CHRONICLES OF RELIGIOUS PERSECUTION IN CHINA

The Chinese Communist Party—the spectre of communism, is the bloodiest satanic regime in history to persecute religious beliefs. It frantically suppresses and cruelly massacres Christians, causing the whole of mainland China to fall into an atmosphere of terror where blood is in the air, black clouds hang over cities and anger and blame is spread across the land!

The Fulfilled Promise A Documentary Account Of Religious Persecution In Albania:

The Fulfilled Promise Gjon Sinishta,1976 **Enver Hoxha** Blendi Fevziu,2016-02-01 Stalinism that particularly brutal phase of the Communist experience came to an end in most of Europe with the death of Stalin in 1953 However in one country Albania Stalinism survived virtually unscathed until 1990 The regime that the Albanian dictator Enver Hoxha led from 1944 until his death in 1985 was incomparably severe Such was the reign of terror that no audible voice of opposition or dissent ever arose in the Balkan state and Albania became isolated from the rest of the world and utterly inward looking Three decades after his death the spectre of Hoxha still lingers over the country yet many people inside and outside Albania know little about the man who ruled the country with an iron fist for so many decades This book provides the first biography of Hoxha available in English Using unseen documents and first hand interviews journalist Blendi Fevziu pieces together the life of a tyrannical ruler in a biography which will be essential reading for anyone interested in Balkan history and communist studies

A Dictionary of Albanian Religion, Mythology, and Folk Culture Robert Elsie,2001 In some senses Albania is a living museum of the past Originally a small herding community in the most inaccessible reaches of the Balkans the presence of Albanians in southeastern Europe has been documented for over a thousand years Albanian traditional folk culture which evolved over centuries of relative isolation is surprisingly rich Yet despite recent events this culture remains little known to the Western world Due to the lasting effects of a half century of Stalinist dictatorship very few individuals even in Albania know much about their own popular traditions The Dictionary of Albanian Religion Mythology and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs Alphabetical entries shed light on blood feuding figures of Albanian mythology religious beliefs communities and sects calendar feasts and rituals and popular superstitions as well as birth marriage and funeral customs and sexual mores This unique volume will stand as the standard reference work on the subject for years to come

Howard,2025-03-25 A sweeping history of the violence perpetrated by governments committed to extreme forms of secularism in the twentieth century A popular truism derived from the Enlightenment holds that violence is somehow inherent to religion to which political secularism offers a liberating solution But this assumption ignores a glaring modern reality that putatively progressive regimes committed to secularism have possessed just as much and often a vastly greater

capacity for violence as those tied to a religious identity In *Broken Altars* Thomas Albert Howard presents a powerful account of the sheer numbers misery deaths and destruction visited on religious communities by secularist regimes in the twentieth century Presenting three principal forms of modern secularism that have arisen since the Enlightenment passive secularism combative secularism and eliminationist secularism Howard argues that the latter two have been especially violence prone Westerners do not fully grasp this however because they often mistake the first form passive secularism for secularism as a whole But a disconcertingly more complicated picture emerges with the adoption of a broader global vision Admitting different species of secularism greater historical perspective and case studies drawn from the former Soviet Union Turkey Mexico Spain Czechoslovakia Albania Mongolia and China among other countries Howard calls into question the conventional tale of modernity as the pacifying triumph of secularism over a benighted religious past
