performance and do not remain impartial spectators The context of crisis that forms the book s setting is of crucial importance ensuring that genres such as complaint and lament are taken seriously as expressions of faith in the midst of traumatic experience The open ended script makes explicit the drama of faithfulness in the midst of cultural trauma and public crises a faithfulness that is ready to be reenacted in our own settings **Israel** Efraim Karsh,2002 **Israel: The First Hundred Years** Efraim Karsh,2013-09-13 Since its founding in 1948 Israel has faced many political social and psychological challenges unfamiliar to other nations on the western democratic political model and peculiar to the Jewish state This work covers the role of politics in Israel since 1948 **Theo** Theodore Bikel,2014-06-16 An award winning actor an activist for civil rights and progressive causes worldwide and a singer whose voice has won him great applause Theodore Bikel here tells his own compelling life story With a new chapter as he turns ninety The Jews of the Soviet Union Benjamin Pinkus,1988 This is a comprehensive and topical history of the Jews in the Soviet Union and is based on firsthand documentary evidence and the application of a pioneering research method into the fate of national minorities Within a four part chronological framework Professor Pinkus examines not only the legal political status of the Jews and their reciprocal relationship with the Soviet majority but also the impact of internal economic demographic and social processes upon the religious educational and cultural life of Soviet Jewry

A second layer of analysis describes in depth the complex linkages between the Jews of the Soviet Union the Jews in other diasporas and the state of Israel itself The Jews of the Soviet Union marks a major contribution to the historiography and social analysis of its subject and provides a worthy companion to Professor Pinkus s acclaimed documentary study The Soviet Union and the Jews 1948 1967

Political Performances Susan C. Haedicke, 2009 Political Performances Theory and Practice emerges from the work of the Political Performances Working Group of the International Federation for Theatre Research F d ration Internationale pour la Recherche de Th trale The collection of essays strives to interrogate definitions and expand boundaries of political performance Members of Political Performances are from around the world and so approach the intersection of politics and performance from very different perspectives Some focus on socio political context others on dramatic content others on political issues and activism and still others examine the ways in which communities perform their collective identity and political agency The organizational structure of Political Performances highlights the variety of ways in which politics and performance converge Each section Queries Texts Contexts and Practice frames this confluence according to certain common threads that emerge from essays that deal with topics from the ethics of autobiographical performance the political efficacy of verbatim theatre the challenges of community based performance political and self censorship and the impossibility of representing atrocity The essays challenge existing ideas of political performance and point the way to new approaches
