Healing For The Soul Jerron C. Hill M.D., 2023-08-23 Healing for the Soul a moving and inspiring collection of contemporary poems composed by Dr Jerron C Hill gracefully and thoughtfully addresses modern day challenges common to believers and non believers alike Following a supernatural encounter with the Lord Jesus Christ in 1984 at the age of 23 Dr Hill subsequently became a devoted follower In 2009 he experienced a vision of himself writing poetry shortly before awakening from sleep and proceeded to write eleven poems that very same weekend as well as numerous other compositions for two years thereafter The author was not however released by God at that time to publish these poems In August of 2020 the Holy Spirit inspired Dr Hill to once again begin writing poetry and he found himself composing these works with a passion and fiery dedication that strongly mimicked the way an evangelist would fervently deliver a Sunday morning sermon The poems demand attention compelling the reader to engage in personal introspection and reflection and enjoining each person to place hope in the prospect of not only a meaningful life lived today but for the promise of lasting goodness and eternity as well Each composition culminates in a heartfelt plea to trust in Jesus and repent from sin The author makes it clear both through his own journey and the wisdom of Scripture that Jesus changes lives heals the brokenhearted and resuscitates broken relationships Many people today feel lost confused and even hopeless By immersing

oneself in the beauty and power of Dr Hill's enlivening words one will come to the unequivocal awareness that Christ is the answer and way to approach and surmount life's difficulties Eternity is forever and God is inviting everyone to be born again by accepting his son's sacrifice on the cross Healing for the Soul will inevitably leave the reader pondering the most pressing question of all time Where will you spend eternity With the help of this uplifting compilation the answer to that question will reveal itself to all who choose to hear their message

Nonviolence Senthil Ram, Ralph Summy, 2008 The so called war on terror has gone badly for the West playing directly into the strategy of al Qaeda and the rest of the terrorist network Why did this happen Were there other approaches that might have been implemented with better prospects of success This edited collection of perspectives on the non violent counter to terrorism opens the topic to serious consideration The development of a non violent paradigm brings into sharp focus the deficiencies of present thinking and paves the way for comprehending how non violence might overcome those deficiencies and introduce viable alternatives Since there is a general ignorance about the history theory and operational dynamics of non violence these aspects are featured throughout the book and related to the special case of terrorism To understand empathetically the background and mind set of the opponent without condoning his actions to study his culture to avoid the strategic trap he has set to examine the different gender reactions of a Muslim Society to differentiate between non violent Islam and Islamic Terrorism to jettison the misinformed baggage we carry about violence to appreciate the positive role education and aesthetics can play and to investigate ways in which a non violent counter to terrorism might be staged including a Gandhian response These are just some of the tasks that the contributors have collectively pursued Their ideas excitingly open up a whole new set of possibilities for a more peaceful world

Ghaly MD,2022-03-31 In the final days of Christmas 2019 I had an epiphany I will never forget that night when I cried out as I saw a vision of that little Since then I have felt so dismal and would rather bury my head in the sand No matter where I go and how fast I run I can t forget that dream or catch that invisible little anymore I found myself running away and I couldn t help it I would ask myself To whom should I report to What is the remedy other than running away These questions have brought me to author the fourth book on COVID 19 This series has covered the world s journey experiences and views since it all began It was just a little and wasn t much Before I knew it it had infected the world entirely It was supposed to pass by swiftly with little to be done Then it proceeded to be remedied by a face mask for two weeks followed by just one dose of a vaccine All the while the nightmare never ended The little invader of human cells crept in unnoticed in the darkness and left imprinted memories for generations to come It has changed our day to day lives for more than two years shaped our daily living and will affect our future for decades to come The little wasn t the least as the world thought and was indeed ignored as many downplayed its sharp spikes until it killed millions and infected hundreds of millions The world is living in tears and terrors broken hearted and in fear What is next I would ask myself as it appears it is only getting worse as the news of wars and economic collapse are already at our door To make things grave many forever lost But now lessons must be learned and the wisdom of the past shall carry the world to the future Over 16 sections and 188 chapters the book represents the last of the author s series of COVID 19 as it covers the last year of the pandemic and the most recent events It represents the author s views and highlights a wide variety of topics ranging from living stories medical and political to philosophical views and experiences The book reflects the author s Christian and medical devotions as it covers many true patients stories patients testimonials medical events and resident education
