Leavey Jr Ian MacLachlan Jessica Maynard Laurent Milesi Ruth Robbins Michael Syrotinski Michael Temple Burhan Tufail and Julian Wolfreys *The French Connection in Criminology* Bruce A. Arrigo, Dragan Milovanovic, Robert Carl Schehr, 2012-02-01 Winner of the 2005 Outstanding Book Award presented by the Crime and Juvenile Delinquency Division of the Society for the Study of Social Problems This is the first comprehensive accessible and integrative overview of postmodernism's contribution to law criminology and social justice The book begins by reviewing the major contributions of eleven prominent figures responsible for the development of French postmodern social theory This first wave includes Roland Barthes Jean Baudrillard Hélène Cixous Gilles Deleuze Jacques Derrida Michel Foucault Félix Guattari Luce Irigaray Julia Kristeva Jacques Lacan and Jean-François Lyotard Their respective insights are then linked to second wave scholars who have appropriated their conceptualizations and applied them to pressing issues in law crime and social justice research Compelling and concrete examples are provided for how affirmative and integrative postmodern inquiry can function meaningfully in the world of criminal justice Topics explored include confinement law and prison resistance critical race theory and a jurisprudence of color media literary studies and feminism restorative justice and victim offender mediation processes and the emergence of social movements including innocence projects and intentional communities *Artmaking in the Age of Global Capitalism* Bryant Jan Bryant, 2019-09-11 Jan Bryant looks at the strategies visual artists and filmmakers are using to criticise the social and economic conditions shaping our historical moment She then assesses how the world is being positively reimagined through their work today Located at the intersection of practice and theory Bryant argues that an effective contemporary political aesthetics encompasses more than just analysis of a work's conceptual or aesthetic reality It should also consider the impact the artwork has at the point of reception the methods adopted by the artists and the relationships they engender with communities Apparitions--of Derrida's Other Kas Saghaei, 2010 How does Derrida write of and on the other Apparitions examines exemplary instances of the relation to the

other the relation of Moses to God Derrida's friendship with Jean Luc Nancy Derrida's relation to a recently departed actress caught on video to demonstrate how Derrida forces us to reconceive who or what the other may be For Derrida the singularity of the other includes not only the formal or logical sense of alterity the otherness of the human other but also the otherness of the nonliving the no longer living or the not yet alive Addressing Derrida's readings of Husserl Levinas Barthes Blanchot and Nancy this book explores the apparitions of the other by attending to the mode of appearing the phenomenality and visibility of the other The book also demonstrates that video and photography display an intimate relation to spectrality as well as a structural relation to the absolute singularity of the other

Derrida Reads Shakespeare Chiara Alfano, 2020-02-14 This book brings to light Derrida's rich and thought provoking discussions of Shakespearean drama

Ethical Encounters Daniel Meyer-Dinkgräfe, 2020-06-12 The essays on dimensions of theatre ethics at the heart of contributions to this volume demonstrate how individual academics and theatre artists have thought about the ethical implications of theatre and present the concepts and paradigms that have guided and influenced their thinking They raise relevant issues and debate these in clearly defined but not uniform ways ways that have helped them to come to terms with the issues they raise The reader may agree or disagree with individual authors or individual arguments If such agreement or disagreement supports them to form and develop their own opinions and resultant actions this book has served its purpose This volume arises from the 2007 and 2008 TaPRA conferences and all of its essays at one level or another reflect upon what is possible within the environment of theatre Possibility is one form of ethical engagement with the boundaries of philosophy and performance and reminds us of the inherently political aspect of any ethical question So whilst the most obviously ethically oriented papers appear towards the end of the volume in a separate section let us bear in mind that throughout certain limits of representation will always be in question for any understanding of theatre

Deconstruction and the Work of Art Martta Heikkilä, 2021-07-29 The contemporary idea of the work of art is paradoxically both widely used and often unexamined Therefore we must re evaluate the concept before we can understand what the deconstruction of aesthetics means for thinkers like Jacques Derrida Jean Luc Nancy and Philippe Lacoue Labarthe By examining their analyses of works of visual art and contextualizing their thinking on the matter Martta Heikkilä asserts that the implications of the work of art art and the aesthetic apply not only to philosophical questions but also to a broader area Instead of the totality represented by the historical concept of Art poststructuralist thinkers introduce the idea of the radical multiplicity of art and its works From this notion arises the fundamental issue in Derrida and the poststructuralist tradition how can we speak philosophically of art which always exists as singular instances as works In *Deconstruction and the Work of Art Visual Arts and Their Critique in Contemporary French Thought* Heikkilä shows that the deconstructionist notions of art are still influential in the discourses of contemporary art in which artworks proliferate and the concept of work is open ended and expanding This book offers an introduction to the deconstructionist theory of art and brings new perspectives to the complex

undecidable relation between philosophy and art

Conventional and Original Metaphors in French Autobiography

Madalina Akli, 2009 This book studies three autobiographies each of which is at least partially devoid of chronological structure Sartre's *The Words* Perec's *W or The Memory of Childhood* and Sarraute's *Childhood* Calendar based order traditionally associated with autobiography fails to provide the coherence the readers expect Hence readers must create a sense of coherence at another level by using their conceptual resources Conventional and Original Metaphors in French Autobiography reveals that in these literary texts coherence is maintained based on the exploitation of conventional metaphors taken from everyday language which the autobiographers transform in a creative yet familiar manner These common metaphors offer guidance to readers and establish coherence between the shared life experiences of reader and autobiographer In the course of reading the autobiographers and the readers life experiences overlap through familiar metaphors which serve as organizational devices in writing and as guiding principles in reading

Victorian Gothic J. Wolfreys, R. Robbins, 2000-09-24 To what extent did the Gothic haunt the nineteenth century Victorian Gothic seeks to answer this as it introduces the reader to a timely revision of notions of the Gothic in all its manifestations The Gothic is found to haunt all aspects of Victorian literature and culture Moreover Victorian Gothic connects its disparate areas of research in returning repeatedly to the question of the constitution of the subject in a study of the Victorians from the 1830s to the 1890s
