Habitations of the Word William H. Gass, 1985 **The World Within the Word** William H. Gass, 1978 William H Gass one of America's most brilliant and eclectic minds examines literature culture writers and the nature and uses of language and the written word *Reading Essays* G. Douglas Atkins, 2010-01-25 Approaches abound to help us beneficially enjoyably read fiction poetry and drama Here for the first time is a book that aims to do the same for the essay G Douglas Atkins performs sustained readings of more than twenty five major essays explaining how we can appreciate and understand what this currently resurgent literary form reveals about the art of living Atkins's readings cover a wide spectrum of writers in the English language and his readings are themselves essays gracefully written engaged and engaging Atkins starts with the earliest British practitioners of the form including Francis Bacon John Dryden Alexander Pope and Samuel Johnson Transcendentalist writers Henry David Thoreau and Ralph Waldo Emerson are included as are works by Americans James Baldwin Zora Neale Hurston and E B White Atkins also provides readings of a number of contemporary essayists among them Annie Dillard Scott Russell Sanders and Cynthia Ozick Many of the readings are of essays that Atkins has used successfully in the classroom with undergraduate and graduate students for many years In his introduction Atkins offers practical advice on the specific demands essays make and the unique opportunities they offer especially for college courses The book ends with a note on the writing of essays furthering the author's contention that reading should not be separated from writing *Reading Essays* continues in the tradition of such definitive texts as *Understanding Poetry* and *Understanding Fiction* Throughout Atkins reveals the joy delight grace freedom and wisdom of the glorious essay *The Essay At the Limits* Mario Aquilina, 2021-04-08 In the hands of such writers as Rebecca Solnit Claudia Rankine David Shields Zadie Smith and many others the essay has re-emerged as a powerful literary form for tackling a fractious 21st century culture *The Essay at the Limits* brings together leading scholars to explore the theory the poetics and the future of the form The book links the formal innovations and new voices that have emerged in the 21st century essay to the history and theory of the essay In so doing it surveys the essay from its origins to its relation to contemporary cultural forms from the novel to poetry film to music and from political articles to intimate lyrical expressions The book examines work by writers such as Theodor W Adorno Kwame Anthony Appiah Francis Bacon James Baldwin Roland Barthes Maurice Blanchot Ta Nehisi Coates Annie Dillard Brian Dillon Jean Genet William Hazlitt Samuel Johnson Karl Ove Knausgaard Ben Lerner Audre Lorde Oscar Wilde Michel de Montaigne Zadie Smith Rebecca Solnit Wallace Stevens Eliot Weinberger and Virginia Woolf *In Respect to Egotism* Joel Porte, 1991-07-26 This 1991 book examines nineteenth century literature focusing on the general question of the American Romantic ego **The Seven Deadly Virtues and Other Lively Essays** Lynn Z. Bloom, 2008 This volume contains eye opening essays from a pioneering voice in creative nonfiction and composition studies Inspirational educator and writer Bloom brings to fore the trials and triumphs she has experienced in coming of age as a scholar teacher wife mother

grandmother and most especially a writer A pioneer in composition studies and a chronic nonconformist Bloom is a lifelong advocate of opportunity authenticity and expression Taking a stance in favor of bold creativity in living teaching and the act of writing that ties both together she warns against the snares and sneers of the seven deadly virtues duty rationality conformity efficiency order economy and punctuality that so often subvert the mission of education and the potential of expressive communication Ranging from the comic to the confessional Bloom's memoir interweaves the pleasures and problems of a forbidden marriage and complex family the joys of cooking and travel the struggles to become a professor in an era that rejected women faculty and the risks of heeding the siren call of creative nonfiction These fifteen essays probe the assumptions and values ethical intellectual social aesthetic and inevitably political of what Bloom has found to be the most complicated challenging satisfying aspects of her loves and labors

Understanding the Essay Patricia Foster, Jeff Porter, 2012-07-25 This is a book on how to read the essay one that demonstrates how reading is inextricably tied to the art of writing It aims to treat the essay with the close attention that has been given to other literary genres and in doing so it suggests the beauty and depth of the form as a whole At once personal appreciations and acute critical assessments the pieces collected here broaden our perspective on the essay as a major literary art tracing its history from William Hazlitt to Joan Didion

Of Women and the Essay brings together forty six American and British women essayists whose work spans nearly four centuries The contributions of these essayists prove that women have been significant participants in the essay tradition since the genre's modern beginnings in the sixteenth century Many of these essayists such as Eliza Haywood Fanny Fern Gertrude Bustill Mossell Agnes Repplier and Alice Meynell achieved significant success as writers within whatever essay form ruled the day others bent the rules though often imperceptibly to make room for themselves Collectively they represent a missing piece in the larger history of the essay In *Of Women and the Essay* Jenny Spinner contextualizes the broad range of literary essays included within the chronological development of the genre She makes a compelling argument that women have constructed their own tradition in the essay genre often utilizing periodic traits of the essay to their own advantage At the same time she suggests that the personal essay's demands on the essayist required both a public and personal authorization that proved challenging for women essayists in general and for women of color in

particular The appendix catalogs the works of nearly 200 female essayists and should inspire further reading As a whole the volume lifts women writers from the cutting room floor of essay scholarship and returns them to their rightful place in the essay canon *Academic Writing, Philosophy and Genre* Michael A.
