others maintained total ascendancy over the Japanese for the rest of the war a remarkable achievement for a single type After the Second World War the Corsair stayed in production and was used with distinction by the French in Indo China and again by the US Navy in Korea Since then Corsairs have achieved significant success in air races and more and more are being restored to fly for museums and warbird enthusiasts the world over Martin Bowman s comprehensive new book combines technical information and detailed development history with a fascinating combat history told in many cases by the Second World War pilots themselves Well researched readable and illustrated with dozens of rare and previously unpublished photographs The Men Who Flew the Vought F4U Corsair is the perfect book for any fan of the bent wing bird
