The Flying Tigers:

Flying Tigers Daniel Ford, 2023-05-01 During World War II in the skies over Burma and China a handful of American pilots met and bloodied the Imperial Wild Eagles of Japan and won immortality as the Flying Tigers One of America's most famous combat forces the Tigers were recruited to defend beleaguered China for 600 a month and a bounty of 500 for each Japanese plane they shot down fantastic money in an era when a Manhattan hotel room cost three dollars a night This May 2023 revision has never before published information about Chennault's early years Admirable wrote Chennault biographer Martha Byrd of Ford's original text A readable book based on sound sources Expect some surprises Flying Tigers won the Aviation Space Writers Association Award of Excellence in the year of its first publication *The Flying Tigers* Sam Kleiner, 2018-05-15 The thrilling story behind the American pilots who were secretly recruited to defend the nation's desperate Chinese allies before Pearl Harbor and ended up on the front lines of the war against the Japanese in the Pacific Sam Kleiner's *The Flying Tigers* uncovers the hidden story of the group of young American men and women who crossed the Pacific before Pearl Harbor to risk their lives defending China Led by legendary army pilot Claire Chennault these men left behind an America still at peace in the summer of 1941 using false identities to travel across the Pacific to a run down airbase in the jungles of Burma In the wake of the disaster at Pearl Harbor this motley crew was the first group of Americans to take on the Japanese in combat shooting down hundreds of Japanese aircraft in the skies over Burma Thailand and China At a time when the Allies were being defeated across the globe the Flying Tigers exploits gave hope to Americans and Chinese alike Kleiner takes readers into the cockpits of their iconic shark nosed P 40 planes one of the most familiar images of the war as the Tigers perform nail biting missions against the Japanese He profiles the outsize personalities involved in the operation including Chennault whose aggressive tactics went against the prevailing wisdom of military strategy Greg Pappy Boyington the man who would become the nation's most beloved pilot until he was shot down and became a POW Emma Foster one of the nurses in the unit who had a passionate romance with a pilot named John Petach and Madame Chiang Kai shek herself who first brought Chennault to China and who would come to visit these young Americans A dramatic story of a covert operation whose very existence would have scandalized an isolationist United States *The Flying Tigers* is the unforgettable account of a group of Americans whose heroism changed the world and who cemented an alliance between the United States and China as both nations fought against seemingly insurmountable odds *A Flying Tiger's Diary* Charles R. Bond, Terry H. Anderson, 1984 Draws aside the curtain of mythology and shows the AVG members pilots mechanics nurses and Chennault himself as recognizable humans with a full spectrum of virtues and faults Yet the glory remains undiminished *A Flying Tiger's Diary* is highly readable and is wholeheartedly recommended Military Review *The Flying Tigers* under the leadership of Claire Chennault fought legendary air battles in the skies over Burma and China This journal of ace pilot Charles Bond now in its fifth printing vividly preserves his experiences in aerial combat against the Japanese all recorded

within twenty four hours of the action It also documents the training and living conditions of the men whom Gen Bruce K Holloway has called the most colorful group of warriors in modern times A limited specially bound edition of A Flying Tiger s Diary signed and with a laid in print by Terry Pyles is available while supply lasts *Flying Tigers* ,2003 **When Tigers Ruled the Sky** Bill Yenne,2016-07-05 From the acclaimed author of Hit the Target and Big Week an in depth account of the legendary World War II combat group the Flying Tigers In 1940 Pearl Harbor had not yet happened and America was not yet at war with Japan But China had been trying to stave off Japanese aggression for three years and was desperate for aircraft and trained combat pilots General Chiang Kai shek sent military aviation advisor Claire Chennault to Washington where President Roosevelt was sympathetic but knew he could not intervene overtly Instead he quietly helped Chennault put together a group of American volunteer pilots This was how the 1st American Volunteer Group more commonly known as the Flying Tigers was born With the trademark smiling shark jaws on their P 40 fighters these Army Navy and Marine pilots became a sensation as they fought for the Chinese Those who initially doubted them were eventually in awe as they persevered over Rangoon despite being outnumbered 14 1 by Japanese aircraft as they were described by Madame Chiang Kai shek as her little angels and by a Chinese foreign minister as the soundest investment China ever made and as they ultimately destroyed hundreds of Japanese planes while losing only a dozen of their own in combat Two of their veterans would later earn the Medal of Honor and as a group the Flying Tigers managed to rack up a better record than any other air wing in the Pacific theater When Tigers Ruled the Sky is a thrilling and triumphant account of their courage and their legacy
