The Future Of Brands Twenty Five Visions:

The Future of Brands Rita Clifton, Esther Maughan, 2000-03 It concludes with some key observations for successful brand owners of the future and will be essential reading for anyone interested in the future of brands and branding BOOK JACKET

Thinking Beyond Technology J. DiVanna, 2002-11-15 The book examines the value proposition of technology and its relationship with business innovation social preferences and its role as a mechanism of labour savings or revenue generation In the same style as his first book Redefining Financial Services the author combines empirical knowledge with a historical approach revealing the explicit nature of technological advancement while analysing the implicit impact on the process of business The book presents the reader with a question does society shape technology or is technology shaping society

Identify Yourself Lora Starling, 2017-07-11 From the clothes we wear to the cars we drive we design our lives every minute of every day Doing this consciously lets us create the life we desire Successful brands know what they want and they know how to get it They design the future they want and create the process to reach it At the heart of this process lies the logo Without it we would not recognise the brand and we could not display our allegiance to it The logo identifies and calls us to the brand dream Our ancient ancestors used the same elements of colours and symbols to draw their visions on cave walls and early languages were considered sacred This time proven tool has been honed by modern designers and is available to us all A logo effectively holds the imprint of a business and conveniently straddles the world of our imagination and of our solid world of manifestation Like visual ambassadors logos deliver our dreams to the world so they might become reality This book shows you how

Brand Risk David Abrahams, 2016-04-08 Brand risk is often narrowly defined as risk to reputation Yet risk and uncertainty are evident in many aspects of brand performance and marketing operations Considered and responsible risk taking is central to effective brand management Risk literacy is the marketer's third necessary competence alongside strategic insight and financial understanding In Brand Risk a practical and accessible book for those who hold responsibilities in marketing or risk management David Abrahams brings together relevant risk thinking and a range of techniques for the evaluation of brand exposures and opportunities whether in response to the ambitions of a key business project new market conditions or shareholder concern A balanced review of the subject is enriched by reference to topics of current interest and is supported by illustrative examples throughout Presenting the essentials of brand management and risk management side by side Brand Risk offers graduated and complementary approaches to brand risk assessment from the intuitive to the data driven
