The Freedom Quilting Bee Folk Art And The Civil Rights Movement:

The Freedom Quilting Bee Nancy Callahan, 2005-04-17 The original book on the renowned Freedom quilters of Gee's Bend In December of 1965 the year of the Selma to Montgomery march a white Episcopal priest driving through a desperately poor primarily black section of Wilcox County found himself at a great bend of the Alabama River He noticed a cabin clothesline from which were hanging three magnificent quilts unlike any he had ever seen They were of strong bold colors in original op art patterns the same art style then fashionable in New York City and other cultural centers An idea was born and within weeks took on life in the form of the Freedom Quilting Bee a handcraft cooperative of black women artisans who would become acclaimed throughout the nation

Monumental Cat Dawson, 2025-08-05 How recent shifts in social politics have dramatically changed our relationship to monuments For centuries monuments have telegraphed the values and origin myths of dominant culture in public space and on massive scale They have signaled both who is part of a culture and who is not often overlooking histories that complicate the stories they tell Yet in the last 50 years in the United States the role of monuments has changed significantly Numerous historical monuments have been removed or toppled bringing to the fore a long repressed conversation about the relationship between the monumental landscape and national identity In Monumental Cat Dawson takes up the social political and art historical causes and ramifications of this important shift Examining the conditions that have led to and define this new era Dawson reveals that these interventions are as indebted to the monumental tradition as they are to representational strategies that grew out of twentieth century social justice efforts from the Civil Rights movement to queer organizing during the AIDS crisis Since 2014 a new generation of artists has established a groundbreaking role for monuments calling into question the very notion of what a monument is through novel investigations of how symbolic structures can be made and what stories they can tell This book tells the important story of that sea change

The Story Quilts of Yvonne Wells Stacy I. Morgan, Yvonne Thomas Wells, 2024-09-05 A comprehensive and richly illustrated survey of one of the most significant and intriguing quilters of the 21st century featuring 109 color plates of Wells's narrative quilts with intimate commentaries by Wells herself

Civil Rights Movement Michael Ezra, 2009-05-13 This work documents the importance of the civil rights movement and its lasting impression on American society and culture This revealing volume looks at the struggle for individual rights from the social historian's perspective providing a fresh context for gauging the impact of the civil rights movement on everyday life across the full spectrum of American society From the landmark Brown v Board of Education case to protests against the Vietnam War to the fight for black power *Civil Rights Movement People and Perspectives* looks at events that set the stage for guaranteeing America's promise to all Americans In eight chapters some of the country's leading social historians analyze the most recent investigations into the civil rights era's historical context and pivotal moments Readers will gain a richer understanding of a movement that expanded well beyond its initial focus the treatment of African Americans in the South to include other

Americans in regions across the nation *Participatory Grantmaking in Philanthropy* David F. Suárez, Jasmine McGinnis Johnson, Cynthia M. Gibson, Chris Cardona, 2024 Amid growing fears that democracy is under threat there has been a surge in the number of civil society organizations internationally that emphasizes civic participation empowerment equality and justice The latter are inherent in participatory practice which has exploded as a result including in the philanthropic sector where there are now a growing number of organizations dedicated to this ethos For decades philanthropy was seen as endowed foundations set up by the rich but that has begun to change with crowdfunding giving circles donor advised funds and a panoply of digital giving platforms that allow everyone to be a philanthropist While tech enabled collective giving is indeed one way in which philanthropy is evolving this collection will address a related but distinct phenomenon institutional foundations that choose to allow nonprofit and community participation in decisions on grants **Lives, Letters, and Quilts** Vanessa Kraemer Sohan, 2019-12-10 How writers activists and artists without power resist dominant social cultural and political structures through the deployment of unconventional means and materials In *Lives Letters and Quilts Women and Everyday Rhetorics of Resistance* Vanessa Kraemer Sohan applies a translingual and transmodal framework informed by feminist rhetorical practice to three distinct case studies that demonstrate women using unique and effective rhetorical strategies in political religious and artistic contexts These case studies highlight a diverse set of actors uniquely situated by their race gender class or religion but who are nevertheless connected by their capacity to envision and recontextualize the seemingly ordinary means and materials available to them in order to effectively persuade others The Great Depression provides the backdrop for the first case study a movement whereby thousands of elderly citizens proselytized and fundraised for a monthly pension plan dreamt up by a California doctor in the hopes of lifting themselves out of poverty Sohan investigates how the Townsend Plan's elderly supporters the Townsendites worked within and across language genre mode and media to enable them for the first time to be recognized by others and themselves as a viable political constituency Next Sohan recounts the story of Quaker minister Eliza P Kirkbride Gurney who met President Abraham Lincoln in 1862 Their subsequent epistolary exchanges concerning conscientious objectors made such an impression on him that one of her letters was rumored to be in his pocket the night of his assassination Their exchanges and Gurney's own accounts of her transnational ministry in her memoir provide useful examples of how throughout history women rhetors have adopted and transformed typically underappreciated forms of rhetoric such as the epideictic for their particular purposes The final example focuses on the Gee's Bend quiltmakers a group of African American women living in rural Alabama who repurpose discarded work clothes and other cast off fabrics into the extraordinary quilts for which they are known By drawing on the means and materials at hand to create celebrated works of art in conditions of extreme poverty these women show how marginalized artisans can operate both within and outside the bounds of established aesthetic traditions and communicate the particulars of their experience across cultural and economic divides *Craft* Glenn Adamson, 2021-01-19 New York

Times Book Review Editors Choice A groundbreaking and endlessly surprising history of how artisans created America from the nation's origins to the present day At the center of the United States economic and social development according to conventional wisdom are industry and technology while craftspeople and handmade objects are relegated to a bygone past Renowned historian Glenn Adamson turns that narrative on its head in this innovative account revealing makers central role in shaping America's identity Examine any phase of the nation's struggle to define itself and artisans are there from the silversmith Paul Revere and the revolutionary carpenters and blacksmiths who hurled tea into Boston Harbor to today's maker movement From Mother Jones to Rosie the Riveter From Betsy Ross to Rosa Parks From suffrage banners to the AIDS Quilt Adamson shows that craft has long been implicated in debates around equality education and class Artisanry has often been a site of resistance for oppressed people such as enslaved African Americans whose skilled labor might confer hard won agency under bondage or the Native American makers who adapted traditional arts into statements of modernity Theirs are among the array of memorable portraits of Americans both celebrated and unfamiliar in this richly peopled book As Adamson argues these artisans stories speak to our collective striving toward a more perfect union From the beginning America had to be and still remains to be crafted

The New Encyclopedia of Southern Culture Carol Crown, Cheryl Rivers, Charles Reagan Wilson, 2013-06-03 Folk art is one of the American South's most significant areas of creative achievement and this comprehensive yet accessible reference details that achievement from the sixteenth century through the present This volume of The New Encyclopedia of Southern Culture explores the many forms of aesthetic expression that have characterized southern folk art including the work of self taught artists as well as the South's complex relationship to national patterns of folk art collecting Fifty two thematic essays examine subjects ranging from colonial portraiture Moravian material culture and southern folk pottery to the South's rich quilt making traditions memory painting and African American vernacular art and 211 topical essays include profiles of major folk and self taught artists in the region

The Handbook of Textile Culture Janis Jefferies, Diana Wood Conroy, Hazel Clark, 2015-11-05 In recent years the study of textiles and culture has become a dynamic field of scholarship reflecting new global material and technological possibilities This is the first handbook of specially commissioned essays to provide a guide to the major strands of critical work around textiles past and present and to draw upon the work of artists and designers as well as researchers in textiles studies The handbook offers an authoritative and wide ranging guide to the topics issues and questions that are central to the study of textiles today it examines how material practices reflect cross cultural influences it explores textiles relationships to history memory place and social and technological change and considers their influence on fashion and design sustainable production craft architecture curation and contemporary textile art practice This illustrated volume will be essential reading for students and scholars involved in research on textiles and related subjects such as dress costume and fashion feminism and gender art and design and cultural history Cover image Anne Wilson To Cross Walking New York 2014 Site specific performance and

sculpture at The Drawing Center NYC Thread cross research Photo Christie Carlson Anne Wilson Studio *From Preaching to Meddling* Francis Walter, 2021-02-02 For years Southern minister Francis X Walter was silent about the injustices of Jim Crow blinded by the status quo until the violent killing of a fellow priest during the civil rights movement *From Preaching to Meddling* is the story of how Walter turned from passive objector to outspoken agitator marked with Walter's humor and personal recollections of the most formative period of modern American history In a fascinating funny sometimes searing memoir retired Episcopal priest Francis X Walter shares his journey from the days of the Great Depression in Mobile Alabama across decades of Deep South segregation and into the interracial struggles for racial justice and freedom in Alabama The founder of the Selma Inter religious Project Walter's story includes growing up in multi ethnic segregated Mobile and learning life lessons at theology schools in Sewanee and New York Returning to Alabama Walter spent years as an Episcopal priest navigating how to serve white parishes in Alabama while challenging the racism that most congregants believed was a God given right After the tragic murder of seminarian Jonathan Daniels shortly after the Selma to Montgomery March in 1965 Walter moved from pastoring segregationists to agitating against them as he became a committed supporter of the struggles for civil rights and racial justice in George Wallace's Alabama *From Preaching to Meddling* is a personal chronicle of some of the nation's civil rights struggles in Alabama and of the memoirist's own struggles with faith and fault While recounting the people and communities he joined in fighting against the white South's racial order in rural Alabama Walter candidly shares questions dilemmas and perceptions of his own shortcomings His is an engaging portrait of momentous times and of himself as both conflicted priest and crusading white Southerner
